CZAR'S GOVERNMENT ORDERS THAT MUTINOUS BATTLESHIP AND ALL ON BOARD BE SUNK

Deplorable Condition in Odessa Demands That Decisive Action Be Taken Against the Rebel Sailors.

TORPEDOBOATS THE WEAPONS

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ODESSA, July 3.—The fact that the Kniaz Potemkine remains on the high seas in charge of the mutineers is causing so much apprehension and uneasiness to the population of Odessa that the government has resolved to take the matter in hand and to show no further hesitation, even though the measures adopted involve the loss of the battleship and one torpedo boat destroyer.

The torpedo boats received orders this evening to attack and sink the Kniaz Potemkine on sight. The torpedo boat destroyer now here was reinforced this afternoon by two torpedo boats and others are expected. Sixty-seven mutineers from the Georgi Pobiedonosetz were brought ashore and imprisoned in the citadel. The British consul general this evening released the vessels which had been held in readiness to move British subjects. The consul general considers all danger has passed.

Peasant disturbances in the neighborhood of Odessa have given rise to much apprehension. The peasants are forcibly occupying lands and seizing live stock. Troops have been sent to suppress the disorders.

Troops Guard Public Buildings.

The authorities here are preparing to clean up the town and are giving work to 20,000 persons who have been out of employment as the result of the disturbances. Outwardly the center of the city is beginning to resume its normal aspect, although comparatively very few persons are seen in the streets. Shipping and trade are entirely at a standstill, and thousands of dock laborers are waiting around idle. The city continues under strict martial law. Soldiers everywhere cut off all the sea front portion of the city, and use scant ceremony stopping persons not provided with proper permits to enter this district. The lamps are not lighted after 9 o'clock at night, and persons out in the streets later run considerable risk from irresponsible soldiers. The consulates, banks, public buildings, and the principal offices are guarded by troops, day and night.

In the harbor lie the hulks of a dozen large and small ships burnt out entirely, and there is scarcely a house or building in the neighborhood that does not bear the marks of fire. It is impossible to obtain accurate estimates of the amount of damage done, but it is variously estimated at from $5,000,000 to $10,000,000.

Mutineers Have Best Ship.

The Kniaz Potemkine is a very powerful vessel, and if fought by cruisers or battleships she would be more than a match for any two or three of the Black sea ships. The situation is complicated by the fact that the spirit of insubordination is by no means lacking on board other ships of the Black sea fleet. It is reported, and the report is credited, that the crews of other warships declined to fire on the Kniaz Potemkine when she steamed out of Odessa last Saturday.

There is much other evidence that there is a spirit of insubordination, to say the least, on board other Black sea ships, stories concerning which took concrete form in a report from Sebastopol today to the effect that the crew of the Ekaterina II. were paid off and sent ashore to barracks there because they could no longer be trusted.

The situation of the men on board the Kniaz Potemkine is indeed desperate. They are practically pirates, and their predicament offers only limited avenues for escape. If they do not surrender, it is believed they will go to some Black sea port, not in Russia, leave the ship, and take their chances of getting away overland. In doing so they would be confronted by the attitude of the power on whose shores they disembarked, but, their situation being desperate, a desperate course may well be expected of them.

It is supposed that several Jewish agitators went on board the Kniaz Potemkine while she was here and that they are the moving spirits of the mutiny; that the mutineers found about $10,000 in the ship's strong box and that they are fighting among themselves, many being killed or wounded. It is impossible to verify these statements. They emanate from persons who visited the Kniaz Potemkine while she was still here.

Recent developments concerning the mutiny on the Georgi Pobiedonosetz seem to show that the men on board the battleship were coerced by those of the Kniaz Potemkine. In any event, they ceased their mutinous conduct at the first opportunity, which probably, in large measure, accounts for the fact that the majority of the crew was pardoned on again swearing allegiance to the emperor. Sixty-seven of them have been imprisoned as ringleaders. They are mostly old men, evidently drafted from the reserves, and thus taken from their homes, stores and farms against their wills. The Georgi Pobiedonosetz will probably go to Sebastopol tonight or tomorrow.

Those best knowing the conditions here are of opinion that the gravest danger now lies in a possible anti-Jewish rising. The Jews here number about 175,000 to 200,000, and for a variety of reasons they are deeply hated in Odessa. The fact that they are credited with bomb-throwing during the recent disturbance, coupled with the fact that the police found large collections of bombs in the houses of two prominent and wealthy Jews, has served to inflame minds against them, and it would not take much to start anti-Jewish demonstrations, the end of which would be most terrible.

Peasants Stealing and Burning.

The conditions in the country surrounding Odessa are very disquieting. The peasants are committing disorders, stealing and burning. Several telegrams were received here Saturday from different points in the government of Kherson (in which Odessa is situated), telling of disorders and the dangers to landed proprietors and asking military protection; but it will be extremely difficult for the authorities to spare any of the 12,000 troops quartered here for service outside Odessa.

The military commandant today appointed Gen. Karakozoff commander of the Iubna dragoons to the port of governor general of Odessa. Karakozoff later summoned the editors of the Odessa newspapers and blamed them for their conduct during the troubles. He said that if they published anything contrary to the aims of the government their papers would be suppressed. The governor general ordered the editors not to make the slightest reference to the present outbreak nor to the strike.

Fired on by Cruiser.

BUCHAREST, ROUMANIA, July 3.—The Russian torpedo boat No. 267, accompanying the Kniaz Potemkine, attempted to enter the port of Kustenji today. The Roumanian cruiser Elizabetha fired on the torpedo boat but failed to hit her. The torpedo boat then retired.

This incident followed the refusal of the crew of the Kniaz Potemkine to accept the government's offer, made through the captain of the port, who positively announced that the mutineers would not be allowed to receive provisions unless they came ashore unarmed and delivered up the battleship and torpedo boat to the captain of the port.

If these conditions were fulfilled the mutineers would be given liberty to go where they pleased. The rebellious sailors conferred together, then refused the government's demand and renewed their demand for provisions. This was again positively refused by the captain of the port, whereupon the Russian torpedo boat attempted to enter the port, but on being

NICHOLAS SENDS ADVISERS WITH PLENIPOTENTIARIES

Eminent Russian Specialists Will Help Bring Negotiations to a Speedy Issue—Czar Would Welcome an Armistice, It Is Announced.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

ST. PETERSBURG, July 3.—That Emperor Nicholas is sending Russia's plenipotentiaries to Washington in perfect good faith is demonstrated not only by the fact of his clothing them with full powers to negotiate and conclude a treaty, but in his appointing several high officials, five, it is believed, who are specialists in various branches of the subjects connected with the negotiations, as advisors of the Russian plenipotentiaries. In this way the delays incident to referring peace propositions back to St. Petersburg for the consideration of the various ministries will be avoided. Japan also is likely to pursue a similar plan.

The retirement of War Minister Sakharoff marks the final overthrow of the war party.

At the foreign office it was stated that if a treaty is signed by the plenipotentiaries at Washington it will be referred to their respective governments at Tokyo and St. Petersburg for ratification, and will become operative, so far as Russia is concerned, when signed by Emperor Nicholas and countersigned by Foreign Minister Lamsdorff. It is betraying no secret to say that Russia, after giving these proofs of her willingness to end the war, if it is possible to find a reasonable basis, would welcome an armistice which would prevent further bloodshed.

The list of officials appointed to assist the Russian plenipotentiaries at the Washington conference, forwarded to the state department by Ambassador Meyer, includes M. Schipoff, director of the treasury department; M. Pokotiloff, the Russian minister at Pekin; Professor De Martens, of the chair of international law of the University of St. Petersburg, and Maj. Gen. Yermoleff, the military attache in London, who will be remembered as the military attache of Russia with the American army during the Spanish-American war.

TOKYO, July 3.—On account of repairs to the steamer Minnesota, at Nagasaki, it is doubtful if Baron Komura and his staff will depart for Washington before July 10, to participate in the peace negotiations between Japan and Russia. Premier Katsura will act as foreign minister during the absence of Baron Komura.

LET THE EAGLE SCREAM.

MANY HUNDRED CORPSES FOUND

Total Casualty List in Mexican Flood Will Be More Than One Thousand.

ENORMOUS LOSS OF PROPERTY

[SPECIAL TELEGRAM TO THE GAZETTE.]

CITY OF MEXICO, MEXICO, July 3.—Hundreds of bodies of victims in the flood at Guanajuato have been recovered. The total casualty list is now declared to be more than 1,000.

Though absolutely authentic details are not yet obtainable, the latest reports state that the catastrophe was not caused by the giving way of either of the two large dams which create reservoirs above the city, but that a cloudburst at the head of the gorge in which the city is situated swelled the river to a surging torrent, which swept with great force, and scarcely without warning, through the streets.

Every house in higher portions of the town was turned either into a morgue or a hospital, where the dead and wounded are being gathered. Processions of rescuers are carrying the bodies up hillsides through all the principal thoroughfares. The property loss runs into the millions.

Among the destroyed or damaged buildings were the United States consulate, the offices of the Dwight Furness Company, the Banco Guanajuato, the Casino, the theater, the four principal hotels, the residence of the governor and scores of business houses and residences of lesser importance.

A portion of the San Diego temple collapsed, burying many persons who sought shelter within. Offices and stables of the street car company were completely wiped out, not a single car or mule being left. The old electric power house was destroyed, but the new structure owned by American capitalists was not greatly damaged, but all wires are down.

Guanajuato is located in a deep gorge, being built on both sides of the river. Many streets and houses were even constructed directly over the stream, consequently the water had no means of escape or spreading out, but swept in a solid mass through the principal business section of the city. It has been flooded many times before, but nothin like the present disaster.

Gov. Joaquin Obregan Gonzales is directing the police and soldiers in the work of searching the debris and removing the bodies. In the wreck on the Mexican Central, caused by the flood, seven lives were lost and 33 injured. All of the victims were third-class passengers. None of the train crew was lost, nor did any American suffer. The track was washed out in four places near Irapuato, where the wreck took place. Several miles of track is gone south of Marfil.

TO PROTECT PITTSBURGH FEDERAL OFFICE VAULTS

WASHINGTON, July 3.—(Special.)—The American District Telegraph Company has secured the contract of protecting the vaults of Pittsburgh's federal building. The consideration is $1,800 per year.

Carnegie Is Largest Taxpayer.

NEW YORK, July 3.—(Special.)—Andrew Carnegie still leads the list of wealthy residents of this city in personal tax rolls, being assessed at $5,000,000 on his personal estate. In addition to this Mr. Carnegie's residence at Fifth avenue and Ninetieth street is assessed at $2,270,000. He will be required to pay a bill of $107,000 when the taxes fall due next October.

New Commission Organizes.

HARRISBURG, July 3.—John Berkinbine of Philadelphia was elected president and John F. Whitworth of Kittanning, secretary, at the initial meeting today of the state water supply commission created by the last legislature.

FLOATING POOL ROOM PUT OUT OF BUSINESS AWHILE

Police Raid Its Wireless Station on Shore and Seize Manager and Apparatus, but Boat Makes Connection With Secret Station.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CHICAGO, July 3.—Chicago's wireless telegraph floating poolroom, the steamship City of Traverse, was put out of business for a short time today, when Chicago detectives entered the offices of the Wireless Telegraph company, which has been furnishing the boat with returns from the race track, and arrested the manager and two assistants.

The Wireless Telegraph Company has been receiving racing results over the telephone from an information bureau outside the city limits and then transmitting the results by wireless to the City of Traverse. This telegraph service, according to the police, is in direct violation of the city ordinances governing gambling.

Between 2 and 3 o'clock this afternoon, while wireless messages were being transmitted to the floating poolroom, 20 miles out in Lake Michigan, five detectives arrested the manager and two assistants and seized all the apparatus used in the transmission of the racing information. The prisoners will be given a hearing tomorrow.

The City of Traverse, after a delay of an hour, continued to do business as a poolroom during the remainder of the afternoon, a connection being made with another station, the situation of which is unknown to the police.

WILLIAM PATTERSON IS CRITICALLY ILL

Aged New Castle Banker and Manufacturer Suffers from Appendicitis.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., July 3.—William Patterson, president of the National Bank of Lawrence county, is critically ill at his home with appendicitis. His illness developed suddenly, as he was at the bank last Saturday in his usual health. He is opposed to undergoing a surgical operation.

Mr. Patterson is one of the most widely known bankers and manufacturers of Western Pennsylvania, and one of the foremost citizens of New Castle. He was born October 29, 1824, in that part of Beaver county which is now in Lawrence county, and has lived here since he was a boy, with the exception of five years he spent in business in Pittsburgh. He was in the drug business here until 1852, when he became interested in coal mines in this and other counties nearby.

In 1855 he founded his bank which is now third in strength in Pennsylvania, and seventh in standing among all the national banks of the United States. He has also been very largely interested in manufacturing enterprises.

William Patterson.

Four Killed by Explosion.

DANVILLE, VA., July 3.—Four men were killed and seven injured by an explosion of a threshing machine engine near Axton, Henry county, today. It is reported several of the injured will probably die.

When in New York stop at Gregorian Hotel, 35th st., near 5th ave. Refined patronage solicited. Send for booklet.

JOHN H. MITCHELL IS FOUND GUILTY

Oregon Senator Convicted by Jury in Connection With Land Fraud Cases.

[SPECIAL TELEGRAM TO THE GAZETTE.]

PORTLAND, ORE., July 4.—United States Senator John H. Mitchell stands convicted of fraud against the government.

At 1 o'clock this morning the jury returned a verdict of guilty. Senator Mitchell had been on trial two weeks, charged with accepting money for practicing before the departments of the federal government.

The case was given to the jury yesterday afternoon. The jury deliberated several hours and a disagreement was anticipated. Court was reconvened early this morning to receive the verdict.

TRY TO OUST HALLAM.

Proceedings Are Brought Against Leader of Anti-Organization Forces in Washington.

WASHINGTON, July 3.—(Special.)—Quo warranto proceedings were instituted in the local courts today to oust George T. Hallam from the Washington borough council. The proceedings were filed against Hallam by District Attorney Owen C. Underwood at the instigation of the Republican organization of Washington county. Hallam is charged with being connected with the Hallam Construction Company which does a large share of the contract work of Washington borough.

Hallam is the leader of the anti-organization forces. The proceedings against him follow those against President W. W. Hoyt, of council, who was ousted last week. The Hallam faction, prior to the ousting of Hoyt, controlled the borough legislative body.

GIVES PARTY IN HONOR OF HIS PET FOX TERRIER.

Richard Skalwell of Wilkinsburg entertained about 15 of his friends at a dog party given in honor of his fox terrier last night. The canines had almost as much fun as their masters and a banquet consisting of seven courses of dog cakes was served.

Tom Johnson Grooming for 1908.

CHICAGO, July 3.—(Special.)—According to a report current in political circles today, Tom L. Johnson is an aspirant for the Democratic nomination for president in 1908, and is going to seek this nomination on a platform declaring for governmental ownership of transportation lines.

CAVALRYMEN GUARD BODY

Remains of John Hay Lying in Solitary State at Cleveland.

PUBLIC IS DEBARRED

President Will Attend Funeral With His Cabinet, Who Will Be Honorary Pall-Bearers.

LAST RITES WILL BE SIMPLE

[BY ASSOCIATED PRESS TO THE GAZETTE.]

CLEVELAND, O., July 3.—Guarded by four cavalrymen the casket containing the body of John Hay lay in solitary state today in the auditorium of the chamber of commerce. It will remain there until 9:30 o'clock Wednesday morning, when it will be taken to Wade Chapel in Lakeview cemetery where services will be held.

Everything connected with the funeral of the secretary has thus far been of the simplest character, and it is the intention of the family to avoid the slightest ostentation or public display. The public has not been admitted to view the body and will not be allowed to see it at any time. Save for the fact that the hearse was escorted this morning by a troop of cavalry on its way from the depot to the chamber of commerce, there was nothing to tell the casual observer that one of the great men of the nation had died.

There was even an absence of flowers around the casket today, compared with the floral displays often seen at funerals. One large wreath of roses and sweet peas and two grouped palms caught and held together by a broad band of purple ribbon rested on the casket, and on the floor at both ends of the bier by two other wreaths of roses. Behind the casket was an embankment of palms.

Militia Escort Body.

The body arrived at the depot of the Lake Shore & Michigan Southern railroad a few minutes after 10 o'clock this morning, and escorted by Troop A, of the Ohio National Guard, was taken to the chamber of commerce.

Word has been received by the local committee that President Roosevelt and the members of his cabinet, who are to act as honorary pallbearers, will arrive over the Pennsylvania road a 8 o'clock Wednesday morning. He will be driven directly from the depot to the chamber of commerce, and the funeral cortege will start for the cemetery within a few minutes after his arrival. Immediately after the conclusion of the services, the president will return to Washington.

Services Will Be Simple.

The order of exercises in the chapel will be very brief, nobody but the president, pall bearers and members of the family being admitted. The chapel is so small that even this number will tax its capacity.

The Rev. Dr. Haydn, who will conduct the services, will make a brief prayer, and two hymns will be sung by a male quartet. After the casket has been lowered into the grave the exercises will be closed by the offering of a second prayer.

For the near future the grave of Secretary Hay will be marked by a small and simple stone bearing simply the name, and the years of birth and death. The interment is to be in the lot owned by the Stone family of which Mrs. Hay is a member. Later, if the present plans of the family are not altered, the granite monument marking the lot, which bears the name of Amasa Stone, Mrs. Hay's father, will be removed, and a joint monument for the members of the Hay and Stone families erected in its stead.

WASHINGTON, July 3.—Announcements were today sent out from the state department to the embassies and legations in Washington as well as to heads of the executive departments, that memorial services in honor of Mr. Hay would be held at the Church of the Covenant, in this city Wednesday morning at 11 o'clock.

Cabinet as Pall-Bearers.

At the request of the president, all the cabinet officers will go to Cleveland and act as honorary pallbearers at the funeral. Secretaries Shaw, Wilson, Hitchcock, Metcalf and Postmaster-General Cortelyou will leave Washington tomorrow morning at 4 o'clock, and will be joined at Baltimore by Mr. Bonaparte, secretary of the navy. Attorney General Moody will join the president at Jersey City. The party will be transferred to the president's special train at West Philadelphia and proceed direct to Cleveland.

An order has been issued by the president directing that the executive departments of the government be closed Wednesday, out of respect for Mr. Hay.

LENOX, MASS., July 3.—By express command of King Edward, the British ambassador, Sir Henry M. Durand, will attend the funeral of the late Secretary of State John Hay in Cleveland on Wednesday, provided the services are public.

ROJESTVENSKY IGNORANT OF FLEET'S DESTRUCTION

LONDON, July 4.—The Tokyo correspondent of the Daily Mail says that owing to his mental distress Vice Admiral Rojestvensky has not yet been informed of the annihilation of his fleet. He is still under the impression that a substantial part of the fleet reached Vladivostok.

Lightning Melts Bell Chimes.

DANTSIC, GERMANY, July 3.—The imposing tower of St. Catherine's church, built from 1326 to 1330, was entirely destroyed by lightning today. Some of the 35 musical bells, composing the chimes, which were cast in 1634, were melted.

Was the Mother of 23 Children.

COSHOCTON, O., July 3.—Mrs. Mary Furnell dropped dead today at the house of a neighbor while she was making a call. She was 60 years old and mother of 23 children.

TRIBUTES POUR IN TO HAY'S MEMORY

International Bureau of American Republics Will Send a Wreath for His Bier.

MESSAGE FROM THE MIKADO

[By Associated Press to The Gazette.]

WASHINGTON, July 3.—At a meeting of the governing board of the International bureau of American republics, held at the state department today, at which Minister Calvo of Costa Rica presided, action was taken in respect to the late secretary, as is told in the following telegram sent to the president by Acting Secretary Peirce:

The President, Oyster Bay, Long Island.

The governing board of the International Bureau of American Republics has passed the following resolutions and requested me to communicate them to you:

First—To express to his excellency, the president of the United States, in suitable form, our most profound condolence at the lamented loss of the illustrious citizen, the Honorable John Hay, for whose departure the chief magistrate, his government and the American people mourn.

Second—That a similar expression be sent to Mrs. Hay.

Third—That a wreath with an inscription "The International Union of the American Republics" be placed at the funeral.

The governing board consists of all the Latin American representatives in Washington, with the secretary of state as chairman ex-officio.

The emperor of Japan has sent the following cablegram of condolence to the president:

I learned with deep sorrow of the death of Mr. Hay, secretary of state. His eminent services in the interest of peace and good relations between nations renders his death a great loss not only to his own country but to the world at large. I tender to you and Mrs. Hay my sincere condolence.

The emperor instructed the minister for foreign affairs to transmit a personal message from the emperor to Mrs. Hay and Minister Takahira has received instructions to send a wreath, in the name of the Japanese government, to Cleveland on the occasion of Mr. Hay's funeral. The wreath will be presented by Mr. Hioki, the first secretary.

Many additional messages of condolence have been received at the state department. Among those announced today was one from Count Cassini, the Russian ambassador, conveying the condolence of his government and expressing his own deep regret. His message in part says:

Pray believe I take a sincere part in the mourning caused by the grievous loss of the eminent statesman whose name will ever hold in the diplomatic annals of the United States, the splendor guaranteed to him by his rare qualities and the services rendered his country. I am just now in receipt of a cablegram from Count Lamsdorf instructing me to transmit the expression of the sincere condolences of the imperial government on the occasion of the demise of the secretary of state.

Other messages of condolence were received from the ministers of Portugal, Costa Rica, Santo Domingo, and from Minister Rockhill at Pekin; from the presidents respectively of Santo Domingo, Cuba, Peru and Panama, and from Ambassador Reid at London.

MEMORIAL SERVICE TO BE HELD IN ST. PAUL

Englishmen Will Thus Pay Profound Tribute to the Memory of the Late Secretary Hay.

[Associated Press Cable to The Gazette.]

LONDON, July 3.—A memorial service for the late Secretary Hay will be held in St. Paul's cathedral Wednesday afternoon. The venerable William McDonald Sinclair, archdeacon of London and canon of St. Paul's, is arranging the service, which will be similar to that held in September, 1901, in memory of President McKinley. The service will be fully choral. Representatives of King Edward and other members of the royal family will attend, while besides Ambassador and Mrs. Whitelaw Reid, the full staff of the American embassy, members of the British foreign office and the representatives of most of the other countries who are in London will doubtless be present.

Mr. and Mrs. Harry Payne Whitney, the latter a daughter of the late secretary, arrived in London this evening and were met at the railroad station by Ambassador Reid and members of the American embassy. Mr. and Mrs. Whitney will probably return to the United States immediately. They received the news of the secretary's death from Ambassador Reid by wireless telegraphy on Sunday night.

It was only at the urgent request of the American colony that there should be some observance of the national holiday that Mr. Reid agreed to postpone the reception at the embassy to July 8, instead of cancelling it as at first had been decided. For the same reason he consented to attend a dinner of the American society on the evening of July 8. The dinner, however, will take an entirely different character from that intended, and the late secretary of state and his life work will be the subjects of the speeches.

JOHN HAY WAS AUTHOR OF THE "BREAD WINNERS"

Mystery Is Cleared Up of a Novel Which Was the Sensation of the Day Twenty-Five Years Ago.

[By Private Wire to The Gazette.]

NEW YORK, July 3.—Semi-official announcement was made today that John Hay was the author of "The Bread Winners," the mysterious and much-discussed novel which, 25 years ago, was the reigning literary sensation. Its authorship has been a puzzle to the world of letters ever since its publication.

Remarks of Henry M. Alden, the veteran editor of Harper's magazine and one of the foremost authorities on American literature, leaves no question as to the authorship. Mr. Alden has for many years been connected with the firm of Harper & Bros., publishers of "The Bread Winners."

The chief merit of the book is its epigrams which afford, in the opinion of many persons, indisputable evidence that John Hay was the author.

ELIHU ROOT MAY SUCCEED MR. HAY

Significance Attaches to His Appointment to Represent State Department at Funeral.

PRESIDENT WANTS HIM BACK

The Pittsburgh Gazette Bureau
Room 10, Postal Building,
WASHINGTON, July 3.

The most significant message received at the state department today was a letter from President Roosevelt to Acting Secretary Peirce. The president stated that in view of the absence from this country of Assistant Secretaries Loomis and Adee, he deemed it advisable for Mr. Peirce to remain in Washington to conduct the business of the state department. The president added that he had invited Elihu Root, former secretary of war, to accompany the members of the cabinet to the Hay funeral at Cleveland as the representative of the department of state.

More than ordinary significance is attached to the request of the president that Mr. Root shall join the presidential funeral party as the representative of the department. Cabinet makers have at once jumped at the conclusion that the president has already invited Mr. Root to return to the cabinet fold, or that he intends to do so as soon as the funeral is over. Those who are familiar with the intentions and desires of the president are well aware he would be more than gratified to have Mr. Root back in the cabinet. One of the president's closest friends said today: "He needs Mr. Root more now than ever before."

From the same authority it is learned the president, in the event of his failure to induce Mr. Root to return to official life at Washington, will draw on the diplomatic corps for a new secretary of state. It seems to be generally understood among the personal friends of the president and Secretary Taft that the latter has no intention of relinquishing the war department to take up the diplomatic complications of the state department.

Secretary Taft, it is said, has given so much time and attention to the Philippine and Panama questions that he is anxious to realize the results of his labor before entering an entirely new field of public service. Secretary Taft practically eliminated himself from further speculation regarding the state department portfolio by intimating yesterday that the president had advised him to continue his journey to the Philippines. Both friends of the president and Secretary Taft interpret that statement to mean that the president has overcome his desire to transfer Secretary Taft to the state department against the latter's wishes.

In view of the early assembling of the peace conference in this city, and the important part the United States has played in the peace negotiations, it is deemed advisable a trained diplomat and recognized statesman should be at the head of the state department. Among the names mentioned in this connection are Gen. Horace Porter, former American ambassador to France; Lloyd Griscom, minister to Japan, and Joseph Choate, former ambassador at the court of St. James.

LOCAL ZIONIST SOCIETY PAYS TRIBUTE TO JOHN HAY

Lauds Late Secretary of State as Defender of Jews and Condoles With Family.

In recognition and deep appreciation of the attitude of Secretary of State John Hay in defense of the Jewish people in international affairs, particularly his famous "Kishineff note," and successful defense of the American passport when presented by American Jewish citizens, the Tiphereth Zion society of this city has passed fitting resolutions eulogizing the statesmanship and character of the late secretary of state, and are having them suitably prepared for delivery to the family of the deceased.

After citing the nation's loss in the death of Secretary Hay, and the fact that he succeeded in raising the prestige and power of the country in the furtherance of civilization, peace, frankness and fair dealing, the resolutions set forth the following:

Whereas, As Jews we have lost in him our mightiest friend among the nations; a friend who dared to do in behalf of the Jews that which no man in so high a position has ever dared before, who, in his famous note to Roumania called the government to account for her great wrongs to the Jewish people, and her violation of her guarantee to the European powers of equal rights to the Jews of her land; a friend who has succeeded in improving the condition of our downtrodden brethren throughout the world by his action in reference to Roumania and the "Kishineff petition," and in successfully defending the inviolability of the American passport in the hands of American citizens of the Jewish faith; a friend who took delight in cultivating the ancient language of our prophets, and was a living embodiment of their spirit of justice, righteousness and purity. Therefore, be it

Resolved, That the Tiphereth Zion society of Pittsburgh takes this means of expressing its sympathy with the family of our distinguished secretary of state, John Hay, in their bereavement, and its sincere hope that the Heavenly Father may comfort them in their great affliction.

ANTE-SEASON TRAGEDIES.

Hands, Eyes and Other Portions of Anatomy Are Missing Because of Premature Celebrations.

Nicholas Schmail, aged 8 years, of 1315 Sheffield street, Allegheny, had one of his eyes destroyed, and the other so seriously damaged that he will probably be blind, by the explosion of a cannon cracker. The lad, with some companions, was playing in Sheffield street about 8 o'clock. Young Schmail stooped over a cracker that had apparently burned out its fuse. Just then it exploded. He was carried into the office of Dr. H. E. Campbell. The latter says there is but little hope that the boy will have the sight of either of his eyes.

Harold Erick, aged 9 years, of 101 Hawkins avenue, Rankin, had the greater part of his right hand torn off yesterday by the explosion of a toy cannon with which he was celebrating. Dr. James Carson sent him to the Mercy hospital. William Pardens, aged 11 years, who was playing with young Erick, was so badly lacerated about the legs that he also was sent to Mercy hospital.

A still alarm was sent into No. 8 engine house, Allegheny, last night for a fire in the home of Henry Weisner of 1122 Saw Mill alley, caused by a Jackson cracker that some boys placed in a knothole in the side of the building. The damage was slight.

Joseph Earl, aged 16, was firing crackers at Sixth and Wylie avenues last night. Officer James Delehanty arrested him, when Frank Cregan, aged 17, interfered. Both were taken in. They live in the Newsboys' home.

John Sauers of Forty-eighth street was locked up in No. 5 police station for firing blank cartridges in Forty-seventh street.

Mike Dorshi, aged 10, of 112 Pike street, lighted a fire cracker last night and threw it in the air but not far enough away. It exploded and badly burned his face and hands.

While standing near his home at 1605 East Ohio street, Allegheny, at 11 o'clock last night, James Kamin, 22 years old, was struck in the right foot by a spent bullet from a revolver. The bullet is thought to have been fired by one of a crowd of men who were firing off revolvers opposite his home.

ARISTOCRACY FALLS INTO PLEBEIAN NET

McKeesport's dog ordinance went into effect yesterday, and crowds of children followed the "dog man." Several finely dressed women followed an assistant who had captured two French poodles and pleaded with him not to take their pets to the dog pound, where they would be thrown in with ugly yellow curs. The pleadings had no effect, and soon a carriage started for the dog pound. An angry man paid a dollar to get back his dog.

DIED.

LEWIS—Suddenly, on Monday, July 3, 1905, at 11:10 a. m., DAVID LEWIS, aged 58 years, at his home, 2508 Cobden street, Twenty-seventh ward.

Notice of funeral later.

ILLNESS OF A FINANCIER CAUSES RUN ON THREE BANKS

One Institution in Topeka Closes Its Doors and Two Others Suffer Heavy Demand from Depositors—Large Debtor in the East.

[Special Telegram to The Gazette.]

TOPEKA, KAS., July 3.—Charles J. Devlin, one of the largest coal operators in the west, lies stricken speechless at his home in this city with his fortune of several million dollars in such a tangle that he may be left a financial wreck. The First National Bank, owned by him, failed to open its doors for business this morning and is in the hands of a government agent. The Central National, of which he is the principal owner, sustained a run unlike anything ever seen in Topeka, and has paid out nearly $200,000 during the day. There was also a run on the Bank of Topeka, in which it was reported that Devlin was interested.

Among other debts Mr. Devlin is found to owe is $500,000 to New York banks, $25,000 to St. Louis banks and $150,000 to the Corn Exchange Bank of Chicago. The remainder of his indebtedness which will aggregate from $1,250,000 to $2,000,000, is carried by 11 Kansas banks. The First National, which failed today, carried more than $1,000,000 of the financier's paper.

The cause of the bank failure and the wreck of the Devlin fortune was Mr. Devlin's illness which manifested itself two weeks ago. He was suddenly stricken speechless at the breakfast table while trying to pronounce the name of his favorite driving horse.

CZAR ORDERS SHIP SUNK

Continued from First Page.

fired upon by the Elizabetha and evidently awed by the firm stand taken by the authorities, she decided to retire.

Mutineers' Provisions Exhausted.

A sailor from the Kniaz Potemkine who came ashore here today with his comrades to negotiate with the prefect slipped away and escaped to the town. He appeared to be greatly excited and exhausted and reported that the battleship's provisions were completely consumed and that the crew had been in a state of starvation for the last two days. The sailor begged not to be returned to the ship, as he would be killed. He said there were only ten tons of coal on board the Kniaz Potemkine, that two-thirds of the crew favored landing at Kustenji, while the other third wished to return to Odessa to bombard the city.

The Kniaz Potemkine left Kustenji this afternoon. It is stated that she is returning to Odessa.

CONSTANTINOPLE, July 3.—The Turkish officials at Anadoli-Kavak, Asia Minor, at the entrance of the Bosphorus, are taking precautions to prevent the possible use of that port by the mutineers of the Kniaz Potemkine. The Turks will not permit the battleship to pass through the Bosphorus after sunset. They even stopped the Russian guardship at Constantinople with a blank shot when returning with Ambassador Zinovioff after a short cruise in the Black Sea. M. Zinovioff landed and proceeded to Constantinople, but the guardship was held until morning.

International Trouble Feared.

ST. PETERSBURG, July 4.—According to a dispatch received by an official agency, the torpedo-boat destroyer Smetlivy, with a volunteer crew, has sailed from Odessa with the intention of sinking the Kniaz Potemkine.

With Kustenji and other unprotected ports of Roumania, Bulgaria and Turkey at the mercy of the battleship's guns and with the inability of Vice Admiral Kruger's squadron to interfere with her career, tacitly admitted by retiring his ships from commission, this desperate expedient was seized upon to prevent international complications and to rid the Black sea of mutineers.

This problem for a single destroyer, which is difficult and dangerous enough at best, as she will have to encounter both the Potemkine and her attendant torpedo-boat, is now complicated by the departure of the battleship from Kustenji and ignorance as to where she will next turn up, but the dispatch from Kustenji throws a gleam of hope on the dark situation by intimating that a considerable number of her crew are anxious to desert their leaders and to escape the consequences of their mutinous actions.

The admiralty, however, it should be stated, does not admit that the Smetlivy has gone on such an errand, though the officials say frankly that the Kniaz Potemkine must in law be regarded as a pirate.

Soldiers Also in Mutiny.

At Kieff the first mobilization trouble occurred. The reservists attacked and wounded several policemen and plundered the liquor shops. Jews are avoiding service by flight.

More serious in its way, however, was the refusal of the disciplinary battalion at Kherson to obey orders. They attacked their captain and killed their colonel. The latter, even when mortally wounded by bayonets, marched his soldiers to barracks and then sank dying.

The effervescence in Poland has again commenced. Police agents have been attacked with bombs, and in several places there have been collisions between the troops and the populace. At Kalitz, five were killed. Other revolutionaries in other parts of the country are making the most of their opportunity to preach strikes and disorder.

While commerce at both St. Petersburg and Cronstadt is at a standstill, the report that Cronstadt has been closed to foreign shipping is untrue. The strike of longshoremen continues and the sailors though not mutinous, are openly declaring their sympathy with their comrades in the Euxine sea.

The bourse was almost in a state of panic today. Industrials fell heavily. Imperial 4s which opened a point off were supported and closed at 84½.

The executive committee of the League of Professional leagues is preparing a proclamation calling on all professional men in Russia to refuse to perform their professional duties until the promised reforms are realized and a true parliament is granted.

SEEING AIR SHIPS.

Fourth of July's Nearness Has Strange Effect Upon Many Residents of Sharpsburg.

Sharpsburg started in rather early on its celebration of the Fourth and the following "pipe," sent out from that suburb, is one of the many results:

A huge flying machine passed over Sharpsburg last Saturday evening. The flight of the machine was witnessed by hundreds of people in the vicinity, and although many have watched it has not returned. The machine made its appearance in the south, hovering over Morningside. It crossed the Allegheny river at a considerable rate of speed and passed over Sharpsburg, sailing high in the air and disappearing in the north. The vessel was about 100 yards above the town as it passed, but it was plainly visible. It is described as having a long cigar-shaped balloon, with a large car suspended to it, equipped with steering gear and propeller and large canvas wings. Although no person could be seen on board, the machine seemed under perfect control.

CONSPIRACY IS ALLEGED TO ROB IMMIGRANTS

NEW YORK, July 3.—(Special.)—According to Detective Sergeant Petrosino there is a conspiracy between sailors on the Italian liners and an organized band of crooks in this city, to rob Italian immigrants. Today in Jefferson Market court he arraigned two men charged with conspiracy. The prisoners said they were Rafaelo Enfico and Guiuseppe Franco. It is alleged that on Thursday night they went to a boarding house where Ciro Ascione, a newly-arrived immigrant, was boarding, and robbed him, at the point of a revolver of $150 in cash and $2,000 worth of corals. The two men are held in $2,500 bail each.

Boy Mysteriously Shot Dead.

YOUNGSTOWN, O., July 3.—(Special.)—Mystery surrounds the shooting of Roy Alvin Davis, aged 15, tonight. Returning from a store with a companion he was seen to fall without a word. He was carried to a nearby house where he died. About that time a bicycle rider was seen riding along the street wildly firing a revolver. It is thought that one of the shots struck Davis.

SWEDEN AND NORWAY ARE IN PEACEFUL MOOD

There Has Been No Mobilization of Forces in Either Country. Contingents Called.

[Associated Press Cable to The Gazette.]

CHRISTIANIA, July 3.—There has been no mobilization whatever, either in Norway or Sweden. Of the military forces under arms in both countries only contingents have been called together for the ordinary yearly exercises.

The Swedish squadron has transferred its exercises from the Baltic to the west coast of Sweden. Although the measures may appear somewhat strange under existing circumstances, they are not regarded by Norway as being of special importance after the peaceful declaration of the Swedish government.

The Norwegian diplomatists who served under the union at The Hague and at Washington, and who were removed by the Swedish government, are now charged by the Norwegian government to remain and look after Norway's interests.

JEWISH RABBI'S PLAINT OF RACE PREJUDICE

Complains of Bible Selections Read in Schools Which Scandalize the "Chosen People."

[By Associated Press to The Gazette.]

CLEVELAND, O., July 3.—The report of Rabbi Joseph Krauskopf, president of the Central Conference of American Rabbis, occupied the attention of the delegates for the greater part of today's meeting of the delegates.

Rabbi Krauskopf, in his message, takes up in detail many matters of vital interest to Jews. Extracts from his report follow: "Too long have our children been obliged to listen in public schools, supported by Jewish citizens, to Bible selections in which our people are scandalized.

"From one summer hotel excluding Jews in 1877, the number has grown to hundreds in 1905. And from hotels the restriction has spread to schools, clubs, fraternities and the like.

"Not in the blood of the Jew, but in the antipathy of the non-Jew lies the cause that links Jew to Jew in a bond of brotherhood."

ABOLISHED BY MORTON.

Finance Committee of the Equitable is Forced Out of Existence by New Chairman.

NEW YORK, July 3.—Paul Morton, chairman of the board of directors, has abolished the finance committee, next to the executive committee the most important working body of the society. James Hazen Hyde was chairman of that committee, which passed on all investments of the Equitable's funds, which investments frequently were carried out without being submitted to the executive committee.

James H. Hyde, it is understood, will leave for Europe within a short time, his counsel having asked Mr. Jerome if he had any objection. Mr. Jerome, it is said, assented to the plan with the understanding that Mr. Hyde is to return if wanted during the summer in connection with the grand jury investigation.

TEACHERS IN SESSION.

National Educational Association Begins Convention at Asbury Park.

35,000 Are Present.

ASBURY PARK, N. J., July 3.—Delegates to the number of upwards of 35,000 from all the states in the union, assembled here today to attend the forty-fourth annual convention of the National Educational association. The formal opening of the convention took place this evening.

In the absence of Gov. Stokes, James M. Greene, principal of the New Jersey State Normal and Model schools at Trenton, welcomed the delegates.

Bishop Fitzgerald extended a welcome on behalf of Ocean Grove. The formal response was made by Albert G. Lane, chairman of the board of trustees. This was followed by the address of Dr. William H. Maxwell of New York, president of the association.

CUTENESS AS A CHILD BRINGS O'BRYON WEALTH

His cuteness as a child has brought to Charles O'Bryon a substantial sum of money, now that he has attained his majority. He lives in McKeesport, and as a child had so many attractions that he won the heart of Charles Toole, an official of the National Tube Company, who placed to his credit with a new York trust company a government bond for $1,000. It was to be kept to his credit until he became of age. It has been earning interest for O'Bryon ever since, and he will reap his reward in a few days.

JAPANESE ARMY WILL CELEBRATE THE FOURTH

GEN. OKU'S HEADQUARTERS—Via Fusan)—July 3.—The soldiers comprising Gen. Oku's army are spending their time in target practice with rifles and guns, showing that there is no lack of ammunition. The staff officers are arranging a Fourth of July celebration in honor of Gen. MacArthur and the attaches and correspondents.

Banker Robbed of $25,000.

HAVE SECRETS OF THE JURY ROOM

Evidence Against the Packers Taken in Shorthand for Use at the Trials.

WITNESSES CANNOT RENIG

[By Associated Press to The Gazette.]

CHICAGO, July 3.—Bonds for the 26 packers, traffic officials and corporations indicted by the federal grand jury yesterday will be furnished Wednesday, when all the defendants under the bill will be arraigned. Most of the indicted persons will be present in court. After the defendants are formally in the custody of the government officers a writ of injunction prohibiting the United States attorney from proceeding may be sued out. Some of the packers' attorneys advise going at once to the United States supreme court, which would mean that habeas corpus would be the legal remedy attempted.

Assistant Attorney General Pagin told today of a coup by the jury in securing practically all the evidence that will be required for trials in court in the grand jury room.

"It was a remarkable and unprecedented accomplishment," said Mr. Pagin today. "We have heard practically every witness who will be called at the trials. A. W. Godman, an expert stenographer as well as a lawyer, was appointed as assistant United States attorney. A stenographer would not have been permitted in the grand jury room, but any member of the federal attorney's staff is admitted by law. Mr. Goodman, being a stenographer, was able to make an exact transcript of the evidence taken before the jury. There will be no chance for witnesses to deviate from their first stories."

THE COST OF LIVING HAS RISEN IN PHILIPPINES

Dissatisfaction at Industrial Conditions Is Manifested by All the Employing Classes.

[By Associated Press to The Gazette.]

WASHINGTON, July 3.—The bulletin of the United States bureau of labor, just issued, is mainly devoted to a presentation of labor conditions in the Philippines, written by Victor S. Clark, Ph. D., in which it is stated that wages and cost of living have risen in the Philippines since the American occupation, and that dissatisfaction at industrial conditions in the Philippines is manifested by all employing classes and reflected somewhat among the laboring population.

The bulletin, among other things, says: "Over 41 per cent of employment is agricultural and in these industries peonage, serfdom and slavery still exist and the wage system is not really established. Where wages are nominally paid, they are often but a new method of continuing the relationship of peon and patron. Urban and skilled industries are suffering from lack of trained workmen.

"The Philippine natives, however, are apt at acquiring manual skill but the possibility that Japanese Filipino labor will ever seriously compete with our home labor in manufacturing industries is too remote to be considered. A demand for admission of indentured Chinese coolies for agricultural labor exists among some tobacco planters. All Filipino employers and employes interviewed and some American employers were opposed to the admission of Chinese on any terms.

PENNSYLVANIA EARNINGS.

Increase in Gross $1,413,200—Lines West of Pittsburgh Make Good Showing.

PHILADELPHIA, July 3.—The Pennsylvania railroad company's comparison of earnings and expenses for May, 1905, and for five months ending May 31, 1905, with the same periods of 1904, is as follows: Lines directly operated, May, 1905—Gross earnings, increase, $1,413,200; expenses increase, $1,022,500; net earnings, increase, $390,700. Five months ending May 31, 1905—Gross earnings, increase, $1,808,800; expenses, increase, $2,038,500; net earnings, increase, $1,800,400.

Lines west of Pittsburgh and Erie directly operated—Gross earnings, increase, $892,800; expenses, increase, $683,000; net earnings, increase, $209,500. Five months ending May 31, 1905—Gross earnings, increase, $2,505,700; expenses, increase, $1,904,500; net earnings, increase, $601,200.

ABSCONDING AGENT IS BROUGHT TO SHARON

SHARON, PA., July 3.—(Special.)—William T. Murphy, former business agent of the Carpenters' union here, who was arrested in Birmingham, Ala., last week on a charge of embezzling $1,000 of the union's funds, was brought back today by Police Lieutenant Samuel Lansdown and lodged in Mercer jail to await trial. Murphy had been traveling under the name of J. W. McDonald, and denied his identity until after he and Lansdown had started north.

SHOOTS A MAN; THEN HAS HIM ARRESTED

Not content with merely shooting Joseph Blanco through the leg, Ernest Bonnasi, an Essen coal miner, had Blanco arrested last evening on a charge of felonious assault. The pistol shot stopped the assault effectively. Bonnasi alleges that Blanco had threatened him with a knife. Blanco is in jail.

Robbery Near Ohio Pyle.

MAYOR UNCOVERS ANOTHER GRAFT

He Asserts McNichols Firm Have Milked the City to Tune of $164,000.

MORE ARRESTS TO FOLLOW

The Pittsburgh Gazette Bureau
Press Building,
PHILADELPHIA, July 3.

Mayor Weaver to-day sent a letter to City Controller John M. Walton in which is implied the fact that the firm of D. J. McNichol & Co. charged the city with $164,246.49 to equip the filter plant of the contractors. The McNichols positively deny the charge, claiming the payments quoted were for extra work required by Chief Engineer Hill.

The mayor believes he has uncovered a great piece of graft, and another wholesale batch of arrests is promised. Mayor Weaver's letter to Controller Walton follows:

An examination of the records on file in the office of the chief engineer of the bureau of filtration discloses the following facts:

In the detailed current estimate No. 2, dated February 18, 1902, of contract No. 14, with Daniel J. McNichol for the building of a filtered water conduit, there appears the following charge against the city: "Contractor's plant, $40,000." This charge continues in the succeeding estimates up to that dated November 10, 1902, being No. 22.

I have also discovered that in the detailed current estimate No. 10, dated January 14, 1902, of contract No. 15 with Daniel J. McNichol there appeared in item No. 1 of said estimate a charge against the city for "contractor's plant" of $71,171, and in item No. 2 a charge against the city for "contractor's plant" of $22,075.49. These charges continue in all the succeeding current estimates up to that numbered 34, dated May 19, 1905. All these estimates were signed and approved by John W. Hill, chief engineer.

It thus appears the city of Philadelphia has been charged with and has paid to Daniel J. McNichol $164,246.49 for "contractor's plant." There is nothing in the contracts No. 14 and No. 15 above referred to which authorizes the buying of the plant of the contractor. On the contrary, these contracts require him to furnish all the machinery and appliances necessary for the performance of his work under the contract. Will you please advise me whether the records of your office disclose what, if anything, was delivered to the city for the large payments above referred to, and also whether the approval of the bills for the same was with the knowledge of your department that they contained these charges?

I ask this because it has been suggested that possibly, in the estimate sent to your department, this unlawful charge has been in some manner hidden or misrepresented.

City Controller Walton and Edwin A. Pue, chief auditor of the city controller's office, conferred with the mayor and Judge Gordon in the mayor's office this afternoon. At the conclusion of the conference Capt. Walton said his records showed that on January 23, 1902, on contract No. 14, the estimate was signed by the chief of the filtration bureau, and his assistant and approved by Director Haddock. It showed 249 per cent of the work had been done, and on February 15, 1902, the estimate was that 744 per centum on contract No. 14 had been done as per contract. On contract No. 25 the estimate in his possession showed that 37.76 per cent had been done. The records in his office showed no details of work done, merely estimates. All were signed by Chief Engineer Hill and his assistant and approved by Director Haddock.

Insurance Commissioner David Martin called on Mayor Weaver today. They had a long talk which neither cared to explain afterwards. It is gossip that Martin urged the mayor to work for reform within, instead of outside the party.

CHESTER D. POTTER

Brings Down Neighbor at First Shot.

William Connors, aged 19, of Cherry street, Homestead, was shot by Edward Stewart, who lives but a short distance away, late Sunday night. Miss Ruby Stewart told her brother she heard some one prowling around the rear of the house. Edward took a revolver and went to the kitchen where he found a man half way trough a window. The stranger, seeing he was discovered, dropped outside and started to run, but fell at the first shot. The ball struck him back of the ear and glanced down into the shoulder. He will recover.

CITIES GIVEN PRIVILEGES

Pittsburgh and Allegheny Will Continue to Name Their Republican Primary Boards.

STATEMENT FROM WM. FLINN

Unless there is a change in the program, uniform rules for the government of the Republican party will not be adopted by the county committee. The present plan is to allow Pittsburgh and Allegheny to continue to conduct primary elections with boards constituted differently from those in the districts outside of the cities.

The committee on revision of the rules completed its work yesterday and the proposed amendments will be printed and sent to the county committeemen on Thursday. On July 15 the meeting will be held for the adoption or rejection of the report. The rules in the county and the two cities will differ in the manner in which the election boards are constituted. While the direct vote system will be used in the whole county in September, the Pittsburgh and Allegheny Republican committees will be allowed to select their election boards. Former Senator W. A. Magee is opposed to this proposition and says a minority report will be made to the county committee. He believes the rules should be uniform.

Difference in Rules.

Under the new rules the primary election boards in the districts outside of Pittsburgh and Allegheny will consist of the regular Republican judge of election, and in districts where no judge was elected the Republican inspector will act as judge. In addition to this the candidates are allowed representatives. There is a Republican inspector elected in every district at the February election. In Pittsburgh the election will be conducted by the Republican board chosen at the primaries in June. In Allegheny the primary boards are named by the ward committees. There was a fight in the committee over giving the cities this privilege and the opponents lost by a close vote.

Some other changes were made in the proposed amendments. The county committee is authorized to annually fix the date for primaries for the election of state and national delegates. Four weeks' notice must be given. The delegates are to be chosen by a direct vote. The returning board is given power to settle all contests and to certify the nomination of the candidates. When vacancies occur on the ticket, the county committee is authorized to fill them. The assessment levied on each candidate for a county office is fixed at $500. The money is used to pay the expenses of the primaries. W. T. Treadway has condensed his fraud amendment and it has been incorporated in the proposed rules.

Statement from Mr. Flinn.

Former Senator Flinn started yesterday on a two months' European tour. He had this to say concerning the work of the Republican advisory committee:

County Chairman Thomas J. Ford formed an advisory committee, composed of the gentlemen who have been serving on the finance committee of the Republican county committee for some years, and who have been largely instrumental in financing the party organization, together with the chairmen of the Republican city committees of Pittsburgh, Allegheny and McKeesport. This committee first advised that the primaries be postponed until September, which was done. The committee held several meetings, the final result of which was that they unanimously advised the withdrawal of all the candidates with the exception of Judge Young and Mr. Kirker. The natural and proper thing for the gentlemen comprising this committee will be to recommend candidates for the various offices of the highest type of men that they can find, so that the party will be certain to have a successful campaign.

Do you think that the rank and file will be guided by the advice of the advisory committee?

Committee Is Unselfish.

This committee is and ought to be entirely unselfish in its work. There is no reward that could come to the members of the committee. Its work in the past has been of an absolutely unselfish character and their recommendation of candidates must be devoid of all appearance of selfishness or personal interest, and when this is apparent to the public I have no doubt that their advice will be heeded and their work commended.

I have no doubt that the Crawford county rules will be adopted. By many it is believed that this is a matter of expediency. It is to a certain extent an experiment, and it will be a proper channel to test the character of the recommendations of the advisory committee. This committee is not limited in number. It is composed of men prominent in raising the sinews of war and who will have to be depended on in the future. I am thoroughly convinced that the rank and file of the Republican party will feel that their interest is in safe hands and that they will suspend judgment and the result of the committee's labors will be ratified with practical unanimity.

I know of no committee that could be created in the Republican party that is better fitted or would be as thoroughly justified in making the suggestions that have been made and will be made.

What Vote Shows.

In the municipal elections of 1902, 1903 and 1905 and in the county election of 1902 the Republican vote in Pittsburgh was approximately 22,000. The Citizens vote was 31,000, composed of Democrats, Citizens and Orphans. The Citizens' vote in Pittsburgh in the county election of 1903, when the Republican ticket was elected, was 25,000 and the Republican vote 22,000, showing that the Orphans and the element they represent, about 6,000, did not vote. In the election for sheriff in 1902 the Citizens polled 60,000 votes in the county. The following year, 1903, they polled 51,000 votes, and the Republican vote was practically the same in both years, 52,000.

This indicates that 9,000 of the former adherents of the Citizens party, who are really and honestly for a betterment in public affairs, did not vote. At the election in 1903 the Republican majority for Stewart, for district attorney, was but 1,200. If we succeed in getting a high-class ticket we ought to secure those 9,000 independent Republicans who left the Citizens party by declining to vote. There seems to be important influences at work all over the county for the betterment of public affairs, and the Republican party will have to rise to the occasion if it wants to be victorious.

Do you know of any candidates other than Price, Kirker and Young who are likely to go on the Republican ticket?

I know of no candidates nor have any names been suggested or canvassed by the advisory committee up to date. I will be absent in Europe during the time this ticket will be selected, but I am sure the committee will rise to the occasion and satisfy public sentiment.

Commit Beer Thieves to Jail.

The five men charged with robbing the beer house of William McGivney in Braddock early Sunday morning were given a hearing yesterday by Justice Holtzman of Braddock and committed to jail in default of $500 bail each. Patrick Eagan and Martin Duffy are charged with larceny and entering a building with intent to commit a felony by Andrew Koosie and John Conway and Benjamin Mains are charged with entering a building with intent to commit a felony. John O'Donnell, who was shot in the leg, is so badly injured his leg may have to be amputated.

May Close Tent Services.

Announcement was made yesterday morning at the meeting of the joint committee on evangelization of the Allegheny presbyteries of the Presbyterian church that unless further financial aid was secured the tent services now in progress would be concluded on August 1. These services are now being conducted in Hazelwood, Oakland and Mt. Lebanon.

Suspect Myers of Looting Cars.

David Myers was committed to jail last night by Alderman J. S. Edgar on a charge of larceny preferred by the Pittsburgh, Virginia & Charleston Railroad Company in connection with the looting of a car in the Ormsby yards near South Eighteenth street, Saturday night.

Pedler Is Charged With Theft.

Max Felderbaum of No. 24 Lawrence street was locked up in the East End police station yesterday. He is a Hebrew pedler and is accused of stealing $12 from Mrs. Mary Grimes of No. 115 Torrens street, while he was trying to sell her goods.

PROGRAM FOR TODAY'S HOLIDAY CELEBRATION

Absence of Official Jubilee in the City Gives Citizens the Opportunity to Enjoy Hospitality of Suburban Patriots.

To test the faith of local patriots, showers have been predicted as one of the accompaniments of today's celebration of Independence Day. The roosters sat on the fence a little longer than usual last night and this is almost convincing assurance that the wise picnickers will provide themselves with umbrellas.

In Pittsburgh there will be no regular official celebration. The parks will be open, the regular trolley cars will carry "trailers" and the people will be expected to take their umbrellas and go where they choose. If they get back home in time they will be treated to a $5,000-display of fireworks in Schenley park, provided Jupiter Pluvius decides to go elsewhere to empty his watering can.

The Allegheny celebration will begin with a Punch and Judy show in West park at 3 p. m. and the bands will play while the people watch the daylight fireworks. At dusk fireworks will be shot off from Monument hill. At 10 p. m. 1,000,000 firecrackers will be exploded in front of city hall.

In the suburbs there will be more doing. Wilkinsburg will begin at 10 a. m. with a parade of civic and military organizations and will keep up the celebration all day, finding time for reading the Declaration of Independence, "spread-eagle" speeches and fireworks at sundown. Ingram, McDonald, Tarentum and Glassport will start field sports in the morning and will work the patriotic racket to a finish with skyrockets at dusk.

The South Side hilltop folks will celebrate with an all-day festival in McKinley park. A parade will be held and speeches and things to eat and drink will take up the best part of the day. A section from Battery B will fire the salute. Congressman A. J. Barchfeld will tell about the American eagle. A band concert will be held during the afternoon and fireworks will be displayed at nightfall.

Luna park and trolley parks will have attractive programs and the Pittsburgh Railways Company will make an effort to provide decent accommodations. No transfers will be given, but the 10-cent fare after midnight will not be collected.

The strenuous patriots will take in at least one of the two National league championship ball games to be played by the Pittsburgh and Cincinnati teams at Exposition park at 10 a. m. and 3 p. m.

Where possible the steel industries of this district closed at 5 p. m. yesterday and will resume work at 7 a. m. tomorrow in order to enable the employes to enjoy the holiday. At Duquesne the holiday arrived at an opportune time, as important changes and repairs must be made in four of the mills at the big plant. An enormous force of men went to work last night to have these changes completed by tomorrow morning. The furnaces, of course, will not close, but a light cast will be placed in all the stacks in order to enable the employes to secure two hours at dinner time.

AT THE TROLLEY PARKS.

Vaudeville Theaters Offer Special Holiday Bills and Extra Attractions Booked for Today.

Interesting programs are furnished this week at the traction park theaters—Oakwood and Southern. The bill at Oakwood is headed by Lawlor and his two daughters, who do a novelty singing act. They are clever and their act is by far the best of its kind in vaudeville. The Dancing Shaws are good, as are also Eckel and Warner, German comedians, and Youna, the American-Jap juggler. The bill closes with the cineograph showing the sensational "Moonshiners."

Southern park has Gavin, Platt and "Peaches" in a farcical sketch, "A Stolen Kid;" Madaline Burdette, vocalist; Jones and Sutton, in a singing and dancing act, and Howard and Linder in a laugh-producing sketch entitled "Heinie Noodles." The bill at Southern is the same as that at Oakwood last week. The success, as shown by the large turnout at Southern last night, of this company and the fact that they were re-engaged for a second week, is proof that Southern this week has a star bill.

At the trolley parks today there will be doings all day and this evening. Big free picnics are scheduled at Calhoun, Oakwood and Southern. There will be games, sports, amusements, dancing, etc. Professional vaudeville shows will be given at Southern and Oakwood parks. At Calhoun two balloon ascensions are scheduled. "Dare Devil" Nelson will make ascensions at 4 p. m. and 8 p. m., the night ascension to be illuminated. When about 1,000 feet in the clouds Nelson will drop 2,000 tickets good for admission to the vaudeville theaters in Southern and Oakwood parks this week. Cars will be run direct to Southern park via the Mt. Washington tunnel and Knoxville.

Kennywood park will have the Rocereto concert band all day and there will be a first class orchestra for the dancers. The Four Lukens will give an exhibition of their thrilling trapeze work high in air. This is expected to be the biggest Fourth of July ever enjoyed by Kennywood.

MAN FROM KENTUCKY COMES WITH THIRST

He Hits Pittsburgh on Dry Sunday and Encounters Peculiar Vicissitudes.

He walked into a Fifth avenue hotel last night wearing a gray cutaway coat and a gray mustache to match. He carried a big satchel in his right hand, a cane in his left and an inquiring look on his red face. He registered from Bowling Green, Ky.

"Give me a room, sir," he addressed the clerk.

"A room with running water?" inquired the man behind the register.

"No; with whisky, sir," said the guest.

"Very sorry, colonel, but this is Sunday, and no drinks are served in Pittsburgh on Sunday."

"But I have been riding all day on a stuffy train, and I must have it," protested the man from Bowling Green. "Serve it in my room."

"Makes no difference—the law forbids serving it anywhere."

"Then, sir, as a gentleman I beg a drop from your private flask?"

"Sorry again, colonel, I don't drink."

"——————!"

(It would be inhuman to print what the man from Bowling Green said.)

"Are there no—no—no gentlemen around here? I never was in this place before in all my life." The colonel stammered, as if he had exhausted all his resources.

"I beg your pardon," said a meek looking bystander who had overheard the conversation.

"What are you—?" broke out the colonel, for a moment forgetting his customary politeness.

"I am a life insurance agent," said the stranger. "I thought, perhaps, I might interest you in——"

"G'long, sir; this is not a time to——"

"I thought I might interest you——" persisted the insurance man.

"Sir, you can't interest me in anything. I——"

"I thought I might interest you in a little jug of liquor I have in my room. It is twenty——"

"Call me at 6:30," shouted the colonel as he and his new-found friend shot up the elevator.

NEW FLAG IS RAISED ON DUQUESNE HEIGHTS

Patriotic Mass Meeting Is Held in Which School Children and Citizens Take Part.

Residents of Duquesne Heights celebrated last night on the occasion of a flag raising on the pole erected on the highest point in the community seven years ago, following Dewey's victory at Manila. The new flag was unfurled in the presence of 1,500 people, while a platform for speakers had been erected at the foot of the pole on Plymouth street.

Music was furnished by the K. of P. band of Banksville, while a squad from Company E, Fourteenth regiment, fired a salute as the flag, 15x25 feet, was raised by 20 little school girls from the Luckey school. Following invocation by the Rev. Solomon Keeber and the reading of the Declaration of Independence by Prof. Byron W. King, the children sang "America." Assistant City Solicitor L. S. Levine then spoke on the glories of the flag and referred to the life of former Secretary of State Hay. County Recorder J. Denny O'Neil delivered a patriotic address, as did the Rev. E. C. Lane and the Rev. C. S. McClelland. Prof. A. C. McLean, who was in charge of the Luckey school for 16 years, took occasion to thank the community for their courtesy. Other speakers were: Former Congressman James W. Brown, John T. Porter, the Rev. Dr. J. H. Asbeck and the Rev. Father E. P. Griffen.

It is proposed to raise a new flag each year either on the eve of the Fourth of July or on flag day, and to this end a committee has been appointed consisting of Charles T. W. Cooper, Fred J. Heil, George A. Frank, Frank A. Shornagle, William Haas, James H. Henderson, John A. Cole, Henry J. Hahn and Matthew J. Rapp.

Bridge Case in Court Soon.

United States District Attorney John W. Dunkle and his assistants were busy yesterday preparing their case against the Union Bridge Company to compel the company to elevate the old bridge. The suit will be brought before Judge Buffington probably the latter part of this week.

SPECIAL AMBASSADORS RECEIVED BY ROUVIER

French Premier Pays Tribute to Hay's Services—Removal of Paul Jones' Body.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

PARIS, July 3.—Premier Rouvier today received Rear Admiral Sigsbee and Assistant Secretary of State Loomis, the junior special ambassador of the United States, on the occasion of the removal of the body of Admiral Paul Jones from France to the United States. The premier expressed the government's welcome to the American visitors and Mr. Loomis presented a personal message of esteem from the late Secretary Hay to M. Rouvier, given on the eve of Mr. Loomis' departure. M. Rouvier paid a notable tribute to Mr. Hay's services in international affairs. Gen. Porter, the senior special ambassador of the United States, will sail for New York on the Hamburg-American line steamer Deutschland July 7. This follows the ceremony of the transfer of the body July 6, permitting the senior special ambassador to arrive in New York several days before Admiral Sigsbee's squadron.

CHERBOURG, July 3.—The torpedo boat Zouave today went through the program of transferring the body of Paul Jones from the wharf on board the flagship Brooklyn in anticipation of the real ceremony July 8. Thousands lined the docks watching the procedure. Another practice transfer will be held tomorrow.

The festivities tonight in honor of the American squadron were very brilliant and were favored by splendid weather. The band of the French warship Bouvines played American airs, which were lustily applauded. A large gathering of sailors, townspeople and visitors took part in a torchlight procession.

The American sailors received hearty ovations everywhere and returned to their ships at 9 o'clock amid hurrahs.

OBJECT TO THE FIREBOAT MONEY BEING DIVERTED

Rivermen Protest to Controller Larkin. Claim That Fund Is Covered by Old Contract.

Rivermen have made a protest to Controller Larkin against the bond funds voted in 1895 for a fireboat, being diverted to build an engine house and police station in the Twenty-second ward. The controller said he had received a letter from James Rees & Sons objecting to the use of the money for any other purpose than a fireboat.

It is claimed that a contract was let in 1895 to build a fireboat. The controller declined to say much about the matter. An ordinance was introduced in councils last Monday night to transfer about $20,000 of the fireboat money for the Twenty-second ward engine house and police station. Councilman Wightman of the Twenty-second ward, denied last night that there was any contract to build a fireboat, and said that if such a contract was made by the city it was now invalid.

Are Held for Yaworski's Death.

Michael Dowozidrowski and Max Sezedrowaski were held by the coroner yesterday on a murder charge in connection with the death of Theophilus Yaworski. Peter Regolski is in jail on the same charge. The two former gave themselves up to the police yesterday morning. Yaworski conducted a dance hall at 2551 Spring alley and last Saturday night week refused admission to the three men because, it is alleged, they were intoxicated. They jumped on him and Regolski, it is alleged, kicked him in the stomach, from which he died a few days ago. All of the prisoners are mere youths. Yaworski and his family came here from Canada two months ago.

Officer's Assailant Is Held for Court.

John McNeely, a blacksmith, was held for court by Magistrate Negley yesterday on a charge of assault and battery. On Saturday evening he attacked Officer Joseph Leach near the entrance to Schenley park, and the latter would probably have sustained serious injuries had it not been for the assistance of an unknown man and woman. They witnessed the assault from their automobile and pulled McNeely from the officer, helping to hold him until the officer placed the nippers on his assailant.

Want Acimovic Deported.

Friends of Lasar Acimovic applied to Immigrant Inspector R. D. Layton yesterday to have the man deported. He is apparently hopelessly insane. He landed in this country on May 8 and several days later was picked up on the streets of Martins Ferry, O. Friends in Wheeling secured his release, but he became violent and was sent to the Moundsville prison.

Torrid Weather Affects Pope.

ROME, July 3.—The heat is growing more intense and reached 103 in the shade today. The pope is reported to be suffering from his seclusion in the vatican, the atmosphere in the gardens being too hot for him to make use of them. It is rumored that unless the weather becomes cooler the pontiff has determined to break the prison legend.

BREAKS DEADLOCK IN BANE DISTRICT

Prof. Baker Elected Principal of St. Clair School After 61 Ballots.

GOULD'S BOND IS APPROVED

Peace once more reigns in the Twenty-seventh ward school board. The session last night began with the old deadlock between the Citizens and Democratic members in scenes that defied a meeting of Kilkenny cats, and closed shortly before midnight in a peace and harmony conference. Prof. S. S. Baker of Crafton was elected principal to succeed Prof. J. K. Bane, and the entire old corps of teachers was re-elected. It is thought by the friends of J. Ernest Roth that the bargain for his re-election to the central board of education will be carried out.

The amnesty which ended in the formal burying of the hatchet was reached after 61 ballots had been cast for the election of a principal. The bond offered by Dr. J. E. Gould, the new treasurer of the board, was accepted; the bills which had been held up pending a decision on the bond were ordered paid and the members left apparently serene in their conclusions of peace.

Last night's fight began with the consideration of the bond offered by Dr. Gould. The bond was for $15,000 and was carried by the Hilltop Savings and Trust Company. Exception was taken to a clause in the bond which gave the security the privilege of releasing its obligation at its pleasure. When the bond was refused, Dr. Gould and the Citizens supporting him refused to vote for the drawing of warrants for the payment of bills of the current month, and the janitors, the telephone man, the gas man and other urgent creditors were told to wait.

"This is a holdup and a palpable attempt to injure me," shouted Dr. Gould. "You refuse to accept this bond. What do you want?"

"We want a bond that will not allow somebody to defraud the board and if the jury should happen to acquit him, would leave us no means of redress," retorted Chairman F. M. Caldwell, leader of the Democratic faction.

A vote on the question of accepting the bond was supported by Dr. Gould, Fred Koch and Edmund Bishop. Chairman Caldwell and John Carson voted nay. Joseph Huber, the secretary, refused to vote. The chairman declared the motion lost because of a failure to obtain a majority of the board. An appeal from the decision of the chair was taken, but Huber again could find no reason for voting. He took up the school board's book on parliamentary law and searched its pages for 20 minutes while the other members went out to get smoking materials. When they returned he was still unable to make up his mind and the appeal was lost.

The Gould faction then refused to vote for the payment of the bills and the vote on this stood 3 to 3. The election of a principal then was called. There were 28 candidates. At the 61st ballot Huber weakened and Prof. Baker was elected. Huber, now being a known quantity, the question of the bond was taken up and with his vote it was accepted. Roth's candidacy for re-election to the central board was not taken up, but it is likely to be the star bill at the next meeting and there seems good assurance of his victory.

MISS HUNTER DEPOSED AS PRINCIPAL IN OAKLAND

Fourteenth Ward Board Reduces Her to Assistant and Elects Carnegie Man as Her Successor.

Miss Marguerite A. Hunter, for 17 years principal of the Fourteenth ward schools, was deposed from her position last night by the school board, which is controlled by Citizens party members, and T. J. George, superintendent of the Carnegie High school, was elected as her successor after an exciting session that lasted until nearly midnight.

Miss Hunter was an applicant for re-election, and it is stated that she received two votes on the first, second and third ballots. Her friends, finding themselves in the minority, finally gave up the fight, and on the fourth ballot agreed to the selection of Mr. George, who had received only the same number of votes as Miss Hunter up to the last ballot.

Miss Hunter was reduced to the position of assistant principal at a salary of $1,400 a year. Two other assistants were elected—Miss M. G. Loudon and Miss Kate E. Anderson. Mrs. A. M. Andrews was elected teacher in Sylvan Avenue school. The position of principal, which Miss Hunter loses, pays a salary of $2,500. The principal has charge of four schools and about 2,500 pupils. The election of teachers was postponed until July 14.

A. C. Shaw, one of the school directors, stated that this was done in order to consult the new principal and his assistants about the selection of the teachers. It is stated by members of the board that quite a number of changes are to be made. Mr. Shaw was asked the reason for the change in the principalship and replied: "We want new blood." Mr. George, the new principal, is about 45 years of age. Miss Hunter succeeded J. P. Andrews, brother of Supt. Samuel Andrews.

Alleged Burglars Are Held.

Patrick Egan, John Conway, Martin Duffey and Benjamin Mains were held for court on charges of larceny and entering a building to commit a felony by Justice L. H. Holtzman in Braddock last night. They are the men arrested by County Detective Jerry Lutz Sunday morning on a charge of breaking into a storage house in Braddock. John Conley, who was shot by Lutz, is still in the McKeesport hospital, where it is thought that his leg will have to be amputated.

WAGE SCALE IS SIGNED AT LAST

Amalgamated Association and American Sheet and Tin Plate Company Come to Terms.

UNION YIELDS MANY POINTS

After a week of sparring, which several times came perilously close to an open rupture, a settlement was effected at 6:30 p. m. yesterday between the American Sheet and Tin Plate Company and the Amalgamated association.

The settlement was made by the subcommittee of the wage committee, headed by the President-elect P. J. McArdle. The new scale contains more concessions than the Amalgamated has ever made before. It is the most favorable scale that the American company has ever had.

The dealings of the Amalgamated with the independent sheet and tin plate manufacturers are yet to come. It is safe to assume that the independents will be satisfied with the scale obtained by the American company.

Yesterday forenoon the sub-committee appointed on Saturday, as told in Sunday's Gazette, was ready to confer, and the officials of the American company, headed by Vice President C. W. Bray, soon entered into the conference with them. About noon they reported to the general wage committee in waiting at the national offices in the House building, that they had a modified proposition. This was discussed and finally the subcommittee was sent back with full authority to act.

From 2:30 to 6:30 the details were considered and at the latter hour the agreement was effected. The members of this sub-committee were: President-elect P. J. McArdle, chairman; John Williams, national secretary-treasurer; William Young, New Castle, Pa., and Llewellyn Lewis, Martins Ferry, O.

Under the scale signed yesterday the same wages are to be paid as last year on both scales. All parts of both scales relating to limits of output are abolished. The disputed scale for spreading slabs on jobbing mills is left for local settlement in each case. Clause 2 of the sheet scale at the point where it reads "18 guage and lighter" is changed to read "23 guage and lighter." Where it reads "32 wide and over" it is made "36 wide and over."

All tonnage men and day hands are to be paid at the offices. Formerly the roller paid off these employes. Now the company will do it.

In the tin scale clause 7 is altered to read: "There shall be three turns of eight hours each and eight hours shall constitute a turn on tin and black plate mills."

In clause 5 of the memorandum of agreement an addition is made in the middle. This clause relates to the time of starting. Eight hours constitute a day's work, the mills starting at 5 a. m. and finishing with the first turn Saturday. It is provided that where the Amalgamated men and the local management of mills not having traveling cranes for changing rolls agree the mills may be started earlier than 5 a. m.

Clause 16, providing for extra pay for wide orders on tin mills, has been abrogated.

The present 1½ per cent rebate collection will continue until August 1; then, if necessary to take more of a rebate, the collection shall be increased to the rate in effect for two years preceding the last —2 per cent.

There are indications of a fight brewing between the tin plate workers of New Kensington and the American Sheet and Tin Plate Company. The corporation has two plants there, the Pittsburgh and the Pennsylvania works. The former plant was closed down several weeks ago, but the latter mill was operated steadily until last Saturday morning, when all the men on the morning turn quit because of a notice advising all the hot mill men that they would have to work under the Demmler scale after July 1.

Although the employes had surrendered their Amalgamated association charter and dissolved their lodge, they refused to accept the new conditions, which meant a reduction in wages of about 10 per cent. At the same time a notice was posted at the Pittsburgh works that the plant, which is a union one, would be started under the Demmler scale on July 5, and that applications for positions had to be in by tonight.

The members of the union immediately started to canvass the members of the lodge and other mill men and are endeavoring to keep all of them away from the plants. When the company heard of this action, the officials started to erect an eight-foot fence around the mills. A big fight is expected this week when an attempt is made to put the plants into operation. When running in full about 1,200 men are employed.

Seeks Advice and Is Arrested.

Frank Benedict of Donora visited the South Side police station last night and asked permission to carry a 38-caliber revolver with which to celebrate the Fourth. The police thought his patriotism due to other than natural influences and locked him up as a suspicious character.

Why Your Feet Burn and Ache

THE smarting, stinging pains in the bottoms of your feet are not caused by standing or walking, as you suppose, but by chemicals left in the sole leather after tanning.

When your feet perspire, these tanning chemicals are dissolved and absorbed, and the bottoms of your feet begin to tan. It makes them ache and smart and swell.

The only way these irritating chemicals can be entirely removed from the hide is by laborious hand scouring. The hides must be kept drenched with water and gone over again and again by hand with a wooden scraper. It takes days and adds dollars to the cost of the hide.

Hanan shoes are soled with scoured leather.

Other manufacturers use unscoured leather for soles, because it is far cheaper, and looks almost the same after the shoes are made up. But it is not the same, because after the tanning is complete the chemicals left in the leather weaken it,—make it brittle and unelastic.

Scoured leather—Hanan leather—is tough and firm, yet so perfectly flexible that walking becomes a pleasure.

If you wish relief from aching feet, and appreciate a perfect custom fit in a shoe, stop in at the Hanan store and try on a pair. All styles. The price is $5.00 to $7.00 and the shoe is worth it.

WHETHER YOU LIVE OR DIE

An Equitable Policy is a wise and profitable investment.

During the six months ending July 1, the Pittsburgh Agency of the Equitable Life paid 91 death claims, amounting to $606,074.93, or more than $100,000 a month—90 of these claims were paid within 24 hours after proofs of death were received—the other within 2 days.

During the same period, in settling 52 maturing twenty year Dividend Policies, the total premiums on which amounted to $105,872.50, Cash Dividends amounting to $42,975.94 were paid—an average of over 40 per cent on the whole 52 policies.

Thus it will be seen that the holders of Equitable Policies who survived, reaped a handsome profit, and the beneficiaries of those who died—most of them widows and orphans—were provided with immediate available means—the booklet "Growth" gives some interesting facts about the Equitable—call or write for it.

Tuesday, July 4, 1905.

The movement at Worcester, Mass., to raise a fund for the erection of a monument to the late Senator Hoar was promptly successful. Contributions, large and small, poured in from all over the country, and even from abroad. The list has been closed, as about $30,000 has been received, although only $25,000 was asked for. The virtues of such a man as George F. Hoar deserve all possible commemoration, as they are such as are the true salt of our institutions, preserving them from rottenness and decay.

Occasional premature explosions of firecrackers have reminded Pittsburgh people that the Fourth was at hand, but the impatient small boy has been kept in restraint much better than usual, for up to late last evening there was no outbreak of noise. It is not an easy matter to curb young America completely, especially when such freedom awaits him on Independence day, but the enforcement of the law in this city will compare favorably with that in any other community at this season, and the authorities deserve credit for it.

Apparently, the interest in magazine articles on frenzied finance is dying out, for Thomas W. Lawson is about to take the stump and continue the exploitation of his pet theories about the "system." He says he has never delivered a public address in his life, but he will start tomorrow on a tour through five states and will make six speeches. It is hot weather for such fiery oratory as may be expected from the assailant of frenzied finance, but Missouri, Kansas, Nebraska and Iowa do not mind the heat when the money power is being attacked.

While it is admitted that the New York, New Haven & Hartford railroad experiments with the third rail system have not been successful, the short line extending from the city of Hartford is not to be discontinued as had been planned. Preparations were made to return to steam power when the Hartford board of trade protested and demanded that some form of electric transit continue. The wires overhead, however, would make a trolley line along a steam road impractical, while the third rail has proved a danger on a surface track. So the New Haven system faces a dilemma which only an improved method of using electricity for power will completely solve.

It will be a difficult thing to fill John Hay's place, but if Elihu Root can be induced to accept it the administration will be strengthened by the presence of a statesman of the very highest order of ability. Mr. Root has indelibly inscribed his name upon our history by the great work he accomplished as secretary of war, in which position he was virtually governor of the territories acquired from Spain, and had to deal with problems of organization which he solved in a masterly manner. The army reorganization carried through by his efforts was a memorable achievement. After completing the work of organization that he had planned, he retired from office to resume his enormously valuable law practice, and if he again accepts public office it will be under a distinct sense of cogent public duty. Whether he will consider the present emergency such as to present the case to him in that way, is a question.

The presence of the Kniaz Potemkine with her crew of mutineers and revolutionists at a Roumanian port presents a serious problem to the authorities of that country, who are somewhat in the position of being in proximity to a dangerous conflagration. There are many Roumanians in the adjoining Russian province of Bessarabia, now the scene of intense revolutionary activity, and the spread of disorder may create difficulties on the frontier. The government is taking a wise precaution in concentrating troops at Kustendji to preserve order during the crisis. By coming into Roumanian waters the mutineers have become subject to the jurisdiction of that country, for their legal status is simply that of foreign deserters, but their possession of a battleship whose guns could play havoc in the town makes it difficult for the authorities to act on that theory. On the other hand, that ship is without a flag or country, and has no right to obtain necessary supplies, so that the mutineers occupy an untenable position. They must do something or they will be starved out.

Freedom's Day.

It is hardly possible that the average American will see very clearly through the mists of a century and a quarter the real genesis of the anniversary that he celebrates today. It is not that he lacks information, perhaps, for the history of the nation is an open book to each generation, and even the most unlearned among us is brought at some time into contact with the story of American independence. But the spirit of 1776 can hardly be understood by men and women who breathe the atmosphere of 1905. The years have begotten a new national attitude of mind as well as of purpose and achievement. We are Liberty's sons and daughters, but the slavery of our modern age has benumbed the power of conception to such an extent that it may be doubted whether the Fourth of July with all its patriotism and display has any more the power to stir the sense of national pride and veneration for the men who achieved its distinction and handed it down to us to be the red letter day of a great people.

Because this is true, however, and the day is no longer consciously a memorial of freedom's victories, is no reason why our comments on the day should be pessimistic. The anniversary remains the principal national holiday. It still marks the initial epoch of the national growth and becomes a sign board the inscription on which is as plain as day, even though all its meaning may not be understood. America is still the freeman's home. Its vast domains that are being peopled from every quarter of the globe continue to invite the wayfaring and oppressed to find here a home, and begin here afresh the quest for happiness and peace. The celebration of the Fourth re-emphasizes this fact year after year. It recalls the American to a sense of what is his by inheritance; and the reminder is sure to prove helpful. Patriotic fervor over the deeds of the men who stormed the defenses at Bunker Hill or slept under the snow at Valley Forge may have no very clear or concise inspiration in this modern observance of the national birthday, but no American, nor can the stranger who has sought a home among us, fail to be impressed with the spontaneous and overpowering love of country that flames forth on this holiday. It is our land. We have come into possession of it through the valor and glory of struggle and deprivation. Its soil is hallowed with the bones of our ancestry, and its greatness and power have the brains and love of our fathers as foundation stones. These truths are taught objectively today. The nation is. It speaks for itself, and whatever may be our misgivings as to the future the glorious consummation of Liberty's early dreams on New England's coasts and in the fertile valleys of young Virginia have been more than realized. Today we stand with uplifted head among the nations of the earth. Our civilization, our diplomacy, our statesmanship belong to the world, and in the possession the world is richer and finer.

These are not mere rhetorical flourishes. They are great facts that even the small boy may comprehend. If there are grave problems of government before us; if oppression has crept in and the nation faces the stern duty of fighting another war for personal, industrial and social freedom, the joy of the Fourth of July celebration need not be dimmed by a contemplation of the fact. With all our faults, with all our weaknesses and our brutality and lust of possession and wealth, we are a great nation, we are a free people, and the old flag inspires a shout of joyous acclaim. These are assets that mean something. They mean realization. Old world nations, many of them, have for years been going down hill; we have been and still are going up hill. The men who signed the Declaration of Independence and the men who fought for it dreamed dreams of empire. America today is realizing beyond even their widest reach those dreams. Isn't that enough to be joyful over? Doesn't that make this day one of deep and splendid significance, whether or not we grasp all the meanings that sketch themselves back to the genesis of the day?

Our Police Gazette.

The idea advanced by Superintendent Wallace, that our police department should issue a journal of its own, is pregnant with possibilities. He complains that the daily papers don't do justice to the police department—in fact, sometimes these papers are presumptuous enough to criticise the finest, even the heads of departments. There is no doubt some truth in what the superintendent says, but he should bear in mind that if justice were done to some members of the police departments in both cities the train service to Butler should be much improved in order to facilitate editorial excursions. There is also some ground for the superintendent's contention that if anything goes wrong the officials should have a chance to make an explanation, but they might sometimes find it rather hard to explain. However, these are minor matters, and casting aside every feeling of professional jealousy we hail our new contemporary to be, The Police Gazette of Pittsburgh.

It is to be confidently expected that the new journal will "scoop" all the city dailies every day, for everyone knows what a large part of the news the police department supplies. On a Monday morning a scarehead would announce that "Magistrate So-and-So Gets on a Tear and Is Arrested." On Tuesday morning the reader might learn how "Officer Popper Shoots Two Young Men For Being Out Late." On Wednesday there would be the news that "Captain Grafter Is Acquitted and Told Not to Do It Again." On Thursday the public would be apprised that "Vigilant Police Arrest Six Citizens on Their Own Doorsteps." On Friday, under Society Doings, might be noted that "Superintendent Who's-Who and Miss Birdie Feather Took a Flying Trip Last Night." On Saturday there could be official notices to speakeasies and other joints not to make too much noise on the next day while churchgoers are passing. And on Sunday there would, of course, be a special illustrated magazine, with half-tone portraits of our Sherlock Holmeses, surrounded by the crooks they might have captured. And in the "Letter Box" there would be a choice assortment of correspondence: "Sergeant Dope Says He Wasn't Drunk;" "Officer Cussem Denies Using Profane Language;" "Patrolman Snooze Declares He Was Only Pretending to Be Asleep to Lure Burglars On."

Yes, there is undoubtedly a great future ahead of the Pittsburgh Police Gazette. It is a mistake, however, to distribute such a valuable publication gratis. There are hundreds of shady characters who will gladly pay the subscription price to keep informed as to what the department of public safety isn't doing.

Is it Good or Bad?

At the last quarterly meeting of the Civic Federation of New York and vicinity there was a conference upon the immigration problem in which immigration and charity officials participated, together with others who have had special opportunities for obtaining accurate information. The opinions expressed were mostly contrary to current apprehensions as to the quality of immigration and its perils to the country. Nathan Bijur, president of the state conference of charities, stated that immigrants from Northern and Western Europe occupy twice the room in our charitable and penal institutions that is occupied by immigrants from Southern and Eastern Europe, who flock to this country in far greater numbers, and are usually considered a less desirable class. He pointed out that great as is the volume of immigration it is less in proportion to the population of the country than in any previous decade since 1840. As regards the tendency of immigrants to herd in the cities, he contended that it was no stronger than the general trend of population to cities. He was strongly of the opinion that in general immigration was a benefit and not a detriment to the country.

The position taken by Mr. Bijur was supported by Dr. Joseph H. Senner, ex-commissioner of immigration, who was particularly emphatic in contradicting the idea that the flood of immigration was due to the enterprise of the steamship companies in soliciting business. More people came when rates were high than during the steamship war, which cut rates to a low figure. The true spring of immigration was the desire of people to better their condition, and the agency of people who prosper here and write home about it is more influential than all the steamship agencies. Emil L. Boas, general manager of the Hamburg-American line, gave similar testimony. The greatest immigration agent is the United States mail. The steamship companies do nothing more than to announce the dates of their sailings. He also pointed out that if immigration is large, so also is emigration. Last year there were 693,000 arrivals in the steerage at four Atlantic ports, but 323,000 left in the steerage.

On the other hand, A. W. Sullivan, editor of the Weekly Bulletin of the Clothing Trades, made an impassioned address in favor of exclusion in the interest of labor. He held that every region and occupation in America is already over-supplied with cheap foreign labor, and the flood of immigration tends steadily to debase living conditions in the cities and depress the remuneration of labor.

This contrariety of opinion among experts led to action which should have valuable results. It was decided to request the National Civic Federation to appoint a committee composed of men of national standing to investigate this question of immigration and report at as early a date as possible. An authoritative report of this character would afford needed guidance to public opinion.

QUIET OBSERVATIONS

By ERASMUS WILSON.

When freedom, from her mountain height,
Unfurled her standard to the air,
She tore the azure robe of night
And set the stars of glory there;
She mingled with its gorgeous dyes
The milky baldric of the skies,
And striped its pure celestial white
With streakings of the morning light.
Then from his mansion in the sun
She called her eagle bearer down,
And gave into his mighty hand
The symbol of her chosen land.
—J. Rodman Drake.

That's the stuff.

It is picturesque enough, and lofty, too, but not a whit too much so.

In order that patriotic poetry may effectually stir the heart it must be thrilling, for it is the thrill there is in it that does the work.

And who doesn't want to be thrilled today, and made to feel that his is the greatest and best country on the face of the earth, and that his flag is not only the handsomest but the most respected flag that floats in air anywhere?

* * *

This is the day, and there is the flag, and here you are; so may we expect you to cut loose from the business ties that bind so closely, and be a boy again—one of Uncle Sam's chosen sons, called and sent to preach political righteousness to all the people throughout the world.

You need'nt go to the four corners of the earth and to the islands of the sea to do this, for you can send your flag there and it will tell the story of freedom so that it may be understood by every tribe and every tongue the world over.

Your actions will speak louder than words. Deal fairly and squarely with the people everywhere, thereby winning their respect for your flag. And when they are oppressed send the flag to their relief, and they will never forget it.

As a missionary in the cause of human freedom and personal liberty your Uncle Sam has no peer, although he is modest in appearance, and of few words. He wins confidence by his conduct at home and his actions abroad. His sermons are practical and readily understood by the people of every land without the aid of an interpreter.

And what your Uncle Sam says goes and that's right. Nor does the fact of his boundless influence put fight into his head, or swell him up like a braggart.

Don't you think you ought to be proud of this old uncle of yours?

* * *

He is called uncle because he is that sort of a chap—a regular universal uncle.

He is our uncle first, but other people are beginning to call him uncle, and he rather likes it. Nor does it matter to him of what color, nationality or religion they may be, for he sees great possibilities for their future, and it is for them he cares most.

You may object to some of the new cousins that he has adopted. And they may not be up to your standard in all things, but uncle says you must give them a chance. Because they are your adopted cousins you don't have to go and live with them, nor live as they do.

But as he says give them a chance, treat them fair and square, and help them some, and it won't be very long until they are fit to associate with.

That's the sort of missionary he is, and he has done more effective work since he got things settled to his liking here at home than all the missionary societies in the world. And he says he has hardly got a move on yet, and bids you wait until he gets his coat off, and then he'll show you a thing or two that will cause you to open your eyes wide.

He is a dandy, your Uncle Sam is, and you can't yell his name any too loud, nor flaunt his flag any too high today.

* * *

And your Uncle Sam can afford to go ahead when he knows he is right, for he has the sort of backing that can be trusted at any time, and all the time.

He is no fighter, unless he just has to; but when he does wade in he wastes no time but proceeds to clean up the job in short metre.

No, he doesn't want to fight, but he isn't afraid to. And when it comes to the pinch he has the guns with plenty of men behind them, and plenty more at home waiting for a wink or a nod.

And these boys of his have the right sort of grit, and lots of it. While they don't like to see blood, they are not a bit squeamish about bleeding the other fellow, nor even about shedding their own.

Do you remember the roll call after Chickamauga?

"Corporal Greer!" the orderly cried;
"Here," was the answer loud and clear
From the lips of a soldier who stood near,
And "Here," was the word the next replied.

"Cyrus Drew,"—then a silence fell—
This time no answer followed the call,
Only his rear-man had seen him fall,
Killed or wounded, he could not tell.

There they stood in the failing light,
The men of battle, with grave, dark looks,
As plain to be read as open books,
While slowly gathered the shades of night.

The fern on the hillsides was splashed with blood,
And down in the corn where the poppies grew
Were redder stains than the poppies knew;
And crimson-dyed was the river's flood.

For the foe had crossed from the other side
That day, in the face of a murderous fire
That swept them down in its terrible ire;
And their life-blood went to color the tide.

"Herbert Cline!" At the call came
Two stalwart soldiers into the line
Bearing between them this Herbert Cline,
Wounded and bleeding to answer his name.

"Ezra Kerr!" and a voice answered "Here!"
"Hiram Kerr!" but no man replied;
They were brothers, these two, the sad wind sighed,
And a shudder crept through the corn field near.

"Ephraim Deane!" the a soldier spoke;
"Deane carried our regiment's colors," he said,
"When our ensign was shot; I left him dead
Just after the enemy wavered and broke.

"Close to the roadside his body lies;
I paused a moment and gave him a drink;
He murmured his mother's name, I think;
And death came with it and closed his eyes."

'Twas a victory—yes; but it cost us dear,
For that company's roll when called at night,
Of a hundred men who went into the fight,
Numbered out twenty that answered "Here!"
—N. G. Shepherd.

* * *

That's the sort of men who are behind your Uncle Sam. And there are lots of them, and more coming to take the places of those who may be called from the ranks by death.

No braggarts these, nor boastful of their power, but brothers all, and to all in whose hearts there is a germ of freedom's flower.

TALKED OF IN GOTHAM

By FRANK A. PARKER.

[By Private Wire to The Gazette.]

NEW YORK, July 3.—The people of New York still have in mind the General Slocum horror of a year ago to such an extent that there is an added nervousness whenever there is any sort of an accident on the harbor boats. This morning there was a panic on the ferryboats Virginia and Long Beach when a collision occurred that did little or no damage. The Virginia was just leaving her slip when the current caught her and carried her directly in the path of the Long Beach. The collision could not be avoided, and there was an instant scramble for the life preserver racks. Not half the passengers had secured life preservers when the crash came, but luckily none of them was needed, as the collision did not particularly harm either vessel. In the accident this morning the deckhands proved their coolness by running among the passengers and calming their fears. Some of the women tried to leap overboard, but were prevented by male passengers or deckhands.

The harbor around New York is probably the most crowded in the world, because of the number of cities on all sides which send thousands of passengers to Manhattan on every working day. It is therefore not to be wondered at that there is an occasional accident. Slight collisions occur every few days but seldom is there any great damage. The wonder is that there are not more serious accidents in the harbor every day.

Small Boy Is Kept Quiet.

No city in the United States probably ever had a quieter third day of July than New York enjoyed today. The order of Commissioner McAdoo that the celebration should be reserved wholly for the Fourth was rigidly enforced and only an isolated firecracker was heard, and that always in some remote corner of the city where the beats of the policemen are long. It was hard to think that tomorrow is to be the small boys' great day, since he was so little in evidence in advance. The order worked so well this time that it is likely to be made a permanent one for coming years.

Burglars Drank the Soda Water.

The general belief that the ordinary policeman is deaf, dumb and blind was never better illustrated than early this morning, when an officer stood not more than 50 feet from the scene of a robbery and never knew of it until a report was made at headquarters. George Gergakoulikas had put in an extra supply of soda water at his place in Pelham avenue, in anticipation of a thirsty crowd tomorrow, but his business was ruined by the burglars. They not only drank a good portion of his soda water and stole all his cigars and candies, but they cut the lead pipe from around the soda fountain and got away with that. All the while they were at work a policeman stood guard 50 feet away at the saloon of August Zimmerman, the former champion rifle shot, whose trophies are kept in a case there and require a special watch.

Stop Trains to Save River Victim.

John and Nathan Nevin, signal men at the Eighty-eighth street crossing on the New York Central railroad, stopped all trains today in order that they might save Catherine Cowan from drowning. They saw the woman jump into the river, set the signals, then hurried to the rescue in a row boat. A number of trains were waiting to get by the block when the two men returned to their railroad duties. The woman is a prisoner at the hospital.

And the Police Only Wink.

Commissioner McAdoo is really trying to have the excise law enforced, but he can never be successful so long as the policemen on duty wink at its fracture. Last night there was one saloon just off Herald Square that not only kept wide open, but even did business on the sidewalk. To be sure the front door was closed, but the side door was wide open to every one who had accumulated a thirst, and on the sidewalk beside the door was a table surrounded by a half dozen thirsty men, to whom beer and other drinks were being served. Although it was Sunday evening there was not even a pretense of serving the Raines law sandwich. It must have been a hard task for the policeman on the beat to keep away from that particular spot all the evening.

Something the Matter With Kansas.

Kansas is going to have all sorts of things the matter with her during the next few days. District Attorney Jerome leaves tomorrow to address a Chautauqua at Ottawa, and he may be expected to say a few things in a way to surprise even an ex-Populist. While Mr. Jerome is in the state Thomas W. Lawson will also be there, and everybody knows there must be some action wherever that characteristic Bostonian whets his voice and starts going. These are at least two men who can out-Kansas Kansas.

Great Year for Fishermen.

All reports from up-state indicate this is one of the best years in history for the fishermen. Black bass are biting beautifully and fish weighing four pounds and are not rare. One man exhibited a string of 13, including two weighing four pounds each, while the whole string averaged two pounds. Fish weighing more than a pound are so numerous as to be considered plentiful. The same reports come from all the lakes and streams in the mountains, and local sportsmen are preparing for a great season.

Day Given Over to Sport.

There will be no regular celebration of Independence Day in New York tomorrow. The day will be given over wholly to baseball, races, both horse and automobile, golf, tennis, yachting and trap shooting. We might be allowed to forget what the day means were it not for the ever-present small boy and his noisy way of rejoicing that we are now a free and independent people. Then, of course, we have the privilege of staying at home and reading the Declaration of Independence to our own family circle, if we have one.

TETANUS

The Deadly Disease Likely to Follow Fourth of July Accidents.

A certain number of wounds and a certain number of deaths are the almost unavoidable result of celebrating the Fourth of July in the manner that now prevails. The ignorance of children and the indiscretion of adults will result in injuries more or less serious and more or less numerous just as long as people are allowed in large numbers to amuse themselves with explosives, but fortunately the adoption of measures for the prevention of deaths from Fourth of July tetanus need not wait for the prevention of the injuries that give rise to this disease. The prevention of the original wound is undoubtedly the best way of preventing tetanus infection, but the avoidance of death in one of its most dreadful forms is scarcely less certain if the wound that has been received is promptly and properly treated and it is for such treatment that a plea is now made.

The health officer of the District of Columbia has this to say about tetanus to a Washington Star man:

"Tetanus is an extremely fatal disease, due to the growth of tetanus bacilli at some point within the tissues of the body, and to the distribution throughout the body of a most virulent poison resulting from such growth. Of the acute cases, which may be said generally to include all cases in which the first symptoms occur within seven days after the injury, 90 per cent end in death, no matter what form of treatment may be adopted. Of the chronic cases, those in which the first symptoms are slower in appearing, about 50 per cent prove fatal. But while cure is difficult at best and in most cases impossible, prevention is comparatively easy.

"The bacilli which are to be dreaded are those which are buried in the recesses of the laceration or hidden in the depths of the puncture. They must be gotten at and be removed if possible, and, if removal is not possible, they must be destroyed and the wound must be left in such a condition as to prevent the growth of any remaining bacilli which have escaped destruction.

Should Be Cleaned and Exposed.

"To accomplish the results just stated it is necessary in the first place that the recesses and the pockets in which germs may be hidden be laid open; that is, that the possible hiding places of the germs be converted from deep, narrow wounds into wounds which are wide open. Firstly, it renders possible the washing away of at least a part of the germs by means of water or of germicidal solutions and facilitates the destruction by germicides of such germs as may remain. A little bleeding does good rather than harm, as it tends to carry away any germs which may have found lodgment in the deeper portions of the wound. And secondly, the laying open of the wound exposes the wound surfaces to the air, and the presence of air, as has already been stated, will prevent the development of such tetanus bacilli, if there be any, as have neither been washed away nor killed. No effort is made to secure the healing of such wound without scars. The edges are not drawn together, but the wound is deliberately kept open by the introduction of sterile surgical gauze, possibly medicated, so as better to facilitate free access of air. It is better for the patient to recover with a scar than to die without one.

The Use of Antitoxin.

"There seems to be no question as to the value of the treatment just mentioned in preventing tetanus. In order further to insure the prevention of this disease many competent observers recommend the injection of tetanus antitoxin immediately after the receipt of the injury and without waiting for symptoms of tetanus to appear. Certainly the injection of this substance does no harm, and much that has been published seems to bear out the claims of those who contend for its usefulness as a preventive of this disease. The Journal of the American Medical association, which has probably accomplished more than any other one agency in the collection of information as to the character and extent of Fourth of July casualties, at a very recent date reported that it had yet to learn of a single instance in which a patient with a blank-cartridge wound who had received a prophylactic injection of tetanus antitoxin later developed tetanus, although there were instances enough in which the patient had been so treated in which the disease subsequently developed. It seems, therefore, only fair to the victim of a Fourth of July injury such as ordinarily gives rise to tetanus that he should have the benefit of the protective influence, whatever it may be, that lies in tetanus antitoxin. So well is this established that in some instances hospitals and dispensaries which have anticipated demands for the immediate treatment of such injuries have provided themselves beforehand with this remedy in order to be able to administer it at the earliest possible moment.

Dr. Holmes' Interest in Trees.

I asked the Beverly Farms liveryman what most interested Dr. Holmes in his drives about the surrounding country, and he said, as I expected him to say, "Measuring big trees." There were some trees he never could pass until that measurement was made and put down in his notebook. Most of us have learned of this hobby from the "Autocrat" in which Dr. Holmes tells where the biggest trees that he has measured are located—the West Springfield elm, the Sheffield elm, the Hatfield elm, and so on. On an excursion the doctor was never without a tape measure and a notebook, in which he recorded the statistics of his "tree wives," as he called them.—Country Life in America.

Rubber Film Glove.

A rubber film glove has been devised for surgeons. The gloves are "put on" by immersing the hands in a weak solution of gutta percha in benzine or acetone. The purpose of the film is to seal the surfaces of the hands with an insoluble, impervious and practically imperceptible pellicle, which will not admit blood, pus or secretions. Such a protective measure for surgeons is said to be preferable to working with rubber gloves, in as much as the sense of touch or pliability of the skin is not impaired in any way.—Indianapolis News.

Inoculation Against Typhoid.

From the Chicago Record-Herald.

The best way to protect an army against typhoid fever, that terrible enemy which it must face in both peace and war, is doubtless by careful sanitation. Another method from which much is hoped, and which can be applied in time of peace so that its good results can be reaped later on in time of war, is by inoculation. Germany has recently had a commission, composed of some of the nation's greatest medical students, at work upon the subject, and the findings have just been made public.

A Noiseless Patriot.

When freedom from her mountain height
Unfurls her standard to the air,
And tears the robe of night and day
Beyond, 'twould almost seem, repair—
Unlike the stars of glory I
Shall not be there—shall not be there.

When cannon crackers split their sides,
And pinwheels spin and rockets glare,
When bombs explode and mines erupt,
And roman candles flax and flare—
Unlike the roman candle I
Shall not be there—shall not be there.

Let pandemonium break loose!
Let cannon roar and brass band blare,
While freedom tears the welkin's robes
And oratory saws the air,
I'm glad to say that I for one,
Shall—not—be—there—shall—not—be—there. (Falls asleep.)
—Puck.

PICKED UP IN LOBBIES

Starting With Good List.

The new Fort Pitt hotel will be opened to the public September 1. The management hoped to open the house earlier, but progress on the structure became such that it was feared for a time that a later date would have to be selected. That the new hostelry will prove a popular one is evidenced by the many inquiries made every day by traveling men from all over the country as they happen into the city, and by Pittsburghers who make the hotels their homes. Already a large list of downtown men is booked for permanent rooms and suites in the hotel, while the management has received numerous assurances of patronage from former friends in the commercial world.

The Fort Pitt will be strictly a commercial house, in contradistinction to a family hotel. It will be operated on the European plan at popular prices. The fact that it contains [illegible] rooms shows that it will go far toward helping solve the hotel problem in Pittsburgh during the busy season, when the present facilities have been found too few for the traveling public. The house will be under the management of Charles A. Blanchard, who for four years was the popular manager of the Hotel Schenley until his resignation last spring. He will have an able assistant in his chief clerk, George De Shields, who has been for some years chief clerk at the Schenley.

Epworth Leaguers Go to Denver.

About 200 members of the Epworth league of the Methodist Episcopal church, most of them delegates, left Pittsburgh last night for Denver, where the seventh international convention of the Epworth league is to be held. The convention will open tomorrow and will continue until next Sunday night. There were about 150 persons in a party that went to Chicago over the Baltimore & Ohio railroad. At Chicago they will join other delegations, and will be carried to Denver on a special train. A like number left over the Panhandle, some of these occupying two special Pullman cars attached to the St. Louis express train No. 2. The members of these two delegations were from Methodist Episcopal churches in Pittsburgh and vicinity.

Doctors Going to Convention.

There were 250 physicians occupying a special train which ran as a section of train No. 25 on the Panhandle last night. Most of the physicians were from the east, and were joined here by some of the local physicians. The doctors are en route to the annual convention of the American Medical association, which is to be held at Portland, Ore. This is but one of the many conventions to be held at Portland this summer because of the Lewis and Clark exposition.

People Coming for the Fourth.

At all of the railway stations and hotels last evening could be seen evidences of people coming from nearby towns to Pittsburgh for the Fourth of July celebration. While thousands are spending the Fourth away from the city, their places are being filled by out-of-town people who come to the hotels or to visit with friends. At all of the hotels the registers showed a much larger list of names than usual, many of these being persons from nearby towns. It was also noticeable that there was a larger patronage of traveling men than usual. They come here to spend the Fourth rather than remain in some of the smaller places.

Mayor Hays Wants to Fish.

Mayor Hays is trying to arrange his affairs to get away for a short vacation on July 15. If successful he will accompany some friends into the mountains of Virginia, along the line of the Chesapeake & Ohio railroad, where it is said mountain trout are plentiful. The mayor intends to rough it there a la President Roosevelt.

SENDS BULLET THROUGH HEART

George P. Stewart Kills Himself on the Steps of His Home Because of Ill-Health.

OTHER CASES FOR CORONER

Sitting on the steps of the walk leading to his home at No. 6801 Kelly street, George P. Stewart, aged 56, an engineer employed at the Brilliant pumping station, shot himself through the heart with a revolver last night at 8:45 o'clock. Ill health is thought to have been the motive. Stewart was a veteran of the civil war and had been suffering from a disease contracted during service. For the past week he has been suffering from neuralgia and this trouble, added to the other ailment, is thought to have induced him to take his life.

Stewart had been away during the afternoon and is thought to have purchased the revolver then, as his family did not know of his having one in his possession. Mrs. Margaret Stahley, who lives next door to the Stewarts, and who was sitting on her front porch, saw him walk to the street and fire the revolver into the street. She became alarmed and started to tell the Stewart family of his actions.

While she was gone Stewart sat down upon the terrace steps, placed the revolver against his left breast and pulled the trigger. The bullet penetrated his heart and he fell backwards with the revolver gripped in his hand, just as Mrs. Stahley and his wife came out of the house.

Stewart was dead when a physician arrived. He is survived by his widow and five grown children. He was a member of the Grand Army of the Republic, having fought through the war of the rebellion in company K, Eighteenth regiment, Pennsylvania Volunteer cavalry.

The body of Amos Glover, aged about 35, a deck hand, was found floating in the Monongahela river at the foot of Short street at 2:15 p. m. yesterday and was taken to the morgue. The body was washed up by the waves of a passing steamboat.

At the inquest into the death of George J. Drake, who was found with his throat cut last week in the rooms of Mrs. Nellie Kelleher, 713 Monitor street, Allegheny, the coroner's jury yesterday returned a verdict of suicide. Mrs. Kelleher appeared at the inquest with bandages on her head and both eyes discolored, as a result of the wounds she received when Drake beat her with a handybilly. She testified she had known Drake for two years and that he killed himself after beating her. She was discharged from custody by the coroner.

Charles Anderson, aged 38, a beggar, was killed at the works of the Clinton Iron and Steel Company, South Side, yesterday morning, by an engine which was shifting cars.

The Death Roll.

John H. Frederick.

John H. Frederick, cashier of the Pennsylvania Railroad Company, and the oldest employe of that company on the lines west of Pittsburgh, died yesterday afternoon at 2:35 o'clock from Bright's disease and pneumonia, at his home, Penn avenue and Peebles street. Mr. Frederick had been in ill health for several months, but had not thought his condition dangerous. Three weeks ago he went to Rochester, N. Y., to visit his son, John H. Frederick, Jr., who is the representative of Swift & Co. in that city. During his stay there he was taken ill with pneumonia and was brought home last week. His condition steadily grew worse, and on Sunday afternoon he became unconscious, remaining in that condition until his death. Mr. Frederick was born April 22, 1837, at Braeburn station, at the mouth of Chartiers creek, and was a son of John and Isabella Hamilton Frederick. His early life was spent at Drennen, Westmoreland county, where he attended public school, afterward graduating from the Turtle Creek academy. He learned the drug business and then accepted a position under Capt. David Brickel on a steamer running on the Ohio river. For several years he worked for a wholesale drug firm in St. Louis, after which he served on the engineering staff of John S. Love, resident engineer of the Pennsylvania railroad. He was made bookkeeper in the treasury department of the Pittsburgh, Fort Wayne & Chicago railway, which position he held until 1873, when he was made paymaster of the Pennsylvania lines west of Pittsburgh. This position he held for 37 years, when he was made cashier. Mr. Frederick was twice married, his first wife being Miss Margaret Hill, who died in 1877. His second marriage was in 1880 to Lydia Y. Hays, who died in 1893. He leaves two sons, Frank H. Frederick, with Swift & Co. at Chicago; John H. Frederick, Jr., of Rochester, N. Y., and a daughter, Elizabeth B. Frederick, at home. Funeral services will be held at his late residence tomorrow afternoon at 3 o'clock, and will be in charge of the Rev. Dr. Thomas Parry, pastor of the First Presbyterian church of Wilkinsburg, and the Rev. S. H. Moore, pastor of the First Presbyterian church of New Castle.

Mrs. Annie M. Meyer.

Mrs. Annie Mary Meyer, an old and widely-known resident of Allegheny, is dead at the family residence, 26 High street, after an illness covering a period of almost three months. Mrs. Meyer was born in Hanover, Germany, October 20, 1830, and with her late husband, Christian Meyer, immigrated to this country in 1850, settling in Allegheny. Mrs. Meyer had lived on the North Side ever since, and was one of the best known women in that vicinity. She was a charter member of St. Matthews' German Lutheran church of Allegheny, and was an active worker in the church. Surviving her are the following children: John C., William F., L. H., George, Ernest, Charles and Miss Emma Meyer. Funeral services will be conducted at the family residence at 2 o'clock tomorrow afternoon by the Rev. C. H. Horst.

Miss Eva Beall Sweadner.

Miss Eva Beall Sweadner, daughter of Mr. and Mrs. Richard Sweadner of Fifth street, Braddock, died yesterday morning from complications following an attack of grip. She was born in Braddock 22 years ago and graduated from the Braddock High school in the class of 1901, as salutatorian. She was elected a teacher in the First ward, Braddock, where she continued until her final illness. She was a member of the First Methodist Episcopal church. Besides her parents, she is survived by three brothers and one sister, Charles A. Sweadner, burgess of West Homestead and managing editor of Money; Robert, chief electrician at the plant of the Colonial Steel Company at Monaca; Frederick, at home, and Mrs. Edward B. Sharah of Braddock.

Arthur P. Bliss.

Arthur P. Bliss of Lobinger avenue, North Braddock, died yesterday from heart trouble. He was born at Bellevernon 34 years ago and had lived in Braddock 24 years. He married Miss Fannie Seigh 14 years ago. He was a member of the Fourth Street Methodist Episcopal church and Husband Lodge, Knights of Pythias. He is survived by his wife and two children, and his father, Uriah Bliss of Bellevernon.

Charles W. Heard.

Charles W. Heard, aged about 45, died last evening at his home in Sherman avenue, Bellevue. Until his illness Mr. Heard was employed in the offices of the Pennsylvania Railroad Company at Union station. He was a member of the Bellevue Methodist Protestant church, and is survived by his wife and one daughter, Mrs. Ford Snee of Bellevue.

Obituary Notes.

Samuel M. Tucker, one of the best-known residents of Monessen, died at his home there yesterday morning, aged 76 years.

Thomas Wray, aged 68, died yesterday morning at his home near Cheswick of apoplexy. He was a member of an old and well-known family and lived on the Wray homestead with George Ruffle.

Edward T. Stiber, aged 73, died Sunday at the Hotel Bowmont, Allegheny. During the civil war he was employed by the government in a private capacity, and traveled extensively. He leaves a sister in Kansas City.

Julius Medvetsky, aged 17, son of the Rev. J. A. Medvetsky, pastor of the St. Nicholas Greek Catholic church, South Sixth street, died Sunday at his home, 712 Carson street. He was a student at St. Vincent's college, Beatty, Pa.

Blucher, going to Amsterdam to buy Diamonds, and to Berlin, Paris and London for Art Goods. Mr. Gillespie will be abroad about seven weeks, returning the latter part of August with a large stock of Diamonds and Art Goods.

TWO LADS IN DISTANT INDIA ARE EDUCATED BY PITTSBURGHER

The Two Boys Sitting in the Foreground Are Mr. Eddy's Proteges.

In far away India are two native boys who are receiving a liberal education and are being taught the doctrines of Christianity through the efforts of a benefactor in this city whom they have never seen. All the expenses of the tutelage in a mission school is being borne by Nathan S. Eddy of the local weather bureau, and although Mr. Eddy has never seen his young proteges and perhaps cannot pronounce their odd names, he takes the kindliest interest in their material and spiritual well-being. Some day he expects them to give a good account of themselves. Both are designed for the ministry, and Mr. Eddy's prayers supplicate for their success in soul-winning, a field which offers boundless opportunities in that pagan land.

The Rev. J. C. Lawson and Mrs. Lawson, both well known in Pittsburgh, have charge of a missionary school in Pilibhit, India, known as the Northern India Industrial mission. Manual training is given, as well as an education in literature and in the Bible. The school is supported largely through donations and contributions of societies in America, but a number of the pupils are maintained in the institution at the expense of individuals in this city. Mr. Eddy heard of the opportunities for good work and wrote Mrs. Lawson, saying that he was prepared to provide for the education of two bright lads. A few days ago Mrs. Lawson sent a photograph of his proteges. They are lads 10 and 12 years of age, respectively, and give evidence of a bright future, and sucessful careers in teaching the "old, old story" to their heathen brethren.

SHOE FASHIONS

Among smart dressers the Tan Shoe has become quite the thing again.

This is especially the case in New York, Philadelphia and Baltimore, and is obtaining favor in Pittsburgh.

Tan Shoes for general wear and white duck shoes for evening wear are quite the vogue among ladies who like to feel well dressed.

The styles are mostly low cuts, known as Oxfords—or specially by the shape, as "Court Ties"—and "Gibson Ties," with light or medium weight soles.

Stylish Tan Oxfords and White Duck Oxfords are scarce—many stores in Pittsburgh being afraid to handle them.

We are showing a very large and complete assortment in both lines, and invite ladies generally to inspect them.

The prices range from $1.50 upwards, and we show them in all sizes and widths.

TREBLE MAJORITY AGAINST HUMP

Select Councilman Frederick Says His Ward Will Defeat Bond Issue by 1,500.

HE SPEAKS FOR SOUTH SIDE

"The Twenty-seventh ward will be a unit against the hump bond issue. Last year the ward gave a majority of 571 against the hump; this year it will give a majority of 1,500 against it," said Select Councilman L. H. Frederick of the Twenty-seventh ward yesterday.

"The same feeling prevails in all of the South Side wards. The South Side people believe that the abutting property should pay for the improvement of the hump district. What benefit would it be to the Twenty-seventh ward or any other South Side ward, to cut down the hump in the downtown district of the city? Our ward is on a hillside, and we have harder grades to travel than any on the hump.

"The recent correspondence and controversy between H. C. Frick and Director Bigelow has been of great benefit to the South Side and the people generally of the city. It has given them new light on the hump question and enabled them to understand things they did not understand before. It has greatly strengthened the opposition to the proposition to make the people at large pay $2,000,000 in taxes for an improvement that will benefit only the property on the hump or in its immediate vicinity.

Does Not Benefit South Side.

"Whom else will it benefit? Yet they ask the South Side and other distant sections of the city to help pay for it. The purchase of property in the hump district and the payment of excessive real estate prices for speculation shows whom the hump cut would benefit. It is said that the improvement will pay for itself in increased taxes in the hump district. That is no argument why the whole people should pay the expense.

"Every improvement, of course, increases the value of the property in the immediate vicinity and naturally might result in the taxes on this property being increased. If that were not true there would be no value in any improvement.

"Because the hump cut might improve the abutting property as to make it more valuable is no reason why the South Side and other sections, whose properties are not improved by the hump cut, should be made to pay for it. I expect to see an overwhelming majority cast against the proposition to issue $2,000,000 bonds to pay for the improvement.

Dare Not Advocate Bond Issue.

"Our people are against it and to advocate it means political suicide for any councilmen or politicians on the South Side. Some councilmen who are closely identified with the administration may vote for the ordinance to submit the question to the people, but these same councilmen will not solicit a vote for the bond issue at the polls. I believe the hump cut when completed would cost two or three times $2,000,000.

"If a 15-foot cut is adopted there will be no reduction in the amount of the money the people will be asked to authorize for a bond issue. The ordinance for an 18-foot cut provides that $2,000,000 worth of bonds shall be issued. Director Bigelow says that if the 15-foot cut is adopted the ordinance will specify that the bonds 'shall not exceed $2,000,000,' thus giving the administration the option of issuing the entire $2,000,000 if it so desires.'"

"I don't know whether Mr. Frick will finally agree to the 15-foot cut or not," said Mayor Hays yesterday. "It is possible he may do so and the 18-foot cut be adopted. Director Bigelow is not committed to the 15-foot cut."

OLD HIGH SCHOOL PUPILS TO ASSIST CELEBRATION

Meeting of Prof. Philatus Dean's Former Students Called for Tomorrow Night.

A meeting of those who attended the Pittsburgh Central High school as pupils between the years 1855 and 1871, embracing the period of the late Prof. Philotus Dean's connection with the school, has been called for tomorrow night at 8 o'clock, at the Fifth Avenue High school building. The purpose is to form an organization of Dean's pupils, whether graduates or not, to arrange for a celebration of the semi-centennial of the school in September.

Since the matter was first agitated it has been determined to consider other matters also. One is the repairing of the Dean monument, erected by his former pupils in Uniondale cemetery in 1871, another the gift of some kind to Mrs. Dean, who still survives; to erect a tablet in the Central building in remembrance of those high school pupils who fell in the civil war, and still another, to assist in the semi-centennial celebration of the opening of the school in September.

The call for the meeting was signed by W. C. King, W. S. McCutcheon, S. W. Hill, Eustace S. Morrow, Robert D. McKee, John T. Denniston, C. C. Scaife, Capt. I. N. Burton, Joseph S. Hamilton, Alex C. Montgomery, E. W. Demmler, Walter Renton, John A. Wilson, G. W. Little, G. W. Beggs, H. F. Dannals, Thomas E. Renton, Thomas B. Barnes, John H. Kerr, J. E. McKelvey, Richard Cannon, John F. ALCOHOL EXPLODES.

One Man Burned in Fire at Presbyterian Hospital in Allegheny.

The explosion of a large vessel of alcohol in the dispensary of the Presbyterian hospital, Ridge avenue and Walker street, Allegheny, shortly before 10 o'clock yesterday morning, caused a fire that threatened for a short time to cause serious damage. Edward Hopkins, an orderly, who was in the storeroom, was badly burned about the legs.

It was his cry for assistance that attracted Dr. W. C. Dice. The latter helped Hopkins out into the yard and closed the door of the dispensary. This act stopped the spread of the blaze. During the excitement the nurses carried several patients from the building. All were returned within a short time and none suffered because of the experience.

MUCH OF INTEREST IN NEW YEAR BOOK OF THE CHAMBER

The year book and directory of the Pittsburgh chamber of commerce, compiled by George H. Anderson, has been issued. It contains the annual reports of all the officers, the Greater Pittsburgh act and the addresses given at the annual banquet held at the Hotel Schenley. In his annual report Mr. Anderson says: "The chamber of commerce this year marks the 30th anniversary of its existence, and it is a matter of congratulation to all interested in its welfare that the membership, conditions for usefulness and finances were never more prosperous at any period of its history."

Hospital Directors Are Chosen.

The annual election of directors of the South Side hospital was held yesterday afternoon by the contributors to the institution. Those chosen were: Dr. C. C. Hersman, Frank C. Harper, John Siegerth, Charles Gross, John S. Walker, Charles J. Andrews, Edward B. Goode and J. H. Vitchestain.

S. C. WILKINSON FAILS TO APPEAR

Bond of Juryman, Charged With Embracery in Graft Case, Is Forfeited.

COUNTRY IS TO BE SCOURED

Samuel G. Wilkinson did not appear in court yesterday to answer the charge of embracery against him. Wilkinson is alleged to have attempted to influence Juryman James Haywood, who was serving on the jury trying a charge of extortion against Police Captain James Wilson of Allegheny. Through the efforts of Amos Dachroth and two of his assistants, Wilkinson was discovered, it is charged, attempting to "bias the mind and judgment of the juror," and it was upon that charge he was to have been tried yesterday. One of his attorneys, Rody P. Marshall, was out of town, and Attorney Ralph Tannehill could not account for the defendant's absence, unless he had fled.

When criminal court opened, District Attorney Stewart and Attorneys Haymaker and Marron, who have been assisting him in the anti-graft prosecutions, were ready to proceed with the trial of Wilkinson and his name was called. He did not answer, and the tipstaff was directed to call his name in the corridors several times. After a fruitless hunt application was made for a process to bring Wilkinson into court, and proceedings were begun to forfeit his bail bond of $1,000. A deputy sheriff was sent to Turtle Creek, where Wilkinson makes his home, to serve the process and also the notice of proceedings to forfeit the bond. At a late hour last night Wilkinson was still missing.

Anti-Graft Attorneys Angry.

The attorneys for the anti-graft prosecution were angry over the turn affairs took, as it was openly boasted that Wilkinson would never be convicted of his alleged crime, many intimations being heard that he knew too much of the jury-fixing system and its variations to permit of a conviction being had; and some person even mentioned the names of certain people who could not afford to let Wilkinson turn state's evidence, as it was believed he might do.

The entire county detective bureau is looking for Wilkinson, and if he is in the county he will be speedily captured and placed where bail will do him no good, as the district attorney will refuse to give his sanction to another bond, unless it be made sufficiently high to enable the county to bring him back, no matter where he may go.

It was learned there is no intention of letting up on Wilkinson, and that a thorough search will be kept up for the defendant for months, if necessary.

"This ought never to have been allowed to happen," said Mr. Marron. "There is a possibility that some people of more or less prominence were very much afraid to have him brought to trial. I consider it a shame on Allegheny county that this man should have license for the paltry sum of $1,000 to poison justice at its most vulnerable point, namely, the jury box, with what amounts to impunity. I do not believe Wilkinson ever intended to appear for trial. I have been informed that an attorney practically tipped off the district attorney's office to this effect nearly a week ago. I know that Wilkinson was seen at his home in Turtle Creek last Saturday night, so that he must have left the county yesterday. But he has not escaped yet. We will pursue him, cost what it may, if I have to see to that myself, to the remotest corner of the United States, and we will get him, sooner or later.

Marron Praises Dachroth.

"In this connection I wish to say that Amos Dachroth deserves great esteem at the hands of the public for the very great and honest services he has rendered unselfishly. It was he who caught Wilkinson and he has served the public ends throughout the matter with great zeal and fidelity."

After Wilkinson's arrest, which caused considerable of a sensation at the time, it was openly stated that the proceedings against him would be short and to the point. The information was made on the afternoon of June 12; he was arrested that night at his home, given a preliminary hearing the next day and the case returned to court. The following day witnesses were subpoenaed to appear before the grand jury and an indictment was returned June 15. The case was placed at the head of the trial list for the following Monday, but other matters required the attention of counsel and the case was set for trial yesterday. If Wilkinson should be found any time this week he will be tried at once.

SENSATIONS PROMISED IN CAMPBELL'S TRIAL

Attorney John Marron Intimates There Will Be Something Doing in Court Tomorrow.

Supt. M. H. Campbell of the Allegheny police bureau, will be put on trial tomorrow for the second time on a charge of having received money from Mrs. Mollie Carson, keeper of a disorderly house in Sandusky street.

Campbell's case is the first on the trial list for the week, and Attorneys Marron and Haymaker for the commonwealth, are desirous of having it started immediately. They say they have additional evidence that was not procurable at the time of the first trial. This testimony, it is promised, will be the most sensational heard in the whole series of Allegheny graft trials.

The trial of Director Scandrett of the North Side public safety department, is also on the list for this week and will follow the Campbell case. Scandrett is indicted on a charge of extortion, the specific charge being that he took from John Reagan $100 in exchange for police protection of a gambling house in Darrah street, operated by Reagan.

"We expect a busy week after tomorrow. We will have some nice testimony to offer in the Campbell case on Wednesday, and we feel confident of a conviction. We will have more to say about the Scandrett case later."

ANTI-SALOON LEAGUE READY FOR BUSINESS

Pittsburgh District Elects Officers and Indicates It Will Go After New Brewing Concern.

An organization of the Pittsburgh district of the Anti-Saloon league, the district comprising 13 counties in Western Pennsylvania, was perfected yesterday in the headquarters of the league, the Fitzsimons building, Fourth avenue, by the election of the following officers: President, the Rev. R. E. McClure of Indiana county; vice president, the Rev. G. W. Montague of Oakmont; secretary, John Updegraft of Pittsburgh; treasurer, Harry G. Samson of Pittsburgh.

Arrangements were made for prosecuting the work of the league, which will be on the lines followed during the past year.

The Rev. Charles E. Page, superintendent of the Pittsburgh district, in speaking of the Mutual Union Brewing Company's intention to build a $400,000 brewery at Irwin, Westmoreland county, said: "The league cannot prevent the company from getting a state license, but when it comes up for a license in Westmoreland county the league will be ready to take a hand in the matter. Under a state license the brewery cannot sell to any but licensed dealers and I am sure that under the Brooks law a stockholder in a brewery cannot hold a wholesaler's, bottler's or retailer's license. So there may be a lot of work for us to do before the end of the year, caused by the advent of the new company."

Bridge Company Election.

The annual meeting of the stockholders of the Pittsburgh & Allegheny Bridge Company was held yesterday in the Bessemer building. The semi-annual dividend of 3 per cent was declared, and the following officers were re-elected: President, D. F. Henry; treasurer, R. F. Ramsey; secretary, W. H. Graham; managing director, W. H. Foster.

MOORE PUNISHES FIRE FIGHTERS

The Service in Lawrenceville Is Somewhat Demoralized by the Changes Made.

COMPLAINTS AGAINST COATES

The city's fire service in the Lawrenceville district is said to be somewhat demoralized because of the numerous changes that have been made within the past few days, and other changes which are said to be contemplated. Beginning July 1, half a dozen firemen, some of them among the oldest men in the service in that district, have been transferred to other sections of the city.

Four men have been transferred from Company 25, in the Fifteenth ward, to the East End, and other districts. Lieut. Thomas Kerr of this company was transferred to the company in Lincoln avenue, Twenty-first ward, and reduced to a hoseman. Michael Sullivan, T. Cunningham and John Reese of the same company, were also removed to other companies.

Rufus Morris, captain of Company 6, in Forty-fourth street, has been removed to Company 15, in Fifteenth street, although his home is near the engine house at which he was formerly employed for 16 years. Capt. Thomas Kane of Company 15 was transferred to Company 6, to succeed Morris.

These changes have brought forth complaints from friends of the disciplined men and from residents of the ward where they were formerly employed. Councilmen and delegations of citizens and the Citizens party war committees have called upon Director Moore and Mayor Hays to make protests and to prefer counter charges against William Coates, assistant chief in charge of the Lawrenceville district, and against Capt. Robert Edwards and Lieut. Otis Dyson of Company 25. It is claimed Chief Coates, the captain and the lieutenant had a hand in the removal of the four men from the company.

Councilmen from the Fifteenth, Sixteenth and Seventeenth wards, have entered protests against the removal of these firemen, and it is stated that the Fifteenth ward councilmen are demanding that Capt. Edwards and Lieut. Dyson be dismissed.

Director Moore said yesterday that Capt. Edwards would not be disturbed.

"He will stay where he is while I am director," said he. "The whole trouble is the result of constant quarreling and petty spite-work among the firemen," said the director. "Men in the company did not speak to each other and there was continual friction. I decided that the only thing to do was to discipline some of them."

Director Moore was asked about the removal of Capt. Rufus Morris of the Seventeenth ward and he replied: "Capt. Morris was transferred for the good of the service. The change has been long contemplated." Further than this the director would say nothing.

Andrew Kalchthaler, common councilman of the Fifteenth ward, and a number of prominent Citizens party workers are said to be making a demand for the removal of Capt. Edwards and Lieut. Dyson. Select Councilman Thomas O'Brien has protested against the transfer of Firemen Sullivan and Cunningham, because they are residents of his ward. Councilman William Brand of the Seventeenth ward called upon Director Moore yesterday and lodged an energetic protest against the removal of Capt. Morris.

NO GOVERNOR'S TENT AT THE ERIE ENCAMPMENT

General and Division Headquarters Will Not Be Established This Year in Second Brigade.

General and division headquarters will not be established at the encampment of the Second brigade, National Guard of Pennsylvania, at Erie. Gov. Pennypacker will visit the camp on Thursday, July 20, and will remain with the soldiers until the following day. The review will be held on Thursday. During his stay at Erie arrangements have been made for the governor to live at a hotel, and the camp will be devoid of the social features incident to the big headquarters tent.

Col. Samuel Moody, quartermaster general; Col. A. J. Logan, commissary general; Col. Frank K. Patterson, inspector general of rifle practice, Col. Homer T. Lindsay and Col. L. T. Brown, aids on the governor's staff, will go to Erie and make their headquarters there for the entire week. Gen. Charles Miller and the majority of the members of his staff will remain during the entire encampment.

Excursions from Pittsburgh and surrounding towns will be run to Erie on Sunday, July 16, and on the day of the governor's review. More visitors are expected than have ever attended an encampment of the brigade.

EXCURSIONS WILL PREVAIL.

Pleasure Crafts Will Have Full Command of Rivers Today.

In the absence of a possibility of a coal boat stage, the excursion boats will have full sway over the local rivers today. The Francis J. Torrance will make two trips, while the steamer Beauty will take the Hazelwood Methodist Episcopal Sunday school to Charleroi. The Island Queen will bring Orange Ladies No. 48 of Brownsville to this city and return, while the pleasure boat Liberty will take out a private party.

The packets I. C. Woodward and Keystone State arrived yesterday, the latter getting in last night eight hours late owing to heavy fogs. The Ironsides and Tornado got in with tows of empties, but the possibility of a coal shipment is not encouraging as the river was falling fast last night.

Another Big Coal Deal.

UNIONTOWN, PA., July 3.—(Special.)—The second big coal deal of the month has been consummated by J. V. Thompson of Uniontown taking up options on the Reppert tract of about 5,000 acres in Washington township, Greene county, and Amwell township, Washington county, at $100 an acre.

Boy Commits Suicide.

IRWIN, PA., July 3.—(Special.)—Wilbur Holderbaum, aged 20 years, of Jacktown, shot and killed himself this afternoon at the home of his parents. He had been mentally unbalanced for nearly a year following an accident in which he was thrown out of a buggy in a race from his home to Irwin.

More Money for the Fireworks.

The following contributions to the Fourth of July fund were received by Mayor Hays yesterday: Farmers Deposit National Bank, $200; National Tube Company, $250; Wilson-Snyder Co., $25; James H. McQuaide, $25, and Christian Burkle, $5. The total fund amounts to $4,565.

Ayer's
Hair Vigor

Losing your hair? And doing nothing to stop it? Don't you know that Ayer's Hair Vigor promptly checks falling hair? It certainly does. And it always restores color, also.

J. C. Ayer Co., Lowell, Mass.

THROUGHOUT this week the Restaurant will furnish a sumptuous meal for 50c. This will be an appreciative feature of tomorrow's clearance occasion. At the Soda Water Fountain, rear aisle No. 3, there will be dainty sandwiches of all kinds and hot coffee and cold (iced) tea.

Weather—Rain
Yesterday's Temperature—Max. 89; Min. 67.

Extraordinary Clearance Prices on Furniture.

Fifth Floor, West.

Throughout the entire month of June we have been selling furniture for very special prices preparatory to the changes which will take place in the furniture store after alterations now in process are finished. As a climax to these special sales of June comes the clearance of furniture, beginning tomorrow.

All the odd pieces of furniture, as well as odd sets, which were not sold by the special prices will be reduced a notch or two lower—to a point which means certain clearance.

When the July clearance is over we doubt if you will be able to buy furniture for less than regular prices until another year has come and gone.

To facilitate selling we have numbered each article, which please ask for by number. Space forbids description—we simply give former price and clearance price.

SEPH HORNE CO.

Tuesday, July 4, 1905.

KINDLY remember that the early closing arrangement is now in force, all days but Saturday at 5 o'clock P. M. On Saturdays at 1 o'clock P. M. There is a commercial family under this roof of more than 2,000, and you may be sure each member likes to be allowed to go at the appointed moment.

orrow We Begin nteresting July Clearance

n prices were leveled so forcefully, or when we had such great stocks for clearance. As we have often
anufacturers to clean up their surplus stocks, so it is in the nature of things that you may select something
courtesy, call clearance prices. We ask a careful reading of the clearance news which follows, especially by
the expenses of their trip to the city to participate in this clearance.

Clearance Women's Summer Clothing.

Clearance Prices on Women's Fine Hosiery.

Aisle No. 2.

As stated in our introductory remarks, we help manufacturers to clean up their stocks. Here
a case in point. Our buyer of stockings just back this week from Europe, while there, found differ-
nt manufacturers with different lots of fine hosiery which they were willing to sell for very small
ices. He bought largely. Among our importations taken out of the Pittsburg Custom House last
turday are the following stockings for women which will be on sale tomorrow at Clearance prices.

t 18c a pair—three pairs for 50c—women's fine imported black cotton stockings, gauze weights, a grade that would be considered cheap for 25c and 35c.

At 25c a pair—women's French and German lisle [illegible], all gauze and cobweb weights, all the new fancy shades, also black—50c and 75c grades.

At 50c a pair—and this is perhaps the greatest value of the entire collection, there will be on sale
omorrow women's extra grade lisle thread stockings in late patterns, lace and embroideries, in white,
ack and colors, the several grades being $1.00, $1.25 and $1.50.

PIRATES ARE BACK IN SECOND PLACE—MARVIN HART IS NOW CHAMPION

PIRATES TAKE SCRAPPY GAME

Contest Is Pitchers' Battle and Players Spend a Lot of Time Fussing With Umpire.

CLEVER WORK BY LYNCH

The scrappiest ball game of the season was that between the Pirates and Reds at Exposition park yesterday afternoon, in which the locals managed to win a 4 to 3 victory, after nine strenuous innings. The game was a case of fuss in every inning, and that it did not end in fight was due to the fact a few players managed to disregard the pugilistic threats of others.

The trouble started at the opening of the game between the players and the umpires, and finally the crowd of 4,120 spectators took a hand and told Harry Pulliam's officials in no choice language what was thought of them. The visitors started the growl first when they thought they were getting the worse of it in close decisions at second base. Mike Lynch also took a hand, as he thought he was being given a bad deal on balls and strikes.

The visitors did the most of the growling until the third inning, and as a result of it Manager Joe Kelley of the Reds was sent to the bench from the coaching lines. In the third, however, the locals took a hand, and before they were done growling Heinie Peitz was banished from the game. The Pirates' kick was on a decision rendered on Huggins at second base. To tell the truth, from the press box it looked as if there was a lot of ground for the protest. In that inning there were two Reds out when Huggins drew a base on balls and proceeded to steal second. Peitz made a true throw to the base and Ritchey put the ball on Huggins as he slid. The umpire called him safe. That started the trouble.

The climax of the wordy war was reached in the eighth inning when the Reds were at bat. One of the balls which had been fouled over the stand was returned, but the Reds made a kick and claimed the ball was a "phony" sent from the Pirates' bench. Umpire Klem, who was back of the bat, sustained this claim and threw the ball to the home players, only to have it returned by Patsy Flaherty. Once more it was thrown back to the bench and once more it was returned amidst the cheers of the crowd.

This last return of the ball was more than the umpire cared to stand, and he ordered Flaherty off the field. Tommy Leach came out to expostulate with the official, and he too was threatened with banishment. Finally Umpire Bauswine, who was doing duty on the bases, walked in and informed his brother umpire the ball was all right, as it was the one that had been fouled over the stand, after which Mr. Klem apologized to both Flaherty and Leach and allowed them to return to their seats on the players' bench.

The game itself was largely a contest between pitchers Lynch and Harper, with the local pitcher having by long odds the best of it. In fact, he pitched his best game of the season, and had it not been for the bad decision by the umpire on Huggins at second base the Reds would have been shut out. That decision paved the way to the three runs which the visitors secured, and after that they could secure but two hits, one by Sebring in the sixth inning, and the other by Steinfeldt in the ninth. Lynch, however, was a bit wild, giving six bases on balls.

The Pirates took kindly to Harper's curves in the first inning and scored two runs for a starter. Clymer led off with a two-bagger to middle field and Clarke followed with a neat bunt, on which Clymer moved to third. He scored on Beaumont's fly-out to left field. On the play to catch Clymer at the plate Clarke moved to second, went to third on a fine bunt by Wagner and scored on an out at first. In the fifth Clymer drew a base on balls, moved to third on a single by Clarke, the play being the hit and run, and Clymer scored on Clarke's force-out at second by Beaumont. The winning run was scored by Beaumont in the seventh, when he reached first by forcing Clarke at second. Beau went to second on a passed ball, to third on a wild throw, and raced home on Wagner's single to left.

The Reds got their three runs in the third, when with two out Huggins drew a base on balls, stole second and scored when McBride fumbled Barry's grounder. A single by Odwell and a double by Seymour down the right foul line, which the spectators insisted was foul, brought the other two runs home. McBride's blunders at third base were the only Piratical mistakes of the afternoon. The score:

DECISION HELD OVER.

Jumping Ball Players Will Know Their Fate Tomorrow.

ASBURY PARK, N. J., July 3.—President Judge Weiss today heard arguments in the Dauphin county court in the equity proceedings brought by the Baltimore Eastern league baseball club to restrain Pitcher Wiltse and Outfielder Hayden from playing with the New York Tri-State club because of their prior contract with the Baltimore club.

Ex-Judge Jacobs of Harrisburg made the argument for the Baltimore club, basing his contentions on the decision of the supreme court in the Lajoie case, in which it was held that Lajoie was of such skill that he was difficult to replace, even from among thousands of players in the country. Judge Jacobs held that Wiltse and Hayden were drawing cards and their defection worked damage to the Baltimore team. At the conclusion of the argument Judge Weiss adjourned the court until 10 a. m. Wednesday.

MARVIN HART IS NOW CHAMPION

Jeffries Gives Up Title and Louisville Man Defeats Root in the Twelfth Round.

RIGHT TO STOMACH TELLS

[By Associated Press to The Gazette.]

RENO, NEV., July 3.—Marvin Hart of Louisville today knocked out Jack Root of Chicago in the 12th round of a fight for the heavyweight championship. The betting odds were 3 to 1 in favor of Root. The punch which compassed the downfall of the Chicagoan was a short, powerful jolt of the right arm to the body. The blow was delivered with terrific force, and it caught Root while he was coming up. Root reeled, tottered and fell in a heap.

Referee James Jeffries, towering over the prostrate form of the Chicagoan, counted ten. He might have counted 20 seconds, for Root was hopelessly defeated. Up to this point of the fight Root had an apparent lead over Hart.

Before entering the ring Jim Jeffries waited upon both men, stated that he had retired for good from the ring, and that the winner of this fight is entitled to the name of heavy weight champion of the world.

The following message was received by Jack Root from John L. Sullivan, at Oakland, Cal.: "In case you win I, on behalf of Jim McCormick, challenge you, $2,500 side bet." The fight by rounds follows:

ROUND 1—They rush into a clinch. Hart lands right to head, Root countering to jaw. They run into a clinch. Root starts jabbing Hart. Hart lands straight right to head. Root lands left to Hart's heart. Root sends right to body. Root sends left to jaw and then to body. Root jabs on the jaw and they clinch. Root lands on Hart's jaw. Root sends left to jaw and left to body. Root uppercuts. They clinch. Hart lands left and right to jaw. Root landed right on the jaw. This round was about even.

ROUND 2—Root landed left hard to the jaw; repeats it and rushes into clinch. Root landed right to body and uppercut to body. Hart and Root exchange lefts. Clinch. Root shoots left over right to jaw. Root crossed right to head hard. Root is going to Hart's body and they clinch. Root missed hard swing and kept poking left to Hart's body. Root missed vicious right swing. Hart landed left hard to body. Root's round.

ROUND 3—They rushed to clinch. Root landed left hard to jaw and Hart returns to body with right. They clinch. Hart missed vicious right swing. Hart landed right hard under heart. Hart is fighting desperately. Root puts left to jaw. Hart landed hard to stomach. Root landed hard right to jaw. They are clinched. Root sends left to body. They exchanged lefts to jaw. Honors about even. Both men fighting hard.

ROUND 4—Both men appear to be comparatively fresh. They exchanged lefts to jaw. Hart landed hard right to kidneys. Root uppercuts Hart. Root puts hard left to jaw. Root drove left to stomach and received left to body.

ROUND 12—The men fought into a clinch. Jeffries separated them, but again they fell to a clinch. Separated again. Hart bored in and at close range ripped his right up under and a little to the left of Root's heart. Root went to the floor and was counted out.

Hollis Won His Own Game.

With two men out, two on the bases and two strikes on him, big Harvey Hollis clouted the ball for a homer and won his own game at McKeesport yesterday against Steubenville. It was a great finish to an exciting game. The same teams will play two games at McKeesport today. Score:

Plenty of Pitchers for Pirates.

Manager Fred Clarke said last night that he will choose his pitchers for today's games with Cincinnati from a list containing the names of Flaherty, Leever, Case and Robertaille. Leever has worked only once since he was hurt by a line hit from Beaumont's bat in practice nearly two weeks ago, but he reported yesterday that his side did not bother him.

Bowser Signs With Johnstown.

GREENSBURG, PA., July 3.—John "Red" Bowser of Greensburg has accepted the terms of the Johnstown baseball nine, and left last night to join Manager Atherton's aggregation. Bowser has played on all of the local teams and was, until Saturday, under contract with Manager Frank A. Hammerlee of the Wilmerding team.

An Easy Victory for Homestead.

Homestead played a twilight game with Mesta baseball team last evening and defeated them by a score of 5 to 1. McKeown, a young local player, pitched well for Homestead, allowing five hits and had eight strike-outs. Lee Fohl is now captain of the Homestead team and did well in directing it as well as getting a large number of hits made.

WON IN THE ELEVENTH.

Washington Independents Beat the Nebraska Indians.

WASHINGTON, PA., July 3.—(Special.)—Fully 2,500 people saw the Washington Independents win from the Nebraska Indians here this afternoon. The contest was the best ever witnessed here, the locals winning in the eleventh inning, with two men out, by a score of 3 to 2. It was a pitchers' battle for nine innings between Tustin and Gayzebawasa, the latter being relieved in the tenth by Tobey. Score:

Fayette City Team an Easy Victim.

Pollard pitched a nice game for Edgar Thomson works team of Braddock yesterday and defeated the Fayette City team, 5 to 0. But 29 men faced Pollard in the nine innings of the game, and he struck out seven men, allowing but one to reach third base and two to second. The contest was an interesting one, despite the fact that Braddock got men on bases when they wanted them. The score:

PROPER IS WINNER OF LONG ISLAND HANDICAP

Hamburg Belle, the Strong Favorite, Got a Bad Start and Is Never Prominent.

[By Associated Press to The Gazette.]

NEW YORK, July 3.—Proper, well-backed, captured the Long Island handicap at one mile and a furlong at Sheepshead bay today. Hamburg Belle, the 11-to-10 favorite, got a bad start and was never prominent, finishing fourth. Marmee was the pacemaker for nearly a mile, when Burns sent Proper to the front and won by six lengths.

Dolly Spanker, with 108 pounds up, won the last race, eased up, and also made a new track record for one mile and a sixteenth on the turf by covering the distance in 1:46, which is one-fifth of a second faster than the old mark.

Edna Jackson, a 20-to-1 shot, won the Vernal. Summaries:

First race, selling, last five furlongs Futurity course—Clinchona, Martin, 2 to 1 and 7 to 10, won; Lawsonian, 103, O'Neill, 4 to 1 and 3 to 5, second; Aviston, 107, Shaw, 5 to 1 and 2 to 1, third. Time, 0:59 4-5. Lord Provost, Lionheart, Senechal, Sir Brinkley, Tariac, Tickle, Aimee Abbott, Edith James, Atkins, Bantam, Georgiana, Necromancer, Calabash and Rama also ran.

Second race, six furlongs, main course—Artful, 117, Lyne, 1 to 5 and out, won; Bearcatcher, 128, Nicol, 6 to 1 and 2 to 5, second; Eugenia Burch, 112, O'Neill, 20 to 1 and 2 to 1, third. Time, 1:14 3-5. Maximilian and Mimi also ran.

Third race, the Vernal stakes, last five furlongs Futurity course—Edna Jackson, 115, O'Neill, 20 to 1 and 6 to 1, won; Caprice, 107, Miller, 40 to 1 and 12 to 1, second; Running Water, 115, Lyne, 4 to 1 and even, third. Time, 1:00 4-5. Early and Often, Last Cherry, Old Ella, Margaret Angela, Fantiniza and Belle of Pequest also ran.

Fourth race, the Long Island handicap, mile and a furlong—Proper, 119, Burns, 7 to 2 and 4 to 5, won; Colonial Girl, 117, A. W. Booker, 6 to 1 and 2 to 1, second; Marmee, 93, Miller, 15 to 1 and 5 to 1, third. Time, 1:54 3-5. Hamburg Belle, Dandelion and Ostrich also ran.

Fifth race, selling, one mile—Elwood, 101, Moriarity, 8 to 1 and 3 to 1, won; Novena, 90, Baird, 15 to 1 and 5 to 1, second; Atwood, 101, Murphy, 7 to 1 and 5 to 2, third. Time, 1:41 1-5. Lord Badge, Thistle Heather, St. Gallen, Toi San, Supreme Court, Arabo and Simaleo also ran.

Sixth race, one mile and a sixteenth on turf—Dolly Spanker, 108, Baird, 11 to 5 and 4 to 5, won; Broadcloth, 102, Martin, 13 to 5 and 9 to 10, second; Schulamite, 99, Miller, 13 to 5 and even, third. Time, 1:46. Jocund, Sinister and Sweet Alice also ran.

Lajoie Out of the Game.

CLEVELAND, O., July 3.—Manager Lajoie of the Cleveland club will be out of the game for five days. He is troubled with cellulitis, a sort of incipient attack of blood poisoning in his left ankle. He sustained a scratch in Friday's game and it is thought the dye of his stockings penetrated the wound.

New Pitcher for Braddock.

Tom Hughes, of the Washington and Jefferson college team, has been signed to pitch for the Edgar Thomson Works team of Braddock, and will probably pitch the morning game against Homestead at the latter place today.

WHY DO PEOPLE ABUSE ME SO?

Mr. Rockefeller Sorrowfully Puts This Question to the Superintendent of His Estate.

FATHER NOT A TRICKSTER

THE PITTSBURGH GAZETTE BUREAU
Herald Building, Herald Square,
NEW YORK, July 3.

John D. Rockefeller's reply to the "tainted money accusation is made public today through the superintendent of his Pocantico Hills estate, who tells exactly what Mr. Rockefeller himself said on the subject. Mr. Rockefeller's manager also answers Miss Ida Tarbell's sensational charge in a recent magazine article, that Mr. Rockefeller's father, who is living, was a trickster and suspected of horse stealing.

"Only recently," said the manager, "Mr. Rockefeller and I were driving through the estate together and he said to me:

"'Why do people abuse me so? Can it be possible I am regarded as an enemy of civilization? I am willing, yes, anxious to give freely of what I possess, but my money must go where it is intended to go, and not line the pockets of others.'

"Mr. Rockefeller's father was here about a year ago. A recent magazine story refers to him as a man who associated with horse thieves up at Moravia, and who used to absent himself from home for long periods and return with plenty of money. I know he used to go away and I know why. He had a farm which would never yield any profit, so he went to Canada, bought up a lot of fine timber, sent it to the mills and sold it at a handsome profit. He repeated this often, until finally he devoted all of his time to the lumber business and made a small fortune. The old man is now living quietly on a ranch in the west.

"Mr. Rockefeller has been pictured as a weazened up, dried out, cranky fossil. Nothing could be more inaccurate. He is witty, buoyant in spirit, and as youthful in his manner as a boy. He likes his joke as well as any man I know. And what is more, he has an utter dislike for ceremony.

"You can take my word for it that nowadays he is not obliged to deny himself anything his appetite craves. He eats what he pleases and when he pleases, and, what is more, he sleeps well. He is not the thin, gaunt giant caricaturists make him out to be, but a well-built, strong, healthy man.

"There are 75 cottages on this estate. Mr. Rockefeller owns all of them. When he first came to Pocantico Hills, the inhabitants supposed his intention was to drive them away; that he proposed to tear down all the cottages and houses on his estate and compel the people to look elsewhere for homes. As a matter of fact, he has not torn down a single house and will not do so unless, perhaps, it is a house that is beyond repair.

"One of Mr. Rockefeller's qualities, wholly unknown to the world, is his love for little children. In driving about the estate with him I have often been asked to halt while he stepped out of the wagon to lift a little child from the ground and kiss it and talk to it. It matters not how poorly the child is dressed or how dirty the face may be."

RESUMPTION OF MILLS MEANS WORK FOR MANY

The DeWees Wood plant of the American Sheet Steel Company, which closed two months ago has issued orders for a resumption tomorrow morning in all departments. A thousand workmen will return to work. Large repair gangs are at work on the Port Vue tin mill, the Duquesne mills and the mills in McKeesport, making absolutely necessary repairs so that the mills will not be down more than two days.

Applications for loans on improved real estate in Allegheny county in large or small amounts will be promptly answered by the Peoples Savings bank, Fourth avenue and Wood street. No commission is charged and rates for title examination are reasonable.

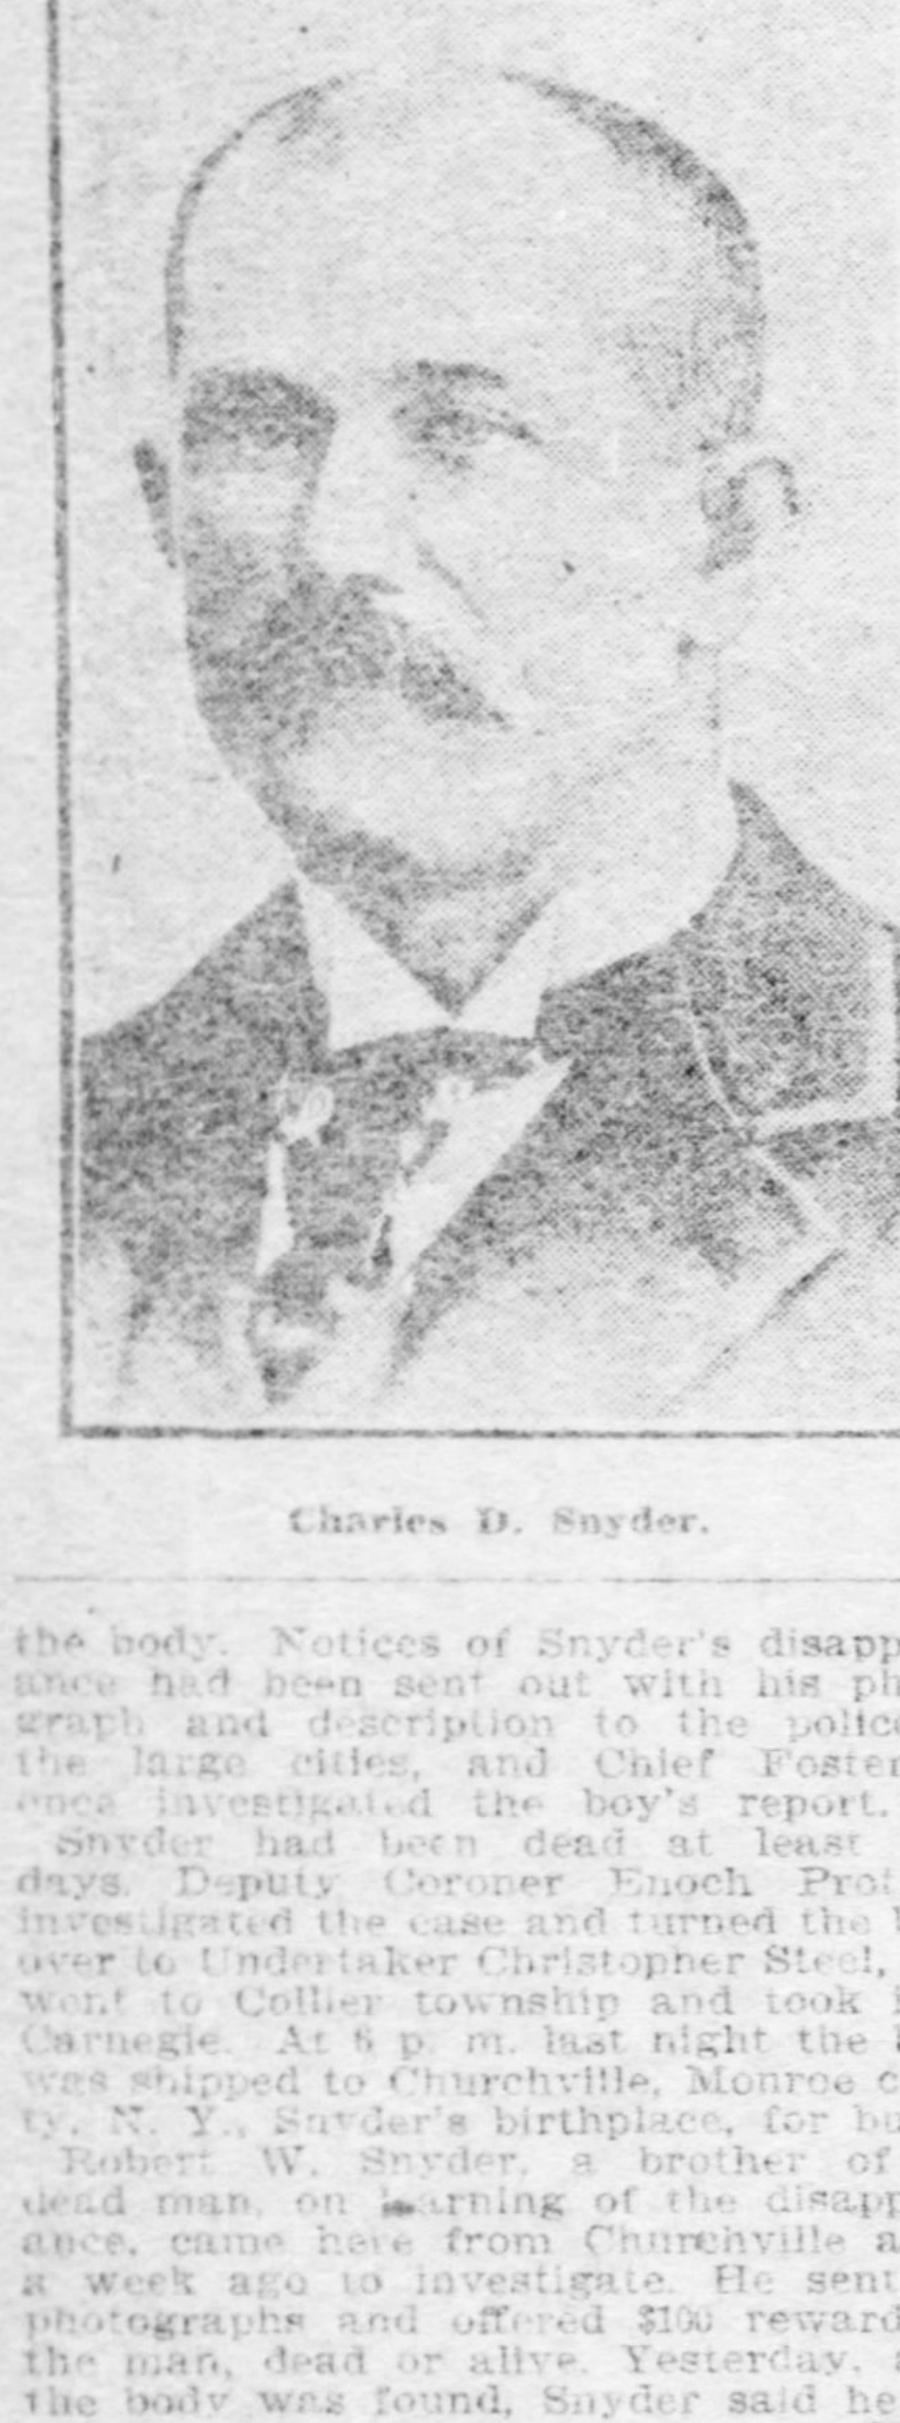
SUICIDE STILL HOLDS THE RAZOR

Boy Finds Dead Body of Charles D. Snyder, a Wealthy Contractor of Carnegie.

KILLS HIMSELF IN THE WOODS

Still holding in his right hand the razor with which he had killed himself, the body of Charles D. Snyder, aged 42, a contractor of Carnegie, was found yesterday in the woods in Collier township by John Evans, aged 11, who was picking raspberries. The boy went to Carnegie and notified Chief of Police George E. Foster, who got the body. Snyder had committed suicide by cutting his throat. The body could be identified only by the name attached to the clothing.

Snyder suffered from heat prostration about three weeks ago and since that time had shown signs of mental derangement. On the morning of June 25 he left his boarding house, conducted by Mrs. Frank Meiser, 401 Second avenue, Carnegie, and had not been seen until 10 o'clock yesterday, when the boy found the body. Notices of Snyder's disappearance had been sent out with his photograph and description to the police of the large cities, and Chief Foster at once investigated the boy's report.



Charles D. Snyder.

Snyder had been dead at least nine days. Deputy Coroner Enoch Prothero investigated the case and turned the body over to Undertaker Christopher Steel, who went to Collier township and took it to Carnegie. At 6 p. m. last night the body was shipped to Churchville, Monroe county, N. Y., Snyder's birthplace, for burial.

Robert W. Snyder, a brother of the dead man, on learning of the disappearance, came here from Churchville about a week ago to investigate. He sent out photographs and offered $100 reward for the man, dead or alive. Yesterday, after the body was found, Snyder said he had found his brother was worth over $50,000, and $2,500 of this amount was deposited with the First National bank of Crafton. Mr. Snyder and Henry Bangs, the dead man's partner, accompanied the body home and will return to close up his affairs.

Snyder was a member of the firm of Snyder & Bangs, contractors, who have done some big work in and about Carnegie. When the body was found among the other things was the following letter: "I have an honest father and mother. Be good to them. Henry Bangs."

The letter was not signed, but it is thought Snyder meant by the note that his partner should remember them and be fair in the division of the firm's business when a settlement was made.

Snyder had been in Carnegie for about four years. When the body was found there was $34.17 in two pocketbooks in the clothes, a gold watch, a rule, a pocket knife, a bunch of keys and a handkerchief. These were turned over to the dead man's brother.

Snyder said his brother had been employed as a carpenter on the buildings of the Pan-American exposition in Buffalo, and when the work there was done he started west. He was very successful in business, but just what amount of money he had when he killed himself is not known. By some who knew Snyder it is said he had on deposit at banks in Pittsburgh not less than $70,000. Snyder said his brother visited his home last Christmas, and was in the best of spirits, as he had been very successful since coming to Pittsburgh.

ENJOY ANNUAL OUTING.

Mutual Benefit Association of M. Solomon & Co. Spends Evening at Luna Park and Has Fun.

The sixth annual outing of the M. Solomon & Co.'s Employes' Mutual Benefit association was held last night at Luna Park. The park was filled with members of the association, their friends and other visitors.

It was estimated that 5,000 people visited the park last night. Hundreds of them patronized the dancing platform, which was in charge of the officers of the association, and before the park closed for the night many a dollar was added to the treasury of the association.

The association has 365 members, and they and their friends patronized all the attractions in the park, the sensation of shooting the chutes being a favorite. Many of the members had their wives and children along.

The chief manager of the outing was A. Isaacs, and he did his best to make the occasion enjoyable. The officers of the association were there in full force, seeing that everything went right. They are: H. I. Howell, president; Michael McSteen, vice president; Joseph A. Harris, secretary, and Louis Landau, treasurer.

Advisory Board Holds Monthly Meeting.

The monthly meeting of the advisory board of home missions of the Pittsburgh synod of the Evangelical Lutheran church was held yesterday afternoon in Trinity church, Stockton avenue, Allegheny. The principal matter discussed was ways and means for working in harmony with the general synod and general council of the Lutheran church, and yet give room for aggressiveness in the establishment of missions in the Greater Pittsburgh field. Addresses were made by the Rev. D. Luther Roth of Grace church, South Side, a member of the general council, and by the Rev. Dr. A. J. Turkle, of Trinity church, president of the board.

FUSION A FACT IN OLD BEAVER

Defeated Candidate for Republican Nomination for Judge Fusionists' Choice.

PROFESS NON-PARTISANISM

[By Private Wire to The Gazette.]

BEAVER, PA., July 3.—Fusion was accomplished in Beaver county today with Richard S. Holt, one of the candidates at the recent Republican convention as the fusion nominee for president judge. With this action the younger element of Democracy, headed by Henry H. Wilson and Charles R. Eckert seems to be in complete control. The convention organized electing W. J. Jackson chairman, Charles Goettman, W. G. H. Ripper and Junius McBride secretaries.

The convention nominated the following ticket: Register and recorder, James Anderton, Jr., Beaver Falls; commissioners, John Black, Rochester, and John P. Corcoran, Patterson township; sheriff, J. Scott Grascrost, New Brighton; auditor, Frank Thompson, Freedom.

A resolution was adopted indorsing Judge John Stewart for supreme judge.

The conference committee then reported the following ticket as a whole: President judge, Richard S. Holt of Beaver, Citizens; register and recorder, James Anderton, Jr., of Beaver Falls, Democrat; sheriff, J. Scott Grascrost, of New Brighton, Democrat; treasurer, James G. Hillman of Freedom, Citizens; clerk of courts, George M. Peirce of Beaver Falls, Citizens; commissioners, John Black, Rochester, Democrat, and John P. Corcoran of Patterson township, Democrat; coroner, Dr. J. S. Wade of New Brighton, Citizens; auditors, Stephen M. White, Citizens; and Frank Thompson of Freedom, Democrat.

"BOHEMIAN GIRL" BY CARLETON COMPANY

Balfe's Fine Old Ballads Sung With Vigor and Expression—Miss Vaughn and Mr. Sheehan Stars.

Though quite the least interesting performance of the Carleton season "The Bohemian Girl" at the Nixon last night was enjoyable for some vocal excellencies that were accentuated by the general familiarity that the opera-hearing public enjoys with this old classic. The ensemble and chorus work was exceedingly ragged in places and there was a spiritless sense of uncertainty conveyed across the footlights that made the performance as a whole fall below the Carleton standard. The wisdom of this old opera may be questioned at the hands of the Carleton equipment, however much one may enjoy having its ballad gems sung in the main with more than the usual summer opera beauty. Miss Vaughn sang Arline finely and acted the part indifferently. The young singer lacks stage training and the defect is much more apparent in a work requiring serious dramatic attitude. Mr. Sheehan's tenor was heard to admirable advantage, though he, too, gave too much the impression of "posing" for the well-known numbers. His somewhat studied singing of "Then You'll Remember Me" and his persistent tremolo and subtones were more for effect than effective. W. P. Carleton sang the Devilshoof music with splendid voice and W. T. Carleton's "Heart Bowed Down" had several encores. Mr. Sullivan's Florestine and Miss Preville's Gypsy Queen were good. Next week a revival will be made of "When Johnny Comes Marching Home."

GEN. WOOD'S ILL HEALTH ALARMING TO FRIENDS

Obliged to Leave the Philippines to Consult Boston Specialist.

[By Private Wire to The Gazette.]

WASHINGTON, July 3.—Among Gen. Leonard Wood's friends in Washington there is much concern for his health, which is said to be the occasion of his hurried trip to the United States, in order that he may consult eminent specialists in Boston. Only a few very intimate friends of Gen. Wood are aware of the nature of his illness, but it is not, as has been reported, a disability of the knee.

His departure from the Philippines just at the time Secretary Taft is leaving for that place, on a tour of inspection, has occasioned quite a little comment here. When Gen. Wood's attention was called to this he announced that he expected to return to the orient in time to meet Secretary Taft and his party in Japan on their way back from the Philippines some time in September. Secretary Taft's party is due to reach San Francisco on October 3. In order to meet Secretary Taft at this time, Gen. Wood will have to leave the United States in about six weeks.

Gen. Wood is accompanied by his wife and inasmuch as they were to have Miss Roosevelt as their guest in the Philippines, other plans will now have to be made for her entertainment.

MISS SUTTON WINS AGAIN.

California Girl Gives English Women Quite a Surprise.

LONDON, July 3.—The match between Miss May Sutton of Pasadena, Cal., and Miss A. M. Morton in the semi-finals of the ladies all-England tennis championship was the feature of today's play at Wimbledon. Miss Sutton literally wore down her opponent before stands filled with the members of fashionable society, who had expected to see the English woman win. The match was interesting only for a short time, as Miss Morton was tired out by the American players' persistent returns from almost impossible placing. It is now believed that Miss Sutton will win in the all-comers' championship and will make a strong play for the challenge round against Miss K. Douglass. Larned and Clothier will meet the Australian players, Crookes and Dunlop, in the semi-finals of the doubles.

TO CELEBRATE FREEING OF OLD NATIONAL PIKE

UNIONTOWN, PA., July 3.—(Special.)—Uniontown will celebrate the Fourth of July on an elaborate scale and the events will also be made a celebration of the freeing of the old National pike in Fayette and Washington counties from tolls. Hon. George L. Wellington, ex-United States senator from Maryland, and Attorney R. W. Irwin of Washington, Pa., will be the principal speakers. A history of the old pike, written by James Hadden, will be read.

TRACTION LINES HAVE ROUGH PATH

West Liberty Borough Council Treats the Independent Companies Coolly.

LED "RATS" TO THE "KILLING"

Street car franchises and parliamentary law were involved in an amusing three-cornered fight in the West Liberty borough council last evening, while a majority of the voters of the borough sat around the walls of the council hall and watched the franchise game.

Two independent street car companies were up for franchises, the "Bon Air" and the "Library & West Liberty." Their charters do not conflict, nor do their applications for franchises; but conflicting with both of them is a silent influence, which is generally ascribed to the Pittsburgh Railways Company.

There were many matters of routine business to be transacted by council before, as Borough Clerk George Beltzhoover expressively referred to the franchise matters, the council was "ready to proceed to the rat-killing." In the course of the other business it came out that the borough has about $63 in bank and over $1,000 of accounts payable, but with liquor licenses and other resources is still hopeful.

The "Library & West Liberty Street Railways Company" was the first "rat" to be led to the "killing." This company's ordinance provides for the construction of a standard double-track line upon Boggs road, from the intersection of West Liberty avenue to the Baldwin township line. The company made its first application early in June, but was defeated by a vote of 4 to 2, in the council of seven. It had filed a bond for $5,000 to guarantee the genuineness of its offers. It was representing last evening by Attorney A. G. Smith, who was granted the privilege of the floor and made a strong address in its favor, ending with a round of applause from the citizens who lined the walls and crowded the entrance. Mr. Smith pointed out especially the offer in the ordinance to allow other street railway companies a concurrent right to run cars over the streets and tracks, subject only to reasonable compensation and regulation. This, he pointed out, knocked out all the charge of monopoly.

The ordinance was referred to the ordinance committee very promptly, and the second "rat" was led to the "killing." This was the Bon Air Street Railway Company's ordinance.

There was trouble in getting this one in. It was represented by Secretary C. F. Baxmyer of the Bon Air Land Company. As soon as the clerk started to read the ordinance President McClelland Murray of the council demanded, "Is the charter with it?"

"I forgot to bring the charter," explained Mr. Baxmyer. "It is at my office."

"Then we shall have to postpone this matter," announced the president.

There were many conferences at once. Some objected strongly. When one expressed these views President Murray said: "I laid it over until the next meeting. I'll take it up again. I'm going to have a little say once in awhile."

Councilman James Brown indignantly moved to adjourn, and Councilman Christ Wilhelm seconded him.

"If you want to go home, I'll go with you," defiantly stated the president.

For ten minutes there was no business before the house, the president refusing to hear either the motion to refer the ordinance or to adjourn. Among the councilmen the adjournment was hotly discussed. Finally Mr. Baxmyer and President Murray had a little conference, and then Mr. Murray consented to hear the ordinance. It was read and referred.

The route of the Bon Air line covers Bon Air avenue, starting from Boggs road and running via Morse and Arabella street extension to Knoxville.

The members of the ordinance committee which have these ordinances under consideration are John Price, Charles Juergens and William H. Fleming. The absence of Price, who is in California, was given by some as the reason why the wheels did not move smoothly last evening.

BRENNEN TO JUDGE BABIES.

Local Democrat Decides to Rush in Where Angels Would Almost Fear to Tread.

William J. Brennen, the well-known Democrat, yesterday agreed to act as chairman of the judges for the baby show to be held at Calhoun park July 12 and 13. The baby show is to be one of the features of the annual picnic for the benefit of the orphans of St. Paul's asylum, Idlewood. The one condition insisted upon by Mr. Brennen was that the awards would not be made known until 11 o'clock on the last day of the picnic. General Chairman A. S. McSwigan and the Rev. Father Lynch of the institution agreed to this proposition. While there are many bachelors belonging to the churches of the Pittsburgh diocese, at least 20 declined to act as judges when approached yesterday.

In a day or two Chairman McSwigan will announce the complete program for the two days' outing. It is expected that there will be more than the usual number of good things. There was an increased demand for tickets yesterday, and the indications are that the Rt. Rev. J. F. Regis Canevin will have his expectations fulfilled, insofar as reaching the $25,000 mark.

HITTING AT STENGEL.

His Tax Assessment Is Ten Times Higher Than Other County Officials.

Register George H. Stengel is not getting any favors from the Citizens machine. He was satisfied of this when he paid his taxes this year. He lives in the Twentieth ward, where they have Citizen assessors. His occupation assessment is made on $10,000, even though his salary is but $5,000.

An examination of the county books by Mr. Stengel revealed the following assessment of the Citizens officials: Recorder J. Denny O'Neil, who also runs a large store in McKeesport, assessment $2,000, salary $6,000; County Treasurer D. F. Collingwood, assessment $500, salary $6,000; County Controller R. J. Cunningham, assessment $1,000, salary $6,000; Clerk of Courts F. X. Barr, assessment $3,500, salary $6,000; Mayor W. B. Hays, assessment $1,500, salary $10,000 from the city and $1,000 from the county; Register George H. Stengel, assessment $10,000, salary $5,000; County Commissioner James A. Clark, assessment $1,000, salary $6,000.

MANY AUTO ACCIDENTS.

Meeting at Morris Park Marked With Some Serious Mishaps.

NEW YORK, July 3.—A succession of serious accidents attended the first series of automobile racing at Morris park today. While driving a 90 horse power car in the heavy weight championship race, Paul Sartori dashed through a fence, fatally injuring Joseph Hoilahan. A tire of Dan Wurgis' high power Red Bird burst, causing the machine to swerve. It crashed into the fence, overturned, burying Wurgis beneath it. He escaped with severe cuts and bruises.

The Thomas cup race, four laps (5.56 miles) was won by Webb Jay, time 5 minutes 55 4-5 seconds. Walter Christie, the only other starter, broke down in the third lap. Webb Jay also won the diamond cup race at the same distance, in 5 minutes 18 1-5 seconds, with Chevrolet second. Paul Bruyer made a world's record in the one mile motor cycle trial, doing the distance in 1 minutes 6 3-5 seconds, the previous record being 1 minute 11 seconds.

RURAL DELIVERY ROUTES NOW NUMBER 32,058

WASHINGTON, July 3.—During the fiscal year just ended there were 48,072 applications for rural free delivery, of which 11,415 were acted upon adversely. The number of routes in operation July 1, 1905, was 32,058, an increase over last year of 7,492. Postmaster General Cortelyou today issued an order providing that hereafter service on all rural free delivery routes shall be suspended on New Year's day, Washington's birthday, Decoration day, Fourth of July, Labor day and Thanksgiving day.

Pass Ordinance Over Veto.

At a meeting last evening the Ingram council passed over the veto of Burgess Henry Campbell an ordinance permitting the Bell Telephone Company to erect poles in the borough. The resignation of John McBride, borough engineer, was accepted.

DEVISING MEANS TO STOP DEFICIT IN THE TREASURY

Administration Officials See Certain Shortage Unless Action Is Taken—Senator Dick Favors Restoring Stamp Taxes.

[By Private Wire to The Gazette.]

WASHINGTON, D. C., July 3.—Earnest thought is being given by leaders of congress and officials of the national administration to devising ways and means of preventing a treasury deficit at the end of the fiscal year 1906, which began last Saturday. That there will be a large deficit if the present standard of expenditure is maintained during the next 12 months, is absolutely certain.

Tentative estimates made by experts of the treasury department place this deficit at between $25,000,000 and $30,000,000, although it must be understood that these figures are as yet largely speculative. Men experienced in computing receipts and expenditures in advance are now engaged, in pursuance of instructions from Secretary Shaw, in approximating the sum which will represent the excess of outgo over income, by June 30, 1906.

There are members of congress who believe it would be advisable to restore some of the stamp taxes. One of these men is Senator Dick of Ohio, who came to Washington several days ago to attend to some matters before the departments.

SOCIETY

SENATOR and Mrs. Philander C. Knox have been invited to join Mr. and Mrs. Henry Clay Frick and their family during their trip abroad. They will leave the middle of July and tour Europe in Mr. Frick's touring car. Senator and Mrs. Knox and Mr. and Mrs. James R. Tindle will spend the Fourth at their country place, Valley Forge Farm, Mrs. Knox and Mr. and Mrs. Tindle having left on Saturday for the east. While Senator and Mrs. Knox are abroad Mr. and Mrs. Tindle will occupy the homestead with occasional absences at house parties in New England and Canada and in August expect to enter their own home, the Historic house which was Gen. Washington's headquarters during the memorable winter of 1777 and 1778 at Valley Forge.

Senator Knox has had the old stone house only about two squares from his own home, remodeled for his daughter. The exterior has not been changed but the whole interior has been remodeled, new rooms added with baths and other necessities of modern life. The house has 14 rooms and stands upon a knoll, commanding a sweeping view of the surrounding country. Mr. and Mrs. Tindle will make the old mansion their home a greater part of the year.

House Party at Erskine Park.

Mrs. George Westinghouse generally has a house party at Erskine park, her summer home in Lenox, Mass. Miss Lillian Dermitt left on Sunday evening to be her house guest during July. On July 11 a house party will assemble which will also include Miss Katharine Duff and William Duff II. of this city. There will be eight in the party, the other members being from New York and eastern cities. The house party will continue for a couple of weeks. Miss Wadsworth of Syracuse, N. Y., a niece of Mrs. Westinghouse, will spend a large part of the summer at Erskine park.

Anticipating the Fourth.

Miss Laura Bentley gave a very pretty garden party last evening at her home in Edgewood. The grounds were decorated with Chinese lanterns and flags, while within the house flowers were combined with the stars and stripes. During the evening many old-fashioned fireworks were displayed, and the whole affair was quite patriotic in character. Miss Bentley was assisted by her cousins, Miss Ferguson, Miss Newcombe and Miss Blanche Newcombe, Miss Florence Lorraine and Miss Gertrude Palmer. An orchestra played during the evening for dancing.

Off for the Summer.

Mrs. Blanchard of Forty-fifth street and her two daughters, Miss Elizabeth Blanchard and Miss Gertrude Blanchard, have gone to Ebensburg, where they will spend the summer.

Mr. and Mrs. Samuel F. Sipe will leave for New York city tomorrow evening and will sail for their annual trip to Europe next Tuesday, July 11, leaving on the steamer Kaiser Wilhelm II. While abroad they will visit all the principal cities of the continent.

Davidson-Jones.

The marriage of Miss Nancy J. Davidson and Glade Jones of Homestead took place yesterday at the country home of the bride's parents, Mr. and Mrs. Wilson M. Davidson, in Penn township, near Verona. The Rev. J. D. Sands, D. D., performed the ceremony. In the afternoon Mr. and Mrs. Jones left for Buffalo and Niagara Falls. They will be at home after July 15 at 1600 Martha street, Munhall.

Wins Honors at Harvard.

Robert Foerster, a son of Ad. M. Foerster of this city, was graduated from Harvard college last week and won a further distinction in the honor roll for his high-grade excellence in philosophy. Mrs. Ad. M. Foerster and Miss Foerster left for Boston, where they were joined by Mr. and Mrs. Foerster's two sons and sailed today for Europe.

Spend Summer on a Ranch.

H. Orville Hukill, Jr., of Bellevue, and Allen S. Davidson of this city, both students at the Rensselaer Polytechnic Institute of Troy, N. Y., left last Wednesday for the west, intending to spend the summer on the Eaton ranch in Wyoming.

Among the Clubs.

Many New Plans Suggested.

The sewing school which is to be conducted during the summer in the Soho settlement house, 2404 Fifth avenue, will open on Thursday afternoon at 1 o'clock. Mrs. James C. Dick is in charge and Mrs. William Wilkinson will be the director. The children will be given a weekly two-hour sewing lesson, broken by half an hour of physical culture drills, conducted under the direction of a trained teacher. Mrs. Wilkinson is so much interested in this work that she has donated the equipment for the first three months, and at the end of that time a bazaar will be given, at which the work of the children will be sold, the proceeds to be used in buying further supplies for the class. At the meeting of the Soho Settlement committee held yesterday morning in the settlement house the proposition of a local choirmaster to give choral lessons was considered, and the committee decided to accept the offer and provide for evening lessons, if possible, for young people between the ages of 16 and 25. The sewing classes are for the younger children, while the library also is for the children, and with the singing classes and occasional mothers' meetings, the settlement will provide something of interest for all. At the sewing class on Thursday invitations will be extended to the mothers to meet in a few days. At the suggestion of Mrs. Lucian Livingston and Mrs. Alfred Longmore, the committee decided to invite the children of Soho who have been brought before the juvenile court to meet regularly once a month at the settlement house and form a club. A committee, composed of Mrs. Dallas Albert and Mrs. Lucien Livingston, was appointed to present the matter to the Rev. C. L. Thurgood of the Juvenile Court association, who has been assigned a general supervision of the boys in that district, to extend the invitation to the children.

Patriotic Treat for Invalids.

Special effort will be made at the various institutions to celebrate the Fourth of July in some manner which will please the inmates. At the West Penn hospital the Sunshine auxiliary to the Sunday service committee will provide a concert by the Eighteenth Regiment band from 11 o'clock until noon and from 1:30 until 2:30. There will be flags to decorate the hospital wards, while flags will wave from the windows. Small silken flags will be given the patients who will also be given a treat of ice cream. There will be songs, a short address on the Flag, especially for the benefit of the foreigners, and plants and flowers distributed. Mrs. Samuel McKee is at the head of the Sunshine auxiliary, which also includes Mrs. Thomas Mellon, Mrs. Alexander King, Mrs. A. W. Rook, Mrs. R. B. Mellon, Mrs. John R. McCune, Mrs. H. Lee Mason, Jr., Mrs. Scott Ferguson, Mrs. Robert Pitcairn, Mrs. D. C. Clemson, Mrs. Omar Scott Decker, Mrs. George Westinghouse, Mrs. David Aiken, Miss Matilda Denny, Miss Mary Bigelow, Mrs. N. F. Hart, Miss Mary Keller, Mrs. Helen Rook Carroll, Mrs. Nelson P. Reed, Mrs. Mary Rose, Mrs. J. M. Guffey, Mrs. J. N. Pew, Mrs. Harry Woods, Mrs. George Peabody, Mrs. S. Jarvis Adams, Mrs. D. C. Noble, Mrs. E. M. Bigelow and Mrs. James R. Mellon.

Handsome Donations to Juvenile Court.

The members of the Juvenile Court association went home last evening happy. Several handsome donations to the work of the association were reported at the regular monthly meeting, which was held in the Civic club's rooms. The New Era club gave a contribution of $200, partly the proceeds from the musicale given several weeks ago at the home of Mrs. J. H. Harrison, Frankstown avenue, East End. A donation of $126 was received from Mrs. Arthur B. Starr of Sewickley, the result of the bridge whist tournament given 10 days ago in the Edgeworth clubhouse, under the direction of a committee composed of Mrs. Oliver D. Thompson, Mrs. Arthur B. Starr, Mrs. Richard R. Quay and Mrs. William Thaw, Jr. A number of applications for the position of probation officer were considered, but the association decided not to suggest the appointment of any more until fall. There are now seven officers, including Mrs. Alice B. Montgomery, the chief probation officer. The association is in need of clothing for girls between eight and 14 years of age, who are brought before the court, and asks for contributions, which may be sent directed to Mrs. Alice B. Montgomery, Room 10, in the courthouse.

Spend Fourth in the Country.

A good many children have been taken from the two cities to the country for the Fourth. On Saturday the Relief club of the East End took a party of 20 children to Idlewood where the old hotel had been placed in readiness for their reception. Miss Ruth Weldon was in charge of the party which will remain in the country a couple of weeks. Yesterday 60 children from the Trinity Episcopal church kindergarten were taken to the summer home at Fairbanks by the Sewickley Fresh Air society. This was the first party taken out to the summer home this season, and the children were safely conducted there by Miss Ruth Boyer, the kindergarten teacher, and the Rev. W. F. Dawson, one of the assistant rectors of the Trinity. Hay wagons were at the Fair Oaks station, and the children piled in and were carried out to the house over a mile from the depot. The house is surrounded by 50 acres of farm land, which will be the children's playground during the next two weeks. They will then be brought back to the city and another party taken out.

FANCUILLI'S BAND WINS PLAUDITS AT LUNA PARK

Popular Pleasure Place Draws Thousands and Interesting Program Is Pleasingly Presented.

Thousands gathered at Luna park last night to enjoy the many attractions offered at that popular place of amusement. Fancuilli's band was the leading attraction, but the hundreds of other amusements were by no means neglected. Fancuilli's program was of a particularly high order.

One of the greatest gymnastic acts ever presented here is that of the Patty Brothers, who perform in the open air circus at Luna this week. Adgie and her lions, old favorites in Pittsburgh, form another pleasing entertainment in the open air. Adgie's lions know and recognize their mistress, and do all sorts of tricks at her command.

Hardy, the wire-walker, who holds the Niagara record, gave a thrilling performance. Dida, the woman evolved from nothing, is one of the new attractions to be seen on "The Trail" at Luna. The baby incubator, one of the most interesting things in connection with the park, is now completed and open to visitors.

On account of this being Independence Day the management announces that the park will be open from 9 a. m. to 12 tonight, continuous performance being given at all the various attractions.

Beggar Is Too Persistant.

Because he persisted in asking for money in the streets C. C. Campbell is at the Homeopathic hospital suffering from a fractured skull, and Edward Bartlett, aged 34, of Randolph, N. Y., is a prisoner at Central station, charged with causing Campbell's injuries. Campbell accosted Bartlett at Wood and Water streets yesterday afternoon, asked for money and was refused by Bartlett. He insisted and Bartlett struck him in the mouth. Campbell fell and his head struck the curb and he became unconscious. Policeman James Tanney arrested Bartlett. Campbell was still unconscious late last night.

CHAUTAUQUA

CHAUTAUQUA, N. Y., July 3.—(Special)—Late Saturday night the postoffice was removed from the temporary quarters on Clark avenue to the new building, the Colonnade.

This morning's lecture on "Benjamin Franklin, Colonial Diplomat," was delivered by Mr. Arthur E. Bestor of Chicago university, in the hall of philosophy. In Mr. Bestor's introductory remarks he spoke of the high principles and remarkable talents of the late secretary of state, John Hay, paying him high tribute as the man who has done most toward obtaining universal peace.

Mr. Bestor gave a concise and brief review of history leading up to need for international law, a detailed history of the negotiations which led to the treaty with France, and a brief biography of Benjamin Franklin, dwelling on his varied activities, his inventions and his brilliancy.

The first concert of the season was given this evening by the chorus and the new soloists, who are Mrs. Alice Cochran, soprano; Miss Adele Baldwin, contralto; Mr. Edward Strong, tenor and Mr. Frederic Martin, bass.

STOCKS ACTIVE AND STRONG, CLOSING AT THE TOP

Erie, Reading and the Steel Stocks Were Buoyant. Call Money Easy—Local Oil and Gas Shares Were Weak and Lower.

By JOHN O. BAGLIN, Financial Editor.

The transactions on the New York stock exchange yesterday were larger than for more than a week, approximating 870,000 shares. The tone of the market was strong from start to finish, and final prices were at or near the highest of the day. It was altogether a different market from the kind usually witnessed on the eve of a holiday, and while the dealings were generally conceded to be largely professional, it was at the same time apparent that the professionals were confident of their position.

In the developments of the day the unfavorable predominated, but news was ignored by the traders. Perhaps the most unfavorable thing was the government cotton report, which estimated the condition at 77 per cent of an average crop. This compares with 88 a year ago and with 81.2 per cent reported by private experts last week. There was some bungling in the transmission of the figures, the first report placing them at 81.2, and evidently confusing the government's figures with those of the private canvass published last week. When the official figures were published a few minutes later a panic occurred among the bears in the cotton market, and the price jumped a cent a pound in a few moments, the excitement in the market being intense.

This incident was entirely ignored by the stock market, and the shares of railroads which would be affected by a short cotton crop continued strong and closed higher. Another unfavorable development was the announcement that the Russian government had appealed to other nations to send war vessels to Odessa to restore order at that port. This news was also ignored, both in London and Wall street. In fact, London prices for American securities were all higher, English consols advanced slightly and foreigners were purchasers of 40,000 shares during the opening hour.

At the opening the strongest stocks were the Erics. All three classes of stocks advanced sharply, the common reaching 48 on heavy purchases, which were said to be for account of Vanderbilt and Pennsylvania railroad interests. Reading made a new high record by selling at 103¼ and Pennsylvania and Baltimore & Ohio closed higher. New York Central closed 2½ per cent higher. The tractions were also very strong, Brooklyn Rapid Transit advancing to 73⅜ and Metropolitan Street Railway to 130⅜.

Another buoyant section of the market was the iron and steel stocks. United States Steel common rose to 33½ and the preferred crossed 103. Foreigners were reported to be purchasers of both issues. Tennessee Coal & Iron rallied to 87½, and closed with a net gain of 3¾ per cent. Colorado Fuel & Iron closed 1⅝ per cent higher and Republic Iron & Steel common and preferred reached the highest prices on this movement. Much was heard about the excellent condition of the steel rail trade and of other finished materials and sentiment was decidedly bullish. Amalgamated Copper rallied to 83 and closed near the best. Smelting and Sugar also closed higher.

There was no session of the Chicago board of trade yesterday and there was, therefore, less attention given to crop news. This may account for the relative dullness of the stocks of the grain-carrying roads, but all of them closed higher.

Call loans were quoted at 3 per cent during the greater part of the day and closed at 2½ per cent bid, 2¾ per cent asked. All signs of Friday's flurry in the money market disappeared.

The principal activity in the local stock market was in the Steel issues, which were strong and closed higher all around. Crucible common advanced to 10¾ and the preferred to 63, sales and bid, the latter a net gain of 1½ per cent. United States Steel issues closely followed the movement in New York and closed strong. National Fire Proofing preferred was heavy, declining to 34. Pittsburgh Oil & Gas opened 1½ per cent lower at 56½ and declined to 54¾, closing with a net loss of 3¼ per cent. Manufacturers Light & Heat declined in sympathy, touching 31½ at the close. Pittsburgh Coal preferred sold to the extent of 535 shares at 63½ to 63¼, and closed at 63¼ bid. There were no transactions in the common stock, which closed at 14½ bid. Brewing stocks were dull but steady. There was very little trading in the remainder of the list and prices were steady and unchanged. Independent Brewing bonds sold ex-coupon at 105 and Pittsburgh Brewing bonds at 111.

COTTON TAKES A BOUND.

Government Report Encourages the Bulls to an Onslaught—Jumps Cent a Pound at Start.

NEW ORLEANS, July 3.—Cotton here today took another bound upwards on the reading of the government report. The reports showing condition to be 77 2-10 less than for June was extraordinarily bullish, and cotton in the active positions almost instantly rose 100 points, or 1 cent a pound. When the report was read October stood at 9.54c. The first purchases thereafter were at 10.15c, and a minute later October was bought at 10.50c. The range on October during 30 minutes after 11 o'clock was 104 points, or $5.20 a bale. Profit-taking followed, and October went down to 10.12c, but subsequently bounded back to 10.33c and reacted later to 10.26c.

The remarkable rise was maintained until the close of the day's business. July closed 95 points up at 10.46c; October 94 points up at 10.51c; January 94 points up, at 10.57c. Spot closed ⅝ point up.

NEW YORK, July 3.—Cotton—Spot closed quiet and 80 points higher. Middling uplands, 10.80c; middling gulf, 11.05c. Sales, 13,107 bales. The range of prices:

Standard Investment Bonds.

The Colonial Trust Company, No. 317 Fourth avenue, Pittsburgh, Pa., has for sale a variety of bonds yielding the purchaser from 3½ to 6 per cent, which it recommends as desirable investments. Inquire of Alexander C. Thompson, manager bond department.

FEATURES OF THE DAY

IN PITTSBURGH

Steel stocks furnished the bulk of the business on the stock exchange.

Crucible preferred advanced to and closed at 63 bid.

United States Steel preferred closed at a net gain of 1⅜ per cent.

Oil and Gas and Light and Heat were weak and lower.

Brewing issues steady, Fire Proofing lower, and Westinghouse stocks firm.

IN WALL STREET

Unexpected activity and strength developed in the stock market.

Sales foot up 862,000 shares stock and $3,405,000 bonds.

Reading common crossed 103, the highest ever quoted.

All the Erie issues and the tractions were strong and higher.

Net gains in the steel stocks ranged from 1 to 3¾ per cent.

NOTES AND COMMENT.

The New York stock market yesterday was a genuine surprise to both bulls and bears. The dealings were the largest for any day in two weeks, and prices reached the highest level recorded since the recovery set in three weeks ago. Usually on the eve of a holiday the trading is very dull and fluctuations in price narrow. When a business day occurs between two holidays, as was the case yesterday, the dullness and narrowness is ordinarily all the more pronounced. That was the kind of a market everybody was looking for yesterday, and thus again the unexpected happened. Wall street bulls expressed much confidence that when business is resumed on Wednesday morning the advance will continue. They did not "hedge" this opinion by any allowances for anything that might happen over the Fourth, either in this country or in Europe. Yesterday's news, foreign and domestic, the natural effect of which was to depress values, was entirely ignored. The possibility of a widespread revolution in Russia, which, if successful, would convulse continental markets, apparently received no more attention in Wall street than the United States government figures indicating the smallest cotton crop since 1900. There may be no convincing reasons why the holders of securities should sell on the advance, but at the same time the immediate outlook would suggest caution in buying securities at the current level of prices.

The decline in Manufacturers' Light and Heat was no doubt due to sympathy with the weakness in Pittsburgh Oil and Gas, although part of the difference in price yesterday, as compared with the last previous sale, is due to the fact that the stock was ex-dividend on Saturday, although there was no transaction in it on that date. Oil and Gas, which closed on Saturday at 58 bid, sold down yesterday to 54¾. There was no particular selling pressure, and the impression prevails that the stock will be supported around the present level.

National Fireproofing preferred was heavy, selling down to 34. There were no transactions in the common.

Pittsburgh Coal preferred declined to 63¼ and recovered to 63½ in the local market, but sold down to 63 in New York. There were no sales of the common either here or in New York.

American Window Glass preferred sold at 40, unchanged from last week. The glass trade is reported to be in better shape today than for years, unsold stocks being smaller and prices higher than at any previous time this year.

The Allemania Fire Insurance Company has declared a semi-annual dividend of 4 per cent, payable July 5.

The regular quarterly dividend of 1¼ per cent on Manufacturers' Light and Heat is payable July 20.

The Bank of Pittsburgh is mailing its customers a novel calendar, which is called the "Note Maturity Calendar." The latter is copyrighted by Alexander Dunbar, secretary of the Guarantee Title and Trust Company of Pittsburgh. It shows the actual maturity of all notes dated between July 1 and September 30, 1905, and it also furnishes a short system for finding the "days to run" upon notes for discount or purchase.

The output of Calumet and Arizona for last month was 1,365 tons copper.

In London yesterday call money declined to 1 per cent. Wall street argues that some of this cheap foreign money will be seeking investment in American securities if prices of the latter are maintained.

Gross earnings of Chicago & Alton for May increased $9,354 and net increased $26,035.

A representative of a large steel rail manufacturing concern says that so heavy is the demand for steel rails that certain railroads are offering premiums for delivery in August, September and October. As has been the case since the organization of the Rail association, manufacturers are adhering to $28 a ton for standard sections. The manufacturer mentioned said if any person had 50,000 tons of rails for sale he could easily sell them for $30 to $31 a ton. Within the last few weeks new rail orders have been coming in at the rate of about 50,000 tons a week. The export business is also brisk.

Gross earnings of Louisville & Nashville for May increased $265,667 and net earnings decreased $24,222.

A representative of the United States Steel Corporation says that the business of the American Steel and Wire Company continues brisk and that daily shipments are far in excess of deliveries at this time last year. If crops turn out as good as expected it is believed that 1905 will break all records so far as production is concerned. No change in prices in the near future is contemplated.

Regarding the future of the money market, it is recalled that there is still a call for syndicate subscriptions to be met this week to the Western Pacific bond issue. Beyond that is the call of the secretary of the treasury of government deposits on or before July 15, which will call for upward of $11,000,000 from the national banks. In London the relaxation of the money market after the turn of the half year was more prompt, as is usually the case, but the price of gold was marked up in London, sterling exchange receded at Paris and hardened in New York, thus bringing into view again the question of a further outgo of gold from New York.

STOCKS RULE STRONG AND CLOSE HIGHER

Market, However, Is Dominated Solely by Professional Clique in Forcing Process.

[By Private Wire to The Gazette.]

NEW YORK, July 4.—The Herald this (Tuesday) morning says: Without any particular change in the character of the trading, except for greater aggression on the part of the professional element, stocks ruled strong yesterday and closed higher, some special issues scoring notable gains. The movements of the day simply added further confirmation, if such were necessary, of the determination on the part of coalesced interests to force the market higher to distribute stocks.

The forcing process was, as before, confined to relatively few issues. When the pressure was relaxed the issues simply sunk into dullness and there was sympathetic influence on other issues, so far as acting was concerned, as a result of the movement which was concentrated upon a few stocks. The market was excellent for traders who scalped small profits. The investing public had little or no part in the affair.

One feature of yesterday's market was the fact that the increased activity improvement occurred in the face of some unfavorable news developments and upon the eve of a holiday, features which, in a normal market, would have had the tendency to hold dealings under repression. The market, however, did not respond to news, good, bad or indifferent, but merely moved as a result of aggressive pool and clique manipulations.

News of the day was mixed. That from Russia was still confusing, and so far as internal affairs were concerned, was not favorable, but the naming of the peace envoys offset this in part. The government report on cotton was poor, and a bear panic in the staple resulted. There was an important bonding failure in Kansas. Some railway reports of a favorable nature came to hand, and the traffic movement at Chicago was reported good.

PARDONS COUNTERFEITERS.

President Sets Free Men Whose Crime Necessitated Recall of $40,000,000 Issue of $100 Notes.

WASHINGTON, July 3.—The president has commuted the sentences of William L. Kendig and William M. Jacobs who were sentenced in 1900 to be imprisoned for 12 years in the Eastern penitentiary at Philadelphia, and to pay a fine of $5,000 for counterfeiting. The men were later transferred to the penitentiary in Atlanta. The sentences were commuted to expire immediately. The president's action was taken on the ground the sentences were excessive.

Kendig and Jacobs, in addition to putting out a vast number of fraudulent internal revenue stamps for cigars, printed a counterfeit $100 silver certificate, necessitating the recall of an entire issue of $40,000,000.

MISS SMALLEY'S VIEWS ON THE NEGRO QUESTION

NEW YORK, July 3.—(Special.)—Miss Ida Smalley, daughter of George W. Smalley, New York correspondent of the London Times, is to be stenographer to Charles W. Anderson, the negro collector of internal revenue of the second district. Speaking of her appointment, she said: "I have never had any feeling against the colored race and I feel that to discuss the matter only encourages dissension among those who do."

School Controllers Meet.

At the last regular meeting of the Allegheny board of school controllers for this season, held last night at the high school, the board ratified the action of the Seventh ward board in naming C. H. McDonnell principal of No. 1 school at a salary of $1,800, and David O. Brown principal at No. 2 school at a salary of $1,600. The two take the place of Edward P. Johnston who was defeated for reelection. Miss Bertha Kissinger was elected a teacher in the Seventh ward and George A. Smith was re-elected teacher at the truant school.

THE MONEY MARKET.

Foreign Money Market.

LONDON, July 3.—Money was abundant in the market today, and repayments to the Bank of England were easily effected. Discounts were easy in sympathy with the general tone. Trading on the stock exchange opened cheerful on the general improvement, easy money and absence of further failures, which stimulated business, counteracting the effects of the Russian crisis. Consols and home rails hardened. Americans opened firm in response to New York, and were mostly above parity. New York, Ontario & Western was the feature. Dealings were restricted in view of Independence day. Prices closed firm. Foreigners generally were steady. Russians opened weak, but rallied somewhat later. Japanese hardened. Japanese imperial 6s of 1904 were quoted at 103. Consols for money, 90¼; consols for account (August), 90 7-16. Bar silver firm, 27 1-16d per ounce. Money, 1 per cent. The rate of discount in the open market for short bills is 1 13-16; the rate of discount in the open market for three months bills is 1 13-16@1⅞ per cent.

PARIS, July 3.—Prices on the bourse today were firm throughout, rentes and Russians advancing strongly. Russian imperial 4s were quoted at 87.40 and Russian bonds of 1904 at 499.00. Three per cent rentes, 99 francs 20 centimes for the account. Exchange on London, 25 francs 14½ centimes for the checks.

BERLIN, July 3.—Prices on the boerse today were generally firm.

Public Debt Statement.

WASHINGTON, July 3.—The monthly statement of the public debt, issued today, shows that at the close of business on June 30, 1905, the debt, less cash in the treasury, amounted to $989,866,772, which is a decrease, as compared with May, of $10,489,356. The debt is recapitulated as follows: Interest-bearing debt, $895,158,340; debt on which interest has ceased since maturity, $1,370,245; debt bearing no interest, $385,828,509. Total, $1,282,357,094. This amount, however, does not include $992,157,969 in certificates, treasury notes outstanding, which are offset by an equal amount of cash on hand today, which is held for their redemption. The cash in the treasury is classified as follows: Gold, reserve, $150,000,000; trust funds, $992,157,969; general funds, $142,620,144; in national bank depositaries, $78,350,889; in Philippine treasury, $4,025,464. The total is $1,365,487,489, against which there are demand liabilities outstanding amounting to $1,072,977,116, which leaves a cash balance on hand of $293,490,323.

Banks and the Treasury.

NEW YORK, July 3.—(Special.)—In redemption of checks drawn by depositors of gold at the San Francisco and Seattle assay offices today's official records show that the sub-treasury paid out Saturday $143,306. Of this amount $14,223 had been deposited at San Francisco and $129,083 at Seattle. Total thus paid since Friday, $367,651, against $211,968 for the same period a week ago. Total payment by government to New York banks for the day, $3,658,000. Payment by banks to government, $3,765,000. Balance on the day's transactions, $106,000 paid by banks to government. Total net payment by government to banks since Friday, $59,000, against $217,000 similarly paid for the corresponding period a week ago.

Condition of the Treasury.

WASHINGTON, July 3.—Today's statement of the treasury balances in the general fund, exclusive of the $150,000,000 gold reserve in the division of redemption, shows: Available cash balance, $141,052,524; gold, $87,053,680; silver, $32,360,024; United States notes, $18,441,371; treasury notes of 1890, $37,677; national bank notes, $14,758,295; total receipts this day, $2,571,966; total receipts this month, $2,571,966; total receipts this year, $2,571,966; total expenditures this day, $5,060,000; total expenditures this month, $5,060,000; deposits in national banks, $79,513,745.

New York Money Market.

NEW YORK, July 3.—Money on call steady at 2¼@2½ per cent; closing bid, 2¼ o. f. d. at 2½ per cent. Time loans steady; 60 days and 90 days, 3 per cent; six months, 3¼@3½ per cent. Prime mercantile paper, 3¼@4¼ per cent. Sterling exchange firm, with actual business in bank, at $4.87@4.87.05 for demand and at $4.85.25@4.85.30 for 60 days' bills. Posted rates $4.86 and $4.88. Commercial bills, $4.84⅞@4.85½. Bar silver, 58⅛c. Mexican dollars, 46c. Government bonds steady; railroad bonds firm.

German Bank Statement.

SUMMER HOTEL FOR CORAOPOLIS

Company Is Being Formed to Build a $30,000 Structure and Twenty Cottages.

DOWNTOWN LEASE IS SIGNED

A movement is well under way to build a $30,000 summer hotel on Coraopolis Heights. The building will be erected by a company of local men, and will stand on a part of the old Hudson property at Woodhaven, about one mile up the road from Coraopolis station and 20 minutes' walk from the end of the street car line. The project is the outcome of a dozen or more purchases made in this neighborhood within the last 18 months by prominent Pittsburghers who are desirous of having a large and modern hotel nearby to which their friends may go for a few days' outing. The hotel proposed will contain at least 50 sleeping rooms, and will have in connection bowling alleys and large stables where city horses can be kept for months, if desired. It will be on the new macadamized road leading from Coraopolis station up to Carnot postoffice, a distance of 3.5 miles. This road is now graded and over 200 men are working on the macadamizing.

Among those who have bought farms along the road since 1903 are Attorney George Shaw, who purchased 52 acres for $8,000; George Skeiding, who bought 71 acres for $15,000, Architect Charles K. Robinson and Architect George W. Winkler and W. C. Amos, the stock broker, who bought the 10-acre plot of John K. Ewing for $6,000. These men have all made extensive improvements on their properties, and are interested in seeing a score or more of cottages built around the proposed hotel. The site for the hotel commands a fine view of the Ohio river valley for miles, and outrivals Sewickley Heights in the opinions of many people.

Waiting for Higher Values.

A. L. Richmond, Jr., has leased to T. J. and A. J. Wise the first floor and basement of the former Samuels building, at the northeast corner of Liberty avenue and Eighth street, for a term of three years. The lessees will remodel the place and fit it up as a first-class restaurant. In this connection it develops that Mr. Richmond has received three good offers for the property lately, but none of them was accepted, as he intends to hold it until the full effect of the removal of the Pennsylvania railroad tracks from the avenue is felt on property values. E. H. Myers recently received an offer of $235,000 for his property, 40x88 feet, at the northwest corner of Liberty avenue and Seventh street, where the firm of James A. McAteer & Sons is now located. Their lease expires next April, and it is said that the corner may be improved if it is not sold before.

John C. Klages has sold to Mary A. Moren a three-story brick apartment house on a lot 30x106 feet in Ivy street near Ellsworth avenue, Twentieth ward, for $20,000.

Col. Frank I. Rutledge of the Eighteenth regiment, N. G. P., has bought from D. F. Griffith three parcels of land in the Eighteenth ward for $20,000. Two of them face in front in the west side of Morningside road, and measure 100x268 feet and 71x248 feet, respectively. The third is 100x114 feet, in Jancey street. The properties are on the line of the new street car line, and were bought for an investment.

I. Kapphahn recently netted a profit of $1,280 by the sale of two lots, 25x100 feet, in Mercer street, and 17x100 feet, in Gum street, for $13,250. Both properties are improved, and were bought last March from J. M. Scully for $12,000.

Charles Miller has bought from John Wilersbacher an improved property, 20x120 feet, in the west side of South Pearl street, near Carson street, Twenty-ninth ward, for $12,000.

City Brokers Made the Deal.

It develops that George Brothers handled the purchase of the Midland Steel Company's big site at Cook's Ferry, published in The Gazette last week. The site is not only one of the most beautiful tracts down the Ohio river, but it has a certain historical interest from the fact that the author of the revolutionary novel, "The Latimers," described this property very minutely in the first chapter of the book. About 500 acres of the land lies on what is known as the first bench back from the river, and the remainder slopes back up the hill. In addition to the immense steel plant which is planned for the place, a big town site will be laid out next year.

The dedicating of Johnston avenue from Second avenue to a point 500 feet east of Mansion avenue, in the Twenty-third ward, which is nearly accomplished, will bring into market quite an amount of desirable frontage which has been held back hitherto because part of the street was not opened. The grade ordinance is now in council, and as soon as this is passed the petition for improving the street will be introduced. Originally the street was only 50 feet wide, but lately it has been made a 60-foot thoroughfare. Several houses are now being erected in the street, and T. W. McFarland has under way 10 brick houses in Mansion avenue near the end of Johnston avenue, which will cost $5,000 each.

Paid $21 a Square Foot.

The exact price which W. L. Fuher paid for the Hartman holdings, at the northwest corner of Second avenue and Ross street, was $6,940, according to the deed delivered yesterday by the brokers, Warren & Gray. This is at the rate of $21 a square foot.

Overhill street—The Aronson Realty Company has closed the sale of the Pietro Mancusco holdings at 6 and 8 Overhill street to Morris Reuben for $8,250. The lot is 40x100 feet, and has on it four brick houses.

Verona boulevard—The Enterprise Land and Improvement Company sold to George Seetrick an improved lot, 30x84 feet, in Verona boulevard, near Gopher street, Twenty-first ward, for $4,500.

Thirty-third street—Nora E. Connelly sold to James J. Booth an improved lot, 46x100 feet, on the northwest side of Thirty-third street, Thirteenth ward, for $1,800.

Chauncey street—Charles A. Fischer sold to Anna Miller 20x124 feet in Chauncey street, Thirteenth ward, for $1,500.

Eureka street—Margaret Schuck sold to F. A. Javeit an improved lot, 25x50 feet, in Eureka street, Thirty-first ward, for $2,250.

F. C. Moore of McKeesport has let a contract to Charles Wossert for 28 dwelling houses on his Thirteenth avenue and Market street property. A. K. McKee, also of McKeesport, yesterday sold to B. Meletky 110 feet on Fifth avenue, near Hazel street, for $12,000. E. P. Wampler has purchased from R. A. Hitchens a residence on Jenny Lind street for $4,800. C. Weigering reports having disposed of $250,000 worth of his property in McKeesport and Versailles township to private parties.

FALLS OVER 75 FOOT CLIFF.

Michael Riban of Rankin Seriously Injured and Friend Is Arrested.

Michael Riban of Second street, Rankin, is in Mercy hospital suffering from a fractured skull and internal injuries which it is believed will cause his death. George Yurbach, his neighbor, is being held to await Riban's injuries.

The two men are said to have engaged in an encounter on a cliff over Baltimore street, Rankin, yesterday afternoon, during which Riban is said to have been shoved over, falling 75 feet. He was picked up for dead, but a physician who was summoned detected life and the victim was removed to the hospital.

GOOD BUSINESS IN PRODUCE MARKETS

Big Demand for Eatables for the Fourth—Potatoes Are 25 Cents a Barrel Lower.

Produce merchants had a busy day yesterday looking after the wants of their Fourth of July patrons. All kinds of garden stuff was in active demand and there was a big call for the accessories of the picnic basket. Berries were in good stock and a large quantity was moved early in the day. Shipped strawberries are about out of market. Huckleberries in large baskets are down to 90 cents and $1, but there is no change in the price of pails. Raspberries are plenty in market, with an excellent sale.

Fancy potatoes dropped 25 cents a barrel, the highest quotation now being $1.75. Cabbage is off 10 to 15 cents a crate and was quoted yesterday at $1.10 and $1.25. There were few changes in the quotations for garden vegetables, as the increasing demand kept up the price.

The flour market remained firm, with receipts fair. Groceries were sold at Saturday's figures. Fair receipts were bulletined in the hay and grain markets. These markets will be closed all day today.

NEWS FROM THE MINES.

The Pittsburgh and the Junction, at Bisbee, Ariz., are both pumping away, and with no appreciable change in the volume of water, about 3,000 gallons a minute for the two. It is a notable feature of the situation that all water coming into the former is from the very bottom of the shaft, while that coming into the Junction is from the sides of the shaft and from the various drifts. Miners working in this mine stand in from eighteen inches to three feet of water all the time, and the work is seriously impeded therefrom, but they sank the main shaft nine feet last week, notwithstanding. The Junction shaft is now all in porphyry, which has pitched in from the east, seeming to cut off the ground from that side, and throwing the ore formation toward Pittsburgh ground. This shaft is now 1,065 feet deep.

The diamond drills are at work in the crosscuts of the Duluth mine, and both have been cutting ore. Neither is very deep as yet, but the ore runs from quite low to better than 15 per cent, and is up to 25 and 45 per cent sulphur and quite high in silica. These drills are working toward the Sunnyside claim of that mine, and show a large addition to the company's mineralized ground. The Congdon shaft at this mine is to be closed as soon as necessary air and water connections are made through from it to Cole shaft of the Lake Superior mine, and all work in the Duluth mine will be from the Cole shaft. This Congdon shaft is down better than 1,250 feet, and is connected with the rest of the properties by a drift reaching a winze, and from the bottom of that through a long drift to the Cole shaft. Now that connection is made through from one mine to the other and the ventilation is much improved, the various points where ore seams were cut from time to time will be attacked and exploration will be made for the purpose of discovering ore bodies. So far there has been very little of this class of work on the property, though a large amount of ore has been shown up in the drifts and winzes driven.

A vast amount of work is under way at the Oliver shaft of the Calumet mine, and new sulphide ore bodies are of frequent occurrence. At the Hoatson shaft of the Pittsburgh mine they are down 150 feet, and this week have been concreting the collar. A new double-motion hoist is going in, and sinking will be more rapid. At this shaft and the Briggs, of the same mine, the formation is a hard, dry limestone, giving no indications of mineral value, and just what is wanted to make a permanent and reliable shaft for heavy work. The Briggs is sinking at the rate of about six inches a day.

Robert Mitchell of the Mitchell mines of Sonora has decided to build a custom smelter at Naco, in the valley, seven miles from here. It will be of 250 tons capacity, and the work begins at once. It has not been stated on which side of the Mexican line the smelter will be built. Naco is a border town, with a custom house. There are no large mining operations in the vicinity, but those of Bisbee and Cananea, and these have smelters.

The property of the Pittsburgh & Hecla, which was formed by Pittsburgh (Pa.) people to explore some ground on the south side of Gold Hill, on the mesa facing Mexico, has reverted to the original owners. It has been reported that the drill holes sunk by William McCarthy of Duluth, Minn., from the bottom of the 700 foot shaft had cut ore, but this was untrue, and nothing more than a formation of a rather encouraging nature was ever developed there. It will be some time before any extensive explorations are carried out on the south side of this range of hills opening from the Bisbee gulch.

The shaft at Mountain View, a short distance up Tombstone canyon, is now down about 55 feet, and is in a streak of ore that is gradually widening and carries values to a total of about $50. This is in copper, gold and silver. The company is a concern, and is much encouraged. A car of ore is to be shipped to Douglas for reduction as soon as possible, and the company will be in position to determine its future.

The Old Dominion smelter is making copper at the rate of over 2,000,000 pounds a month, and this is far ahead of any record the mine has reached in the past. The company's payroll reaches above $100,000 per month, which is larger than ever in its history.

The Michigamme Company of Negaunee, Mich., which has been developing the Leadville property in the Pearce district for a year, has decided that there is nothing in it, and will move off at once. The company had the property on a $250,000 bond, and has spent about $25,000 in development. George Maas of Negaunee was prime mover in the enterprise.

SEVERAL GASSERS FOUND IN THE LOWER SOUTHWEST

Nothing of the Sensational Is Reported from the Oil Country These Days.

Developments in the lower southwest fields began the week without any sensational strikes. Many of the completions are in the list of gassers and for that reason cannot be classed as features.

On the Church's Fork, Church district, Wetzel county, the Fisher Oil Company's No. 1 on the L. S. Lerner farm has a show for a seven-barrel producer in the Maxon. In the Pine Grove extension, Wetzel county, the Kanawha Oil Company's No. 3 on the Catherine Kane farm has a show for a 100-barrel producer in the Gordon. In the Littleton district the Hope Natural Gas Company has in its second test on the Jolliffe Brothers' farm a fair gasser in the Gordon. In the Smithfield district the South Penn Oil Company is fishing at its No. 1 on the Elisha Morris farm; the hole has filled up 1,500 feet with fluid from the Gordon.

In the Wallace district, Harrison county, the South Penn Oil Company's test on the P. B. Moore farm is producing 10 barrels a day from the Gordon. The Wheeling Natural Gas Company's No. 1 on the R. L. Rogers farm is a light gasser in the Gordon. The South Penn Company's test on the Catherine Wetzel farm is a very light pumper.

Northeast of Mannington, Marion county, the McKeown Oil Company has drilled its No. 16 on the N. S. Beaty farm to the fourth sand and has a light gasser. In the Fairview district the Carnegie Natural Gas Company's test on the O. M. Haught farm is in the fifth sand and is a light gasser.

In the Fish Creek district, Marshall county, the Hope Gas Company has drilled its test on the Mary Chambers farm to the top of the Gordon. In the same district, Harrison county, the South Penn Oil Company has drilled its No. 1 on the Jemima Sandy farm 10 feet into the Gordon and has a very light show for oil.

On the river front, in Wood county, Dinsmore Brothers drilled their No. 7 on the T. H. Locker farm through the Macksburg sand and at a depth of 1,200 feet have a show for a light pumper. In the same district D. C. Davis has completed his No. 7 on the J. B. Henderson farm and has a show for a 25-barrel producer in the same formation at a depth of 1,150 feet.

In the Yellow Creek district, in Calhoun county, all of the wells that were producing 100 or more barrels a day have dropped below that point.

On the Ohio side, in the Big Lime district, southeast of Jerusalem, Monroe county, the new wells are coming in very light. In the Graysville district, in the same county, the Fisher Oil Company has completed its No. 12 on the Alex Harmon heirs' farm and has a show for a five-barrel pumper in the Berea grit.

In the Marietta district, Washington county, William Reeder's No. 1 on the Cynthia Mendenhall farm is holding up at 20 barrels a day. In the Corning district the Springfield Gas Company has drilled its test through all sands and found no oil or gas.

In the Legionville district, Beaver county, Pennsylvania, Snyder & Co. have drilled their test on the James Harvey farm through the 100-foot sand and have a duster.

ONE QUESTION IS NOT ANSWERED

Court Permits Director Bigelow to Ignore a Query in the Reservoir Case.

TREAT FOR GERMAN CHILDREN

Director E. M. Bigelow was on the stand yesterday in the case of Jonathan Clarke Sons Company against the city of Pittsburgh, an action on a contract for work done on the Highland reservoir. He was compelled to listen to a question which the court did not require answered. He was asked if he had ever impeded the work or interfered with it in any way for the purpose of obtaining money or a "present." Before the director could answer, however, Capt. E. Y. Breck, one of the plaintiff's counsel, hastened to explain to the court that the motives of the director had not been impugned. The court decided to let the question go unanswered.

The director denied he had ever ordered that the teams for the work should not be allowed to go up North Highland avenue, because they made such a noise that he could not sleep at nights. He said he had made the request that the teams use other streets, that could be used just as well, such as Mellon, St. Clair, etc.

Director Bigelow was asked if he had ever inspected the work, and replied that he had done so hundreds of times. Director Bigelow denied that he had ever attempted to impede the work, as was testified to by Engineer Crocker. Other witnesses examined were A. B. Shepherd, superintendent of the bureau of water; H. Orth of the Clydesdale Stone Company, and Thomas A. Coutts, a stone contractor. The hearing was adjourned until tomorrow.

Makes Many Bequests.

An estate worth $30,000, left by Karl Maser of Allegheny, goes chiefly to charity. An odd provision of the testator provides "Christmas cheer" for the children of three German towns. For this purpose the Protestant congregation of Bensbachm is left $500, in trust; that of Hollenbeck, $300, and that of Nieder Keimbach, $400. The Allegheny General, West Penn and the Homeopathic hospitals get $2,000 each; St. Peter's German Evangelical Lutheran church, $100, on condition that the graves of Maser and his wife be cared for; the Spring Hill Orphan asylum and St. Paul's Wohltatigkeits verein, the household goods, in equal parts; the Spring Hill German Lutheran church, $500; St. Paul's German Evangelical church, $500; the German Protestant Orphan asylum, West Liberty, $500; the German Lutheran Orphan asylum, Delano, Butler county, $3,000; St. Peter's German Evangelical Orphan asylum, Spring Hill, $3,000; St. John's Lutheran Home, Mars, Butler county, $3,000.

In addition to the charitable bequests $1,000 is left to Harry Maser, a nephew, and $500 to Anna Kohlman, a niece. The Allegheny General, West Penn and Homeopathic hospitals are made the residuary legatees. Attorney L. B. D. Reese represents the estate.

Gracey Pleads Guilty.

Harry Gracey, the negro burglar, who worked unhindered for several months looting houses in all parts of the county of jewelry and valuables, and who was finally captured by Policeman August Stoher, on the South Side, pleaded guilty to 13 charges of entering a building and one of carrying concealed weapons in criminal court before Judge Kennedy yesterday. Gracey was remanded for sentence on Saturday.

Detective Louis Leff, who testified against Gracey, stated to the court that less than 2 per cent of the stuff stolen by the negro had been recovered, and that he had volunteered little information that would aid in its recovery. Gracey still has a charge of highway robbery pending against him, for which he refused to enter a plea of guilty. Susie Taylor, a white girl, alleged to be his sweetheart, who has several charges of receiving stolen goods against her, will be called for trial tomorrow.

G. L. Miller was acquitted on a charge of embezzling $300 from the F. P. Ward Company. George Jones, charged with felonious assault in cutting Alfred Hardin, in Lawrenceville, June 18, entered a plea of guilty to unlawful wounding and was sentenced a year to the workhouse.

Several Smaller Cases.

Other cases were: Cornelius Gilday, pointing firearms, $20 and costs; John Welsh and Robert Brown, larceny, sent to Huntingdon reformatory; "Tony" Kersavage, larceny, six months to the workhouse; George Bookowick, larceny, 10 days to the workhouse; W. S. Piore, assault and battery, $10 and costs; Michael Raegan, assault and battery, $10 and costs; Virginia Piegg, larceny, three months to the workhouse; George Davis, larceny, sent to Huntingdon reformatory.

Superintendent of Detectives Thomas A. McQuaide, appeared before Judge McClung and was formally ordered to pay the costs in the case he brought against Harry Lacey, charging larceny. The jury acquitted Lacey and put the costs on the prosecutor. The superintendent said he had merely made the information upon information furnished.

A motion for a new trial in the case of the American Tin Plate Company against the Pittsburgh & Lake Erie railroad was argued before Judge Buffington. The case grew out of a fire at the tin plate plant, on South Fifteenth street, and it is alleged that by a train blocking the laying of hose the plant was destroyed. The tin plate company asked for $140,000 damages, but were awarded only $15,000 by the jury. The company say the damages are inadequate, and want another trial of the case.

Opinions by Judge Young.

Three opinions were handed down by Judge Young. In the suit of W. J. Jackson against the American Natural Gas Company judgment was entered, for want of sufficient affidavit of defense, in $160.37, with interest. It was an action over a gas and oil lease. The mechanic's lien was stricken off in the case of Theodore Tofink against William Schutte and others, the plaintiff having failed to give proper notice of the intention to file the lien. In another mechanic's lien case, that of Craig, Hughes and Burns against William Hildebrand, owner, with notice to F. P. Howley, an order appointing a sequestrator of rents was set aside. The order was made within five days after the judgment, and the law allows 20 days.

Giovine Caligiuro sued Salvatore Rocco for $5,000 damages, alleging slander, and had a capias issued for his arrest.

The Pittsburgh Baptist association has asked permission to amend its charter so as to permit the establishment of a church extension fund. Attorney Edwin L. Mattern is the solicitor.

The exceptions to the account of the administrator of the estate of Sabina C. Hoeveler, deceased, were sustained by Judge Miller in orphans' court. The administrator, a local trust company, had charged a 5 per cent commission on the sale of property for $12,000. The claim was set forth that extra work had been connected with the sale. Judge Miller could not find that any extra work had been performed, and reduced the commission to 2½ per cent.

Grants Permission to Repay.

In an opinion handed down by Judge Hawkins, permission was given to repay $100 which had been paid as advance money on a lot belonging to the estate of A. H. Stevenson, deceased. Through a misunderstanding, an agreement had been made to sell the lot at $1,500. An offer of $2,200 was made in court, and the opinion will permit its acceptance.

Judge Young granted charters to the St. Antony's Society of Traveskyn and the Twelfth Ward Hunting and Fishing club.

Rebecca F. Anderson filed a libel in divorce against Charles P. Anderson. She alleges he deserted her.

M. F. Hawley & Co., for use of the Union Trust Company, sued the city of Pittsburgh for $8,495.15 for the construction of a sewer in Glenfield avenue.

Executions issued: Henry C. Miller vs. William H. Philip et al., $2,310; same vs. same, $2,310; Manfred Tuther vs. Isidoro Cervone, $24.

PEARY NEEDS MORE MONEY.

Unless Patriotic Citizens Aid Him, He Cannot Make Dash to Pole Even With Pianola on Board.

NEW YORK, July 3.—(Special.)—Unless patriotic citizens come to the financial rescue of Commander Robert E. Peary, his dash to the pole will have to be postponed. The explorer has in the auxiliary schooner rigged Roosevelt the finest craft ever built for polar exploration. She is all paid for, but money is needed for food and equipment. The expedition cannot start unless at least $50,000 more is forthcoming.

Commander Peary has on board his ship a pianola, a present from a well-wisher. "But what do you think I'm going to do with that?" he inquired. "Music is all right in its place, but what we need on this trip is stuff to keep us alive."

PENNSYLVANIA BEATS ALL FAST RECORD RUNS

FORT WAYNE, IND., July 3.—The Pennsylvania railroad special covered the 81 miles between Washington, O., and Fort Wayne in 64 minutes today, beating all previous speed records on the Pennsylvania's western division. The train was 17 minutes late out of Crestline and came into Fort Wayne two minutes ahead of time, having covered the 117 miles in 113 minutes.

THE THREE RIVERS

The stage of water at Davis Island dam at 9 last night was 5.2 feet, and the river was stationary.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CINCINNATI, O., July 3.—The stage of the Ohio river at Cincinnati today at 6 p. m. was 15.1 feet and falling. Flags on the government boats, the Woodruff and the Golden Rod, which are lying at the Cincinnati wharf, were at half-mast today out of respect to the memory of Secretary of State Hay. The Pittsburgh passenger traffic for June was a record-breaker for that month, according to Capt. J. F. Ellison, of the Pittsburgh-Cincinnati line. Capt. Ellison says that all of the boats have carried about up to the government limit and freight traffic is also good. Rivermen are delighted at the way the water holds up at Pittsburgh and up-river points. The towboat, Ellis Brown, passed with a good-sized tow for Pittsburgh. The towboat Exporter, with a tow of empties, went up Sunday night. The steamer Virginia arrives at daylight tomorrow morning.

LOUISVILLE—River falling. In canal, 7 feet; on falls, 4.8; below locks, 17 feet. Clear and warm.

PEACEMAKERS' ITINERARY.

Arrangements Made for the Junket of the American Members of the Interparliamentary Congress.

Complete arrangements have been made for the tour of the American members of the interparliamentary peace conference at Brussels next month, and letters received from Dr. W. O. McDowell, special envoy, by Congressmen James F. Burke and A. J. Barchfeld of Pittsburgh outline an interesting itinerary for a distinguished party which will sail from New York on the Hamburg-American ship Noordam on August 16. Beside representatives from the United States congress will be representatives of the grand council of China, of the parliaments of Japan, Australia, New Zealand, Canada, Newfoundland, Mexico, Panama, Columbi, Venezuela, Ecuador, Peru and Chile, all of whom will travel via New York.

The party will gather in New York on August 14 and will be received by President Roosevelt, Gov. Higgins and Mayor McClellan on the following afternoon. The Asiatic members and their colleagues from Australia and South America will make a leisurely trip through the United States and will visit Pittsburgh on the way. Dr. McDowell, in his letter, expresses especial pride that the warring nations of Russia and Japan have consented to join the conference.

FAMILIES ARE AIDED.

Those Who Lost Friends in Harwick Mine Disaster Receiving Money.

According to H. C. McGraw of Cheswick, treasurer of the Harwick relief fund subscribed by the public and Andrew Carnegie for the aid of the families of the men lost in the big mine disaster in January, 1904, about $75,000 has so far been paid out to the beneficiaries. The balance, amounting to something more than $5,000, will be disbursed as rapidly as possible.

The cases of the Italian families for whom M. Scalsi, the Italian consul, was making inquiry, are being attended to now, according to Mr. McGraw. A report of the committee in charge of the fund will likely be made very soon.

Frank B. Wickersham, grand regent of Pennsylvania of the Royal Arcanum, and Past Supreme Regent J. A. Langfitt, will attend a meeting of the McKeesport council, Royal Arcanum, Thursday night, and will explain the recent rearrangement of assessment rates which has been causing a great deal of trouble in the order.

Hit by Milk Can.

Bruce Widney, ticket agent for the Pennsylvania railroad at Copeland station, was seriously hurt yesterday by being hit with a milk can. The cans were being thrown hastily from a car and one struck him in the face, breaking his nose and laying open his scalp.

PRANK PROVES SERIOUS.

Four Men Try to Frighten Boy in Boat and All Narrowly Escape Drowning.

While four men and a boy were rowing in the Monongahela river near Braddock last evening the attempts of the men to frighten the boy nearly cost all five their lives.

Mike Cravanosck, John Dovinski, Peter Sizleski, Felix Pavlik and Julius Tarbaski, the latter a boy of 13, all residents of Braddock, had gotten to a point between Union and Rankin bridges when the steamer T. J. Wood passed. The men rowed into the wake of the boat to frighten the boy, when the rowboat was upset. All managed to cling to the boat and keep afloat excepting Cravanosck, who frantically struggled in the water.

Mill workers saw the accident from the shore and rushed to the bridge with ropes, while a boat was lowered from the T. J. Wood. Cravanosck was drawn into the boat in an unconscious condition and revived only after an hour's hard work. The others were brought to shore thoroughly exhausted.

MALONEY'S DEATH BRINGS SORROW

Traffic Club Takes Action. Many Local Railroad Men Will Attend Funeral.

B. & O. IMPROVING SERVICE

Gloom hung over railroad and industrial traffic offices in Pittsburgh yesterday and also in the general office of the Rock Island and 'Frisco system because of the death of "Dan" Maloney, as he was known to everyone, the general agent of the Rock Island and 'Frisco systems in this district. On every hand were heard expressions of deep sorrow, while from everyone came tributes of high praise for one who had suited himself to every circumstance with an equanimity seldom found in a man. The Traffic club of Pittsburgh, through its board of directors, at a special meeting at the Hotel Henry yesterday took appropriate action, appointing a committee on resolutions and sending floral tributes for the club as a whole and for the board of governors, of which Mr. Maloney was a member. A handsome floral tribute has also been given by the office and field men who worked under Mr. Maloney, expressing their deep personal loss of a loved chief and a close friend. These men will attend the funeral in a body.

It is probable that more than 100 members of the Traffic club and other personal friends of Mr. Maloney will attend the funeral, which will occur at Cleveland tomorrow afternoon at 2 o'clock under the auspices of the consistory of the Valley of Cleveland, the Scottish Rite Masons of that city. Among those from Pittsburgh, outside of the railroad men, will be Capt. Samuel Scott and J. L. Shook, representing post No. 88, G. A. R., who had arranged through Mr. Maloney for their trip to Denver in a special train for the encampment. Inasmuch as many of those from Pittsburgh who will attend the funeral are out of the city for the Fourth, it has been found unnecessary to provide a special train of cars.

The resolutions committee of the Traffic club consists of General Agent J. B. Cochran of the Erie, General Agent George G. Herring of the Union Pacific, General Freight Agent W. A. Terry of the Pittsburgh & Lake Erie and the club's secretary, Commercial Freight Agent T. J. Walters of the Baltimore & Ohio. Mr. Maloney had been one of the strongest workers for the club from its inauguration three years ago. At its semimonthly meetings and at some of the larger meetings he was one of the live spirits of the occasion, delighting his associates with songs. As a traffic worker he was considered one of the most efficient in this city, and was known widely in the railroad world.

"While the Rock Island-'Frisco system has lost a good and loyal man for its interests in this district," said Col. Samuel Moody, general passenger agent of the Pennsylvania lines west, "the railroad public has lost one of its splendid fellows and the general public has lost a good American."

Traffic Club Elects Members.

At the special meeting of the board of governors of the Traffic club of Pittsburgh yesterday four traffic men were elected to membership. They are: Harry M. Corbett of Indianapolis, traveling freight agent of the Iowa Central, whose territory includes the Pittsburgh district; Albert J. Thunell, traffic manager of Heyl & Patterson, incorporated, of Pittsburgh; Thomas L. Painter, agent of the Lehigh Valley railroad of Pittsburgh, and William J. Post, auditor of the Bessemer & Lake Erie and Union railroads. W. L. Cromlish was elected a member of the board of governors as successor to H. M. Matthews, whose resignation was accepted. An appropriate expression in the direct loss of Mr. Matthews by his going to Baltimore was made by the board for the club.

B. & O. Service Appreciated.

The Baltimore & Ohio has extended its regular train service for Nos. 9 and 10 through to Cleveland instead of having a Pullman service only for those trains to that city. The fact that this service is greatly appreciated is shown in the heavy travel on the trains. It is said that the traffic over the Baltimore & Ohio on trains Nos. 5 and 6, the Royal Blue is becoming so heavy that a second section of each train will have to be run regularly. On a trip from New York to Chicago last week No. 5 had 54 through passengers.

Record-Breaking Excursions.

It is said by the ticket agents of the Pittsburgh lines that the travel on account of the special dates and long vacation for the Fourth of July is heavier for Pittsburgh than has ever been known before. At the Union station office alone the receipts have passed the $80,000 mark, which is $3,000 higher than in any previous Fourth sales. The transportation people find themselves compelled to place all available equipment in service and then there are calls for more passengers coaches.

Alton Agent Goes to Reading.

N. W. Richards has resigned as traveling freight agent of the Chicago & Alton under Commercial Agent W. S. Campbell in this territory, to become traveling freight agent of the Philadelphia & Reading and Central Railroad of New Jersey, under Commercial Freight Agent Samuel T. Schenck, succeeding C. W. Trowbridge, who has been transferred to the Lackawanna line at Philadelphia. Mr. Richards' successor for the Alton position will be named in a few days.

G. P. A's. Will Play Baseball.

Not only a unique, but an interesting, game of baseball is scheduled for Chicago next Saturday, which will doubtless call together a large number of general passenger and ticket agents and other railroad men for a day's outing. The game will be between the General Passenger and Ticket Agents association of St. Louis and the Transportation Baseball league of Chicago.

Colonel Moody's New Office.

Col. Samuel Moody, general passenger agent of the Pennsylvania lines west, has been appointed general passenger agent of the Cleveland, Akron & Columbus railway, succeeding E. A. Forr in that position. The colonel's jurisdiction now extends over all roads of the Pennsylvania lines west excepting the Vandalia railroad and the Grand Rapids & Indiana.

Railroad Notes.

Most of the railroad offices will be closed for the Fourth.

Charles Snyder, train pilot at the Union Station terminal, has returned from a vacation sojourn at Chautauqua.

President Murray and other Baltimore & Ohio officers will spend this week in an inspection of the Wheeling system.

Chief Engineer George T. Barnsley will spend the next couple of days in an inspection trip over the Wabash lines east of Toledo.

Charles F. Wolfe, traveling freight agent of the Clover Leaf at Toledo, came down to Pittsburgh to spend Sunday and the Fourth at home.

Emil Doul, commercial agent of the Illinois Central here, is making a tour of the eastern territory, having his headquarters for 10 days at Atlantic City, where his family is sojourning.

Col. J. M. Schoonmaker, vice president and general manager of the Pittsburgh & Lake Erie, left with his family last night in his private car over the Pennsylvania railroad for his summer residence at Spring Lake, N. J.

TICKET IS COMPLETED FOR WESTMORELAND

Accuses Railroad of Raising Rates.

GALLIPOLIS, O., July 3.—A suit was filed today by Prosecutor John H. Thomas and G. W. Bope, a Columbus attorney, praying for a receiver of the Ohio Central line and asking for the surrender of the charter, alleging that the railroad is in a combine with the Hocking Valley railroad for the purpose of raising freight rates.

July 13th Is the Next Date for the Pennsylvania Railroad Sixteen Day Seashore Excursion.

Rate $16.00 in coaches, or $12.00 in Pullman cars, when accompanied by usual Pullman tickets. Seats in parlor cars on morning train and berths in sleeping cars on night trains are now on sale at this company's office, 360 Fifth avenue, this city.

July Clearing Sale

THE inevitable accompaniment of a great business is the accumulation of miscellaneous quantities and small lots, then too, the strict adherence to our policy of never carrying goods over from one season to another necessitates at this season of the year a clearance and final riddance. Inspection of stocks shows the advisibility of discontinuing many lines. No store can afford to merely store merchandise—every inch is needed for quick reception and quick moving of goods. The new must replace the old. Whatever has sold too slowly, or whatever we have too much of, or whatever is left from recent big sales, are repriced on an unprecedented low basis. Every department chief is acting upon positive instructions to ignore profits and losses and think only of the volume of sales. Old merchandise will not be carried over into the succeeding season, and "price" shall not stand between the buyer and the seller. No possible combination of circumstances could conspire to make it so much of an object for us to sell—for you to buy—NOW.

July clearance waists

FROM now on until July 31st stock clearances will keep us busy reducing and selling. We don't mean to prolong this clearance sale through the summer—rather lighten the task by extra efforts to reduce stocks.
